AN ACT EXTENDING THE SUNSET ON WIRELESS 9-1-1 FUNDING FOR LESS-POPULATED COUNTIES; AMENDING SECTION 10-4-313, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 10-4-313, MCA, is amended to read:

"10-4-313. Distribution of wireless enhanced 9-1-1 account by department. (1) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account for allowable costs described in 10-4-301(1)(c)(ii) incurred by each wireless provider in each 9-1-1 jurisdiction as follows:

(a) For each fiscal year through the fiscal year ending June 30, ~~2011~~ *2015*:

(i) 84% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. The wireless provider in each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(ii) the balance of the account must be allocated evenly to the wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (1)(a)(i) and (1)(a)(ii) must be adjusted to ensure that a wireless provider does not receive

less than the amount allocated to wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state.

(b) For fiscal years beginning after June 30, ~~2011~~ *2015*, 100% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. Each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(c) If the department is unable to fully reimburse a wireless provider under subsection (1)(a) in any quarter, the department shall in the subsequent quarter pay from the allocation under subsection (1)(a) to wireless providers any unpaid balances from the previous quarter. If the amount available is insufficient to pay all previous unpaid balances, the department shall repeat the process of paying unpaid balances that remain unpaid for as many quarters as necessary until all unpaid balances are fully paid. The department shall review all invoices for appropriateness of costs claimed by the wireless provider. If the wireless provider contests the review, payment may not be made until the amount owed to the wireless provider is determined.

(d) A wireless provider shall submit an invoice for cost recovery according to the allowable costs.

(e) The department shall determine the percentage of overall subscribers, based on billing addresses, within the 9-1-1 jurisdiction for each wireless provider seeking cost recovery by dividing the wireless provider's subscribers by the total number of subscribers in that 9-1-1 jurisdiction. The percentage must be applied to the total wireless provider funds for that 9-1-1 jurisdiction, and each wireless provider shall receive distribution based on the provider's percentage. To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. The department shall recalculate distribution percentages on a quarterly basis.

(f) If the department determines that a wireless provider has submitted costs that exceed allowable costs or are not submitted in the manner prescribed in 10-4-115, the department may, after giving notice to the wireless provider, suspend or withhold payment from the wireless enhanced 9-1-1 account.

(2) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account described in 10-4-301(1)(c)(i) to each 9-1-1 jurisdiction in accordance with 10-4-311(3) as follows:

(a) for each fiscal year through the fiscal year ending June 30, ~~2011~~ *2015*:

(i) 84% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(ii) the balance of the account must be allocated evenly to the counties with 1% or less than 1% of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (2)(a)(i) and (2)(a)(ii) must be adjusted to ensure that a county does not receive less than the amount allocated to counties with 1% or less of the total population of the state; and

(b) for fiscal years beginning after June 30, ~~2011~~ *2015*, 100% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account."

CHAPTER NO. 3

[HB 21]

AN ACT CORRECTING AN ADJUSTED TAX RATE UNDER THE EXTENDED PROPERTY TAX ASSISTANCE PROGRAM FOR TAX YEAR 2014; AND AMENDING SECTION 15-6-193, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-193, MCA, is amended to read:

"15-6-193. Extended property tax assistance — phasein. (1) For the purpose of mitigating extraordinary market value increases during revaluation cycles that begin after December 31, 2008, the rate of taxation of qualified residences is adjusted in this section for properties with extraordinary increases in market value with owners that meet income requirements.

(2) An annual application on a form provided by the department is required to receive a tax rate adjustment under this section. The application must be signed under oath. A tax rate adjustment may be granted only for the current tax year and may not be granted for a previous year.

(3) A rate adjustment may not be granted for:

(a) any property that was sold or for which the ownership was changed after December 31 of the last year of the previous revaluation cycle unless the change in ownership is between husband and wife or parent and child with only nominal actual consideration or the change is pursuant to a divorce decree;

(b) the value of new construction, including remodeling, on the property occurring after December 31 of the last year of the previous revaluation cycle that is greater than 25% of the market value of the improvements; or

(c) a land use change occurring after December 31 of the last year of the previous revaluation cycle that increases the market value of the land by more than 25%.

(4) For the purposes of determining the adjustment in the class four property tax rate in this section, the following provisions apply for revaluation cycles beginning after December 31, 2008:

(a) The change in taxable value before reappraisal is the 2008 tax year value adjusted for any new construction or destruction that occurred in the 2008 tax year. The taxable value before reappraisal for the 2009 tax year and subsequent years is the same as the 2008 tax year value if no new construction, destruction, land splits, land use changes, land reclassifications, land productivity changes, improvement grade changes, or other changes are made to the property during 2008 or subsequent tax years.

(b) The percentage increase in taxable value is measured as the percentage change in taxable value before reappraisal to the taxable value after reappraisal. The taxable value before reappraisal is calculated by multiplying the value before reappraisal in 2009 times 0.66 times 0.0301. The taxable value after reappraisal is calculated by multiplying the 2009 market value after reappraisal times 0.53 times 0.0247.

(c) The dollar increase in tax liability is measured as the change in tax liability before reappraisal to the tax liability after reappraisal. The tax liability before reappraisal is calculated by multiplying the value before reappraisal in

2009 times 0.66 times 0.0301 times the tax year 2008 mill levy applied to the property. The tax liability after reappraisal is calculated by multiplying the 2009 market value after reappraisal times 0.53 times 0.0247 times the tax year 2008 mill levy applied to the property. The tax year 2008 mill levy is the total of all mills applied to the property for fiscal year 2009.

(d) Total household income is the sum of the income of all members of the household and all other persons who are owners of the property. Income, as used in this section, includes income from all sources, including net business income and otherwise tax-exempt income of all types but not including social security income paid directly to a nursing home. Net business income is gross income less ordinary expenses but before deducting depreciation or depletion allowance, or both. For an entity, as defined in subsection (8), income also includes the income of any natural person or entity that is a trustee of or controls 25% or more of the entity. A household is an association of persons who live in the same dwelling, sharing its furnishings, facilities, accommodations, and expenses. For single-family rental dwellings, total household income does not include the income of the tenant.

(e) The phase-in value is the valuation change made pursuant to 15-7-111(3) since the last reappraisal.

(5) (a) If total household income is $25,000 or less, the percentage increase in taxable value is greater than 24%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03269 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03546 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.03823 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04115 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.04374 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is 0.04648 times the value before reappraisal divided by the 2014 phase-in value.

(b) If total household income is greater than $25,000 but less than or equal to $50,000, the percentage increase in taxable value is greater than 30%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03301 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03612 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.03925 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04257 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.0456 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is 0.04873 times the value before reappraisal divided by the 2014 phase-in value.

(c) If total household income is greater than $50,000 but less than or equal to $75,000, the percentage increase in taxable value is greater than 36%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03332 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03678 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.04028 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04399 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.04739 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is ~~0.0598~~ *0.05098* times the value before reappraisal divided by the 2014 phase-in value.

(d) The adjusted tax rate computed under this subsection (5) must be rounded to the nearest 1/100 of 1%.

(6) A person who applies for a tax rate adjustment under this section shall provide the department with documentation of total household income and other information that the department considers necessary to determine the person's eligibility for the tax rate adjustment. Documents provided to the department to determine eligibility for a tax rate adjustment are subject to the confidentiality provisions in 15-30-2618.

(7) A person who applies for a tax rate adjustment and submits a false or fraudulent application for a tax rate adjustment is guilty of false swearing under 45-7-202.

(8) For the purposes of this section:

(a) "entity" means:

(i) a corporation, fiduciary, or pass-through entity, as those terms are defined in 15-30-2101; and

(ii) an association, joint-stock company, syndicate, trust or estate, or any other nonnatural person; and

(b) "qualified residence" means any class four residential dwelling in Montana that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre, as is reasonably necessary for its use as a dwelling actually occupied by itself or in combination with another class four residential dwelling in Montana for at least 7 months a year."

AN ACT ALLOWING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO LOCATE, CONTACT, AND SHARE INFORMATION WITH EXTENDED FAMILY MEMBERS UPON PLACEMENT OF CHILDREN IN OUT-OF-HOME CARE; AMENDING SECTIONS 41-3-301 AND 41-3-427, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-301, MCA, is amended to read:

"41-3-301. Emergency protective service. (1) Any child protective social worker of the department, a peace officer, or the county attorney who has reason to believe any youth is in immediate or apparent danger of harm may immediately remove the youth and place the youth in a protective facility. After ensuring that the child is safe, the department may make a request for further assistance from the law enforcement agency or take appropriate legal action. The person or agency placing the child shall notify the parents, parent, guardian, or other person having physical custody of the youth of the placement at the time the placement is made or as soon after placement as possible. Notification under this subsection must include the reason for removal, information regarding the show cause hearing, and the purpose of the show cause hearing and must advise the parents, parent, guardian, or other person having physical custody of the youth that the parents, parent, guardian, or other person may have a support person present during any in-person meeting with the social worker concerning emergency protective services.

(2) If a social worker of the department, a peace officer, or the county attorney determines in an investigation of abuse or neglect of a child that the child is in danger because of the occurrence of partner or family member assault, as provided for in 45-5-206, against an adult member of the household or that the child needs protection as a result of the occurrence of partner or family member assault against an adult member of the household, the department shall take appropriate steps for the protection of the child, which may include:

(a) making reasonable efforts to protect the child and prevent the removal of the child from the parent or guardian who is a victim of alleged partner or family member assault;

(b) making reasonable efforts to remove the person who allegedly committed the partner or family member assault from the child's residence if it is determined that the child or another family or household member is in danger of partner or family member assault; and

(c) providing services to help protect the child from being placed with or having unsupervised visitation with the person alleged to have committed partner or family member assault until the department determines that the alleged offender has met conditions considered necessary to protect the safety of the child.

(3) If the department determines that an adult member of the household is the victim of partner or family member assault, the department shall provide the adult victim with a referral to a domestic violence program.

(4) A child who has been removed from the child's home or any other place for the child's protection or care may not be placed in a jail.

(5) The department may locate and contact extended family members upon placement of a child in out-of-home care. The department may share information with extended family members for placement and case planning purposes.

~~(5)~~*(6)* If a child is removed from the child's home by the department, a child protective social worker shall submit an affidavit regarding the circumstances of the emergency removal to the county attorney and provide a copy of the affidavit to the parents or guardian, if possible, within 2 working days of the emergency removal. An abuse and neglect petition must be filed within 5 working days, excluding weekends and holidays, of the emergency removal of a child unless arrangements acceptable to the agency for the care of the child have been made by the parents or voluntary protective services are provided pursuant to 41-3-302.

~~(6)~~*(7)* Except as provided in the federal Indian Child Welfare Act, if applicable, a show cause hearing must be held within 20 days of the filing of the initial petition unless otherwise stipulated by the parties pursuant to 41-3-434.

~~(7)~~*(8)* If the department determines that a petition for immediate protection and emergency protective services must be filed to protect the safety of the child, the social worker shall interview the parents of the child to whom the petition pertains, if the parents are reasonably available, before the petition may be filed. The district court may immediately issue an order for immediate protection of the child. The district court may not order further relief until the parents, if they are reasonably available, are given the opportunity to appear before the court or have their statements, if any, presented to the court for consideration before entry of an order granting the petition.

~~(8)~~*(9)* The department shall make the necessary arrangements for the child's well-being as are required prior to the court hearing."

Section 2. Section 41-3-427, MCA, is amended to read:

"41-3-427. Petition for immediate protection and emergency protective services — order — service. (1) (a) In a case in which it appears that a child is abused or neglected or is in danger of being abused or neglected, the county attorney, the attorney general, or an attorney hired by the county may file a petition for immediate protection and emergency protective services. In implementing the policy of this section, the child's health and safety are of paramount concern.

(b) A petition for immediate protection and emergency protective services must state the specific authority requested and the facts establishing probable

cause that a child is abused or neglected or is in danger of being abused or neglected.

(c) The petition for immediate protection and emergency protective services must be supported by an affidavit signed by a representative of the department stating in detail the facts upon which the request is based. The petition or affidavit of the department must contain information regarding statements, if any, made by the parents detailing the parents' statement of the facts of the case. The parents, if available in person or by electronic means, must be given an opportunity to present evidence to the court before the court rules on the petition.

(d) The petition for immediate protection and emergency protective services must include a notice advising the parents, parent, guardian, or other person having physical custody of the youth that the parents, parent, guardian, or other person may have a support person present during any in-person meeting with a social worker concerning emergency protective services. Reasonable accommodation must be made in scheduling an in-person meeting with the social worker.

(2) The person filing the petition for immediate protection and emergency protective services has the burden of presenting evidence establishing probable cause for the issuance of an order for immediate protection of the child, except as provided by the federal Indian Child Welfare Act, if applicable. The court shall consider the parents' statements, if any, included with the petition and any accompanying affidavit or report to the court. If the court finds probable cause, the court may issue an order granting the following forms of relief, which do not constitute a court-ordered treatment plan under 41-3-443:

(a) the right of entry by a peace officer or department worker;

(b) the right to place the child in temporary medical or out-of-home care, including but not limited to care provided by a noncustodial parent, kinship or foster family, group home, or institution;

(c) the right for the department to locate, contact, and share information with any extended family members who may be considered as placement options for the child;

~~(c)~~*(d)* a requirement that the parents, guardian, or other person having physical or legal custody furnish information that the court may designate and obtain evaluations that may be necessary to determine whether a child is a youth in need of care;

~~(d)~~*(e)* a requirement that the perpetrator of the alleged child abuse or neglect be removed from the home to allow the child to remain in the home;

~~(e)~~*(f)* a requirement that the parent provide the department with the name and address of the other parent, if known, unless parental rights to the child have been terminated;

~~(f)~~*(g)* a requirement that the parent provide the department with the names and addresses of extended family members who may be considered as placement options for the child who is the subject of the proceeding; and

~~(g)~~*(h)* any other temporary disposition that may be required in the best interests of the child that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(3) An order for removal of a child from the home must include a finding that continued residence of the child with the parent is contrary to the welfare of the child or that an out-of-home placement is in the best interests of the child.

(4) The order for immediate protection of the child must require the person served to comply immediately with the terms of the order and to appear before the court issuing the order on the date specified for a show cause hearing. Upon a failure to comply or show cause, the court may hold the person in contempt or place temporary physical custody of the child with the department until further order.

(5) The petition must be served as provided in 41-3-422."

WHEREAS, if the boundaries of an elementary school district and a high school district do not coincide, then high school additional trustees may be elected from areas outside of the elementary school district boundaries to serve on the high school board of trustees along with their elementary school trustee counterparts who also serve as trustees for the high school district; and

WHEREAS, the boards of trustees of school districts may combine their governance into a single school board and merge the administration of their school districts for purposes of economy and efficiency; and

WHEREAS, a combined school board may wish to elect a high school additional trustee as its presiding officer because of that person's valuable knowledge and experience; and

WHEREAS, current state law may not allow high school additional trustees to serve as the presiding officers of combined school boards because they are not members of the elementary district school board; and

WHEREAS, an elementary school district's integrity of governance on a combined school board can be protected by restricting a presiding officer who is a high school additional trustee from voting on matters that pertain only to the elementary school district.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-3-321, MCA, is amended to read:

"20-3-321. Organization and officers. (1) The trustees of each district shall annually organize as a governing board of the district after the regular election day and after the issuance of the election certificates to the newly elected trustees, but not later than the third Saturday of May. In order to organize, the trustees of the district must be given notice of the time and place where the organization meeting will be held, and at the meeting they shall choose one of their number as the presiding officer. In addition, except for the trustees of a high school district operating a county high school, the trustees shall employ and appoint a competent person, who is not a member of the trustees, as the clerk of the district. The trustees of a high school district operating a county high school shall appoint a secretary, who must be a member of the board.

(2) The presiding officer of the trustees of any district shall serve until the next organization meeting and shall preside at all the meetings of the trustees in accordance with the customary rules of order. The presiding officer shall perform the duties prescribed by this title and any other duties that normally pertain to a presiding officer.

(3) The presiding officer of a board of trustees of an elementary district may be any trustee of the board, including an additional trustee as provided for in 20-3-352(2). If an additional trustee is chosen to serve as the presiding officer of the board of trustees of an elementary district described in 20-3-351(1)(a), the additional trustee may not vote on issues pertaining only to the elementary district."

Section 2. Section 20-3-332, MCA, is amended to read:

"20-3-332. Personal immunity of trustees. (1) When acting in their official capacity at a regular or special meeting of the board or a committee of the board, the trustees of each district are individually immune from suit for damages, as provided in 2-9-305.

(2) The trustees of each district are responsible for the proper administration and use of all money of the district in accordance with the provisions of law and this title. Failure or refusal to do so constitutes grounds for removal from office.

(3) An additional trustee, as provided for in 20-3-352(2), who is chosen as a nonvoting presiding officer of the board of trustees of an elementary district is entitled to all of the immunization, defenses, and indemnifications described in subsection (1) of this section."

Section 3. Section 20-3-351, MCA, is amended to read:

"20-3-351. Number of trustee positions in high school districts. (1) Except as provided in 20-3-352(3) and subsection (2) of this section, the trustees of a high school district must be composed of:

(a) the trustees of the elementary district in which the high school building is located or, if there is more than one elementary district in which the operating high school buildings are located, the trustees of the elementary district in which the operating high school building that was first constructed is located; and

(b) the additional trustee positions determined in accordance with 20-3-352(2).

(2) There must be seven trustee positions for each county high school.

(3) An additional trustee may be elected as the presiding officer of a high school district but may not vote on issues pertaining only to the elementary district. The additional trustee, as the presiding officer of the board, has all other powers, protections, and obligations of a presiding officer of an elementary district, including those under 2-3-203."

Section 4. Section 20-3-352, MCA, is amended to read:

"20-3-352. Request and determination of number of high school district additional trustee positions — nonvoting trustee. (1) As provided in 20-3-351(1)(b), a high school district, except a county high school district, may have additional trustee positions when the trustees of a majority of the elementary districts with territory located in the high school district, but without equitable representation on the high school district trustees under the provision of 20-3-351(1)(a), request the establishment of additional trustee positions under the provisions of subsection (2) or when the electors approve an alternative method of electing members of the board of trustees under the provisions of subsection (3).

(2) A request for additional trustee positions must be made to the county superintendent by a resolution of the trustees of each elementary district. When a resolution has been received from a majority of the elementary districts without representation on the high school district trustees, the county superintendent shall determine the number of additional trustee positions for the affected high school district in accordance with the following procedure:

(a) The taxable valuation of the elementary district that has its trustees placed on the high school trustees must be divided by the number of positions on the trustees of the elementary district to determine the taxable valuation per trustee position.

(b) The taxable valuation used for the calculation in subsection (2)(a) must be subtracted from the taxable valuation of the high school district to determine the taxable valuation of the territory of the high school district without representation on the high school district trustees.

(c) The taxable valuation determined in subsection (2)(b) must be divided by the taxable valuation per trustee position calculated in subsection (2)(a). The resulting quotient must be rounded off to the nearest whole number, except that when the quotient is less than 0.5, at least one nonvoting trustee position must be established for the territory without representation on the high school district board of trustees under the provision of 20-3-351(1)(a).

(d) Except for a nonvoting trustee position, the number determined in subsection (2)(c) must be the number of additional trustee positions, except that the number of additional trustee positions may not exceed four in a first- or second-class high school district or two in a third-class high school district except when two-thirds or more of the high school enrollment of the high school district and two-thirds or more of the taxable valuation of the high school district are located outside of the elementary district that has its trustees placed on the high school district trustees. When this situation exists, three additional trustees must be elected from the elementary school districts in which the high school is not located and one additional trustee must be elected at large in the high school district.

(e) An additional trustee may serve as the presiding officer of the board of trustees of an elementary district in accordance with 20-3-321(3).

(3) (a) If more than half of the electors of the high school district reside outside the territory of the elementary school district in which the high school

district buildings are located, at least 10% of the electors of the high school district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent, requesting an election to consider a proposition on the question of establishing one of the following alternative methods of electing the members of the high school district board of trustees:

(i) one trustee must be elected from each elementary school district with territory included in the high school district and two or three trustees must be elected at large in the high school district, whichever number results in an odd number of members on the board of trustees; or

(ii) the county superintendent shall establish four trustee nominating districts within the high school district but outside the territory of the elementary school district in which the high school buildings are located. One trustee must be elected from each trustee nominating district and three trustees must be elected from the elementary district in which the high school buildings are located, for a total of seven trustees on the high school district board of trustees. Trustees elected from the elementary district in which the high school buildings are located shall serve on both the high school district board of trustees and on the elementary school district board of trustees.

(b) (i) When the county superintendent receives a valid petition, the county superintendent shall order the trustees of the high school district to conduct an election on the next regular school election day on the proposition allowed under the provisions of subsection (3)(a).

(ii) If the electors of the district approve a proposition to establish the alternative method of electing the high school district board of trustees, the county superintendent shall order that the members of the board of trustees be elected according to subsection (3)(a) at the next regular school election.

(c) Whenever the trustees are elected at one regular election under subsection (3)(b), the members who are elected shall draw by lot to determine their terms of office. The terms of office by trustee position must be divided as equally as practicable among 1-, 2-, and 3-year terms.

(d) A petition to call an election for the purposes of subsection (3) may not be submitted to the county superintendent more than one time in each 5-year period."

To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. "69-3-2004. Renewable resource standard — administrative penalty — waiver. (1) Except as provided in 69-3-2007 and subsections (11) and (12) of this section, a graduated renewable energy standard is established for public utilities and competitive electricity suppliers as provided in subsections (2) through (4) of this section.

(2) In each compliance year beginning January 1, 2008, through December 31, 2009, each public utility and competitive electricity supplier shall procure a minimum of 5% of its retail sales of electrical energy in Montana from eligible renewable resources.

(3) (a) In each compliance year beginning January 1, 2010, through December 31, 2014, each public utility and competitive electricity supplier shall procure a minimum of 10% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) Beginning January 1, 2012, as part of their compliance with subsection (3)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 50 megawatts in nameplate capacity.

(c) Public utilities shall proportionately allocate the purchase required under subsection (3)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2011.

(4) (a) In the compliance year beginning January 1, 2015, and in each succeeding compliance year, each public utility and competitive electricity supplier shall procure a minimum of 15% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) (i) As part of their compliance with subsection (4)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 75 megawatts in nameplate capacity.

(ii) In meeting the standard in subsection (4)(b)(i), a public utility may include purchases made under subsection (3)(b).

(c) Public utilities shall proportionately allocate the purchase required under subsection (4)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2014.

(5) (a) In complying with the standards required under subsections (2) through (4), a public utility or competitive electricity supplier shall, for any given compliance year, calculate its procurement requirement based on the public utility's or competitive electricity supplier's previous year's sales of electrical energy to retail customers in Montana.

(b) The ~~standard~~ *standards* in subsections (2) through (4) must be calculated on a delivered-energy basis after accounting for any line losses.

(6) A public utility or competitive electricity supplier has until 3 months following the end of each compliance year to purchase renewable energy credits for that compliance year.

(7) (a) In order to meet the ~~standard~~ *standards* established in subsections (2) through (4), a public utility or competitive electricity supplier may only use:

(i) electricity from an eligible renewable resource in which the associated renewable energy credits have not been sold separately;

(ii) renewable energy credits created by an eligible renewable resource purchased separately from the associated electricity; or

(iii) any combination of subsections (7)(a)(i) and (7)(a)(ii).

(b) A public utility or competitive electricity supplier may not resell renewable energy credits and count those sold credits against the public utility's or the competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

(c) Renewable energy credits sold through a voluntary service such as the one provided for in 69-8-210(2) may not be applied against a public utility's or competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

The carryforward may not be double-counted.

(10) Except as provided in subsections (11) and (12), if a public utility or competitive electricity supplier is unable to meet the standards established in subsections (2) through (4) in any compliance year, that public utility or competitive electricity supplier shall pay an administrative penalty, assessed by the commission, of $10 for each megawatt hour of renewable energy credits that the public utility or competitive electricity supplier failed to procure. A public utility may not recover this penalty in electricity rates. Money generated from these penalties must be deposited in the universal low-income energy assistance fund established in ~~69-8-412(1)(a)~~ *69-8-412(1)(b)*.

(11) A public utility or competitive electricity supplier may petition the commission for a short-term waiver from full compliance with the standards in

subsections (2) through (4) and the penalties levied under subsection (10). The petition must demonstrate that the:

(a) public utility or competitive electricity supplier has undertaken all reasonable steps to procure renewable energy credits under long-term contract, but full compliance cannot be achieved either because renewable energy credits cannot be procured or for other legitimate reasons that are outside the control of the public utility or competitive electricity supplier; or

(b) integration of additional eligible renewable resources into the electrical grid will clearly and demonstrably jeopardize the reliability of the electrical system and that the public utility or competitive electricity supplier has undertaken all reasonable steps to mitigate the reliability concerns.

(12) (a) Retail sales made by a competitive electricity supplier according to prices, terms, and conditions of a written contract executed prior to April 25, 2007, are exempt from the standards in subsections (2) through (4).

(2) If a defendant has become a subtenant of the premises in controversy after the service of the notice provided for by 70-27-108(2) upon the tenant of the premises, the fact that the notice was not served on each subtenant does not constitute a defense to the action.

(3) If a married person is a tenant or subtenant, failure to join the person's spouse does not constitute a defense. However, if the spouse is not joined, an execution issued upon a personal judgment against the tenant or subtenant may be enforced only against property on the premises at the commencement of the action or against property that is owned solely by the tenant or subtenant and not by the tenant's or subtenant's spouse.

(c) adopt and enforce rules and orders to implement this chapter.

(3) The board shall determine and prescribe which producing wells are defined as "stripper wells" and which wells are defined as "wildcat wells" and make orders that in its judgment are required to protect those wells and provide that stripper wells may be produced to capacity if that is considered necessary in the interest of conservation.

(4) With respect to any pool with gas being produced by a gas well on or prior to April 1, 1953, this chapter does not authorize the board to limit or restrain the rate, daily or otherwise, of production of gas from that pool by any existing well or a well drilled after that date and producing from that pool to less than the rate at which the well can be produced without adversely affecting the quantity of gas ultimately recoverable by the well.

(5) Subject to subsection (8), the board has exclusive jurisdiction over carbon dioxide injection wells, geologic storage reservoirs, all class II injection wells, and all pits and ponds in relation to those injection wells. The board may:

(a) issue, suspend, revoke, modify, or deny permits to operate carbon dioxide injection wells and class II injection wells, consistent with rules made by it and pursuant to 82-11-123. If a permit for a carbon dioxide injection well is revoked, an operator may not seek a refund of application or permitting fees or fees paid pursuant to 82-11-181 or 82-11-184(2)(b).

(b) examine plans and other information needed to determine whether a permit should be issued or require changes in plans as a condition to the issuance of a permit;

(c) clearly specify in a permit any limitations imposed as to the volume and characteristics of the fluids to be injected and the operation of the well;

(d) authorize its staff to enter upon any public or private property at reasonable times to:

(i) investigate conditions relating to violations of permit conditions;

(ii) have access to and copy records required under this chapter;

(iii) inspect monitoring equipment or methods; and

(iv) sample fluids that the operator or geologic storage operator is required to sample; and

(e) adopt standards for the design, construction, testing, and operation of carbon dioxide injection wells and class II injection wells.

(6) The board shall determine, for the purposes of using the oil and gas production damage mitigation account established in 82-11-161 or the geologic storage reservoir program account established in ~~85-11-181~~ *82-11-181*:

(a) when the person responsible for an abandoned well, sump, or hole cannot be identified or located~~,~~ or*,* if the person is identified or located, when the person does not have sufficient financial resources to properly plug the well, sump, or hole; or

(b) when a previously abandoned well, sump, or hole is the cause of potential environmental problems and a responsible party cannot be identified or located or, if a responsible party can be identified and located, *when* the person does not have sufficient financial resources to correct the problems.

(7) The board may take measures to demonstrate to the general public the importance of the state's oil and gas exploration and production industry, to encourage and promote the wise and efficient use of energy, to promote environmentally sound exploration and production methods and technologies, to develop the state's oil and gas resources, and to support research and educational activities concerning the oil and natural gas exploration and production industry. The board may:

(a) make grants or loans and provide other forms of financial assistance as necessary or appropriate from available funds to qualified persons for research, development, marketing, educational projects, and processes or activities directly related to the state's oil and gas exploration and production industry;

(b) enter into contracts or agreements to carry out the purposes of this subsection (7), including the authority to contract for the administration of an oil and gas research, development, marketing, and educational program;

(e) accept donations, grants, contributions, and gifts from any public or private source for deposit in the oil and gas education and research account established in 82-11-110;

(f) distribute funds from the oil and gas education and research account to carry out the provisions of this subsection (7); and

(g) make orders and rules to implement the provisions of this subsection (7).

(8) (a) Before holding a hearing on a proposed permit for a carbon dioxide injection well, the board shall solicit, document, consider, and address comments from the department of environmental quality on the proposal.

(b) Notwithstanding *the provisions of* subsection (8)(a), the board makes the final decision on issuance of a permit.

(9) Solely for the purposes of administering carbon dioxide injection wells under this part, carbon dioxide within a geologic storage reservoir is not a pollutant, a nuisance, or a hazardous or deleterious substance."

Section 42. Section 85-2-436, MCA, is amended to read:

"85-2-436. Instream flow to protect, maintain, or enhance streamflows to benefit fishery resource — change in appropriation rights by department of fish, wildlife, and parks until June 30, 2019. (1) The department of fish, wildlife, and parks may change an appropriation right, which it either holds in fee simple or leases, to an instream flow purpose of use and a defined place of use to protect, maintain, or enhance streamflows to benefit the fishery resource.

(2) The change in purpose of use or place of use must meet all the criteria and process of 85-2-307 through 85-2-309, 85-2-401, and 85-2-402 and the additional criteria and process in subsection (3) of this section to protect the rights of other appropriators from adverse impacts.

(3) (a) The department of fish, wildlife, and parks, with the consent of the commission, may lease existing rights for the purpose of protecting, maintaining, or enhancing streamflows to benefit the fishery resource.

(b) Upon receipt of a correct and complete application for a change in purpose of use or place of use from the department of fish, wildlife, and parks, the department shall publish notice of the application as provided in 85-2-307. Parties who believe that they may be adversely affected by the proposed change in appropriation right may file an objection as provided in 85-2-308. A change in appropriation right may not be approved until all objections are resolved. After resolving all objections filed under 85-2-308, the department shall authorize a change of an existing appropriation right for the purpose of protecting, maintaining, or enhancing streamflows to benefit the fishery resource if the applicant submits a correct and complete application and meets the requirements of 85-2-402.

(c) The application for a change in appropriation right authorization must include specific information on the length and location of the stream reach in which the streamflow is to be protected, maintained, or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(d) The maximum quantity of water that may be changed to instream flow is the amount historically diverted. However, only the amount historically consumed, or a smaller amount if specified by the department in the change in appropriation right authorization, may be used to protect, maintain, or enhance streamflows below the point of diversion that existed prior to the change in appropriation right.

(e) A lease for instream flow purposes may be entered for a term of up to 10 years, except that a lease of water made available from the development of a water conservation or storage project may be for a term equal to the expected life of the project but not more than 30 years. All leases may be renewed an indefinite number of times but not for more than 10 years for each term. Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease and shall allow 90 days for submission of new evidence of adverse effects to other water rights. A change in appropriation right authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection (3)(i) submits evidence of adverse effects to the appropriator's rights that has not been considered previously. If new evidence is submitted, a change in appropriation right authorization must be obtained according to the requirements of 85-2-402.

(f) The department may modify or revoke the change in appropriation right authorization up to 10 years after it is approved if an appropriator other than an appropriator described in subsection (3)(i) submits new evidence not available

at the time the change in appropriation right was approved that proves by a preponderance of evidence that the appropriator's water right is adversely affected.

(g) The priority of appropriation for a lease or change in appropriation right under this section is the same as the priority of appropriation of the right that is changed to an instream flow purpose.

(h) Neither a change in appropriation right nor any other authorization is required for the reversion of a leased appropriation right to the lessor's previous use.

(i) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a change in appropriation right authorization under this section may not object to the exercise of the changed water right according to its terms or the reversion of a leased appropriation right to the lessor according to the lessor's previous use.

(j) The department of fish, wildlife, and parks shall pay all costs associated with installing devices or providing personnel to measure streamflows according to the measuring plan required under this section.

(4) (a) The department of fish, wildlife, and parks shall complete and submit to the department, commission, and environmental quality council a biennial progress report by December 1 of odd-numbered years. This report must include a summary of all appropriation rights changed to an instream flow purpose in the last 2 years.

(b) For each change in appropriation right to an instream flow purpose, the report must include a copy of the change authorization issued by the department and must address:

(i) the length of the stream reach and how it is determined;

(ii) critical streamflow or volume needed to protect, maintain, or enhance streamflow to benefit the fishery resource;

(iii) the amount of water available for instream flow as a result of the change in appropriation right;

(iv) contractual parameters, conditions, and other steps taken to ensure that each change in appropriation right does not harm other appropriators, particularly if the stream is one that experiences natural dewatering; and

(v) methods used to monitor use of water under each change in appropriation right.

(5) This section does not create the right for a person to bring suit to compel the renewal of a lease that has expired.

(6) (a) From May 8, 2007, through June 30, 2019, the department of fish, wildlife, and parks may change, pursuant to this section, the appropriation rights that it holds in fee simple to instream flow purposes on no more than 12 stream reaches.

(b) After June 30, 2019, the department *of fish, wildlife, and parks* may not change the appropriation rights that it holds in fee simple to instream flow purposes on any stream reaches.

(7) After June 30, 2019, the department *of fish, wildlife, and parks* may not enter into any new lease agreements pursuant to this section or renew any leases that expire after that date."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-421, MCA, is amended to read:

"20-9-421. Election to authorize the issuance of school district bonds and the methods of introduction. A school district ~~shall~~ *may* not issue bonds for any purpose other than that provided in 15-1-402*,* ~~and~~ 20-9-412*, and 20-9-471* unless the issuance of bonds has been authorized by the qualified electors of the school district at an election called for the purpose of considering a proposition to issue ~~such~~ *the* bonds. A school district bond election ~~shall~~ *must* be called by a resolution as prescribed under the provisions of 20-20-201 when:

(1) the trustees, of their own volition, adopt a resolution to that effect; or

(2) the trustees have received a petition ~~which~~ *that* asks ~~that~~ *for* an election *to* be held to consider a bond proposition and ~~which~~ *that* has been validated under the provisions of 20-9-425."

Section 2. Section 20-9-471, MCA, is amended to read:

"20-9-471. Issuance of obligations — authorization — conditions. (1) The trustees of a school district may, without a vote of the electors of the district, issue and sell to the board of investments obligations for the purpose of financing all or a portion of:

(3) At the time of issuing the obligation, there must exist an amount in the budget for the current fiscal year available and sufficient to make the debt service payment on the obligation coming due in the current year. The budget for each following year in which any portion of the principal of and interest on the obligation is due must provide for payment of that principal and interest.

(4) Except as provided in 20-9-502 and 20-9-503, the proceeds of the obligation may not be used to acquire real property or construct a facility unless:

(a) the acquisition or construction project does not constitute more than 20% of the square footage of the existing real property improvements made to a facility containing classrooms;

(b) the 20% square footage limitation may not be exceeded within any 5-year period; and

(c) the electors of the district approve a proposition authorizing the trustees to apply for funds through the board of investments for the construction project. The proposition must be approved at a special or regular election in accordance with all of the requirements of 20-9-428, except that the proposition is considered to have passed if a majority of the qualified electors voting approve the proposition.

(5) The school district may not submit for a vote of the electors of the district a proposition to impose a levy to pay the principal or any interest on an obligation that is payable from the conservation-related cost savings under energy performance contracts as defined in 90-4-1102.

(6) The obligation must state clearly on its face that the obligation is not secured by a pledge of the school district's taxing power but is payable from amounts in its general fund or other legally available funds.

~~(5)~~*(7)* An obligation issued is payable from any legally available fund of the district and constitutes a general obligation of the district.

~~(6)~~*(8)* The obligation may bear interest at a fixed or variable rate and may be sold to the board of investments at par, at a discount, or with a premium and upon any other terms and conditions that the trustees determine to be in the best interests of the district.

~~(7)~~*(9)* The principal amount of the obligation, when added to the outstanding bonded indebtedness of the district, may not exceed the debt limitation established in 20-9-406."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-10-201, MCA, is amended to read:

"33-10-201. Short title, purpose, ~~scope,~~ and construction. (1) This part may be cited as the "Montana Life and Health Insurance Guaranty Association Act".

(2) The purpose of this part is to protect policyowners, insureds, beneficiaries, annuitants, payees, and assignees of life insurance policies, health insurance policies, annuity contracts, and supplemental contracts, subject to certain limitations, against failure in the performance of contractual obligations due to the impairment or insolvency of the insurer issuing the policies or contracts.

(3) To provide this protection:

(a) an association of insurers is created to enable the guaranty of payment of benefits and of continuation of coverages;

(b) members of the association are subject to assessment to provide funds to carry out the purpose of this part; and

(c) the association is authorized to assist the commissioner, in the prescribed manner, in the detection and prevention of insurer impairments or insolvencies.

~~(4) This part applies to direct, nongroup life, health, and annuity policies and contracts and their supplemental contracts, to certificates under direct group policies and contracts, and to unallocated annuity contracts issued by member insurers, except as limited by this part. Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, lottery annuities issued in connection with government lotteries, and any immediate or deferred annuity contracts.~~

~~(5) This part provides coverage for policies and contracts specified in subsection (4):~~

~~(a) to persons who are owners of or certificate holders under covered policies or contracts, other than unallocated annuity contracts and structured settlement annuities that are provided for in subsections (6) and (7), if the persons:~~

~~(i) are residents; or~~

~~(ii) are not residents, but only under all of the following conditions:~~

~~(A) the insurers that issued the policies are domiciled in this state;~~

~~(B) the insurers have not held a license or certificate of authority in the state in which the persons reside;~~

~~(C) the state has an association similar to the association created under this part; and~~

~~(D) the persons are not eligible for coverage by that association; and~~

~~(b) to persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees of the persons covered under subsection (5)(a).~~

~~(6) With respect to unallocated annuity contracts, this part provides coverage to:~~

~~(a) persons who are the owners of unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; and~~

~~(b) persons who are owners of unallocated annuity contracts issued in connection with government lotteries if the owners are residents.~~

~~(7) (a) With respect to structured settlement annuities, this part provides coverage to a person who is:~~

~~(i) a payee under a structured settlement annuity;~~

~~(ii) a beneficiary of a payee if the payee is deceased; or~~

~~(iii) a resident payee, regardless of where the contract owner resides.~~

~~(b) This part also applies to a payee of a structured settlement annuity contract who is not a resident if:~~

~~or the state in which the contract owner resides has an association similar to the association created by this part; and~~

~~(ii) the payee, beneficiary, or contract owner is not eligible for coverage by the association in the state in which the payee or contract owner resides.~~

~~(8) This part does not provide coverage to:~~

~~(a) a person who is a payee or a beneficiary of a contract owner who is the resident of another state if the payee or beneficiary is afforded any coverage by the association of another state; or~~

~~(b) a person described in subsection (5) if the person is afforded any coverage by the association of another state.~~

~~(9) (a) This part is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this part is provided coverage under the laws of any other state, the person may not be provided coverage under this part.~~

~~(b) In determining the application of this subsection (9) to situations in which a person, such as an owner, payee, beneficiary, or assignee, could be covered by the associations of more than one state, this part must be construed in conjunction with other state laws to result in coverage by only one association.~~

~~(10) This part does not provide coverage for:~~

~~(a) policies or contracts or any part of the policies or contracts not guaranteed by the member insurer or under which the risk is borne by the policyowner;~~

~~(b) a policy or contract or part of the policy or contract assumed by the impaired member insurer under a contract of reinsurance, other than reinsurance for which assumption certificates have been issued;~~

~~(c) any portion of a policy or contract to the extent that the rate of interest on which it is based or the interest rate, crediting rate, or similar factor determined by the use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:~~

~~(ii) on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting 3 percentage points from Moody's corporate bond yield average as is most recently available;~~

~~(d) any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees, members, or others to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:~~

~~(i) a multiple employer welfare arrangement, as defined in section 514 of the Employee Retirement Income Security Act of 1974, as amended;~~

~~(ii) a minimum premium group insurance plan;~~

~~(iii) a stop-loss group insurance plan; or~~

~~(iv) an administrative services only contract;~~

~~(e) any portion of a policy or contract to the extent that it provides dividends, experience rating credits, or voting rights or provides that any fees or allowances be paid to any person, including the policyowner or contract owner, in connection with the service to or administration of the policy or contract;~~

~~(f) any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state;~~

~~(g) any unallocated annuity contract issued to or in connection with an employee benefit plan that is protected under the federal pension benefit guaranty corporation regardless of whether the federal pension benefit guaranty corporation is liable to make any payments with respect to the employee benefit plan;~~

~~(h) any portion of any unallocated annuity contract that is not issued to or in connection with a specific employee, union, or association of natural persons benefit plan or a government lottery;~~

~~(iv) extracontractual claims; or~~

~~(v) a claim for penalties or consequential or incidental damages;~~

~~(j) a contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee, which in each case is not an affiliate of the member insurer; or~~

~~(k) a portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policyowner's or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this part. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this section, the interest or changes in value determined by using the procedures defined in the policy or contract must be credited as if the contractual date of crediting interest or changes in value was the date of impairment or insolvency and the interest or changes in value are not subject to forfeiture.~~

~~(11)~~*(4)* This part must be liberally construed to effect the purpose under subsections (2) and (3), which constitute an aid and guide to interpretation.

~~(12)~~*(5)* This part may not be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability."

Section 3. Section 33-10-205, MCA, is amended to read:

"33-10-205. ~~General powers~~ *Powers and duties* of association — ~~standing~~. *(1) If a member insurer is an impaired insurer, the association, in its discretion and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer and that are approved by the commissioner, may:*

(a) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer; and

(b) provide any money, pledges, loans, notes, guarantees, or other means to effectuate this section and ensure payment of the contractual obligations of the impaired insurer pending action under this section.

(2) If a member insurer is an insolvent insurer, the association, in its discretion, shall do one or more of the following:

(a) (i) guarantee, assume, or reinsure the policies or contracts of the insolvent insurer or cause the policies or contracts to be guaranteed, assumed, or reinsured or ensure payment of the contractual obligations of the insolvent insurer; and

(ii) provide money, pledges, loans, notes, guarantees, or other means reasonably necessary to discharge the association's duties;

(b) provide coverage and benefits with respect to a covered policy or contract for life or health insurance or annuities by:

(i) ensuring, for payment of identical premiums, payment of identical benefits, except for terms of conversion and renewability, that would have been payable under the policies or contracts of the insolvent insurer for claims incurred:

(A) for group policies or contracts by not later than the earlier of the next renewal date, as specified in the policy or contract, or 45 days; or

(B) for nongroup policies, contracts, or annuities by the earlier of the next renewal date, if any, as specified in the policy or contract, or 1 year;

(ii) ensuring payment under subsection (2)(b)(i) not less than 30 days from the date on which the association becomes obligated with respect to the policies or contracts;

(iii) making diligent efforts to provide all known insureds and annuitants for nongroup policies and contracts or group policyowners with respect to group policies 30 days' notice of termination; and

(iv) (A) making available substitute coverage on an individual basis, with respect to nongroup life and health insurance policies and annuities covered by the association, to each known insured or annuitant or owner if other than the insured or annuitant and to an individual formerly insured or formerly an annuitant under a group policy if that individual is not eligible for replacement group coverage. This subsection (2)(b)(iv)(A) must be applied in accordance with the provisions of subsection (2)(b)(iv)(B), as applicable, if the insureds or annuitants had a right under law or if the terminated policy or annuity contained provisions to convert coverage to individual coverage or to continue an

individual policy or annuity in force until a specified age or a specified time, during which the insurer had no right to unilaterally make changes in any provision of the policy or annuity or had a right only to make changes in premium by class.

(B) providing the substitute coverage required under subsection (2)(b)(iv)(A) either by issuing an alternative policy as provided in subsection (2)(b)(iv)(C) or reissuing the terminated coverage, as provided in subsection (2)(b)(iv)(D). Any reissued or alternative policy must be offered without requiring evidence of insurability and may not require a waiting period or exclusion that would not have applied under the terminated policy. The association may reinsure any reissued or alternative policy.

(C) submitting alternative policies adopted by the association to the commissioner or the receivership court for approval. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency. Alternative policies must contain at least the minimum statutory provisions required in this state and provide benefits that are not unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates adopted by the association. The premium must reflect the amount of insurance to be provided and the age and class of risk of each insured. The premium may not reflect any changes in the health of the insured after the original policy was last underwritten. Alternative policies issued by the association must provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(D) setting a premium at a premium different from that charged under the terminated policy if the association elects to reissue terminated coverage. The association shall set the premium in accordance with the amount of insurance provided and the age and class of risk. The premium is subject to approval by the commissioner. A premium may also be set by a court of competent jurisdiction.

(c) cease any of its obligations with respect to coverage under any policy or contract of the impaired or insolvent insurer or under any reissued or alternative policy on the date the coverage or policy is replaced by another similar policy by the policyowner, the insured, or the association; or

(d) ensure the payment or crediting of a rate of interest consistent with 33-10-224(2)(b)(iii) when proceeding under this section with respect to a policy or contract carrying guaranteed minimum interest rates.

(3) Except for claims incurred or any net cash surrender value that may be due in accordance with the provisions of this part, the association's obligation under the policy or contract terminates within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage for nonpayment of premiums.

(4) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer belong to and are payable at the direction of the association. The association is liable only for unearned premiums due to policyowners or contract owners arising after the entry of the order of liquidation.

(5) If the association fails to act within a reasonable period of time, the commissioner has the powers and duties of the association under this part with respect to a domestic, foreign, or alien insolvent insurer.

(6) In carrying out its duties under subsections (1) through (4), the association may, subject to approval by a court of competent jurisdiction, impose:

(a) permanent policy or contract liens in connection with a guarantee, assumption, or reinsurance agreement if the association finds that:

(i) the amounts that can be assessed under this part are less than the amounts needed to ensure full and prompt performance of the association's duties under this part; or

(ii) the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of permanent policy or contract liens to be in the public interest; or

(b) (i) temporary moratoriums or liens on payments of cash values and policy loans or any other right to withdraw funds held in conjunction with policies or contracts. This subsection (6)(b)(i) also allows temporary moratoriums or liens on any contractual provisions for deferral of cash or policy loan value.

(ii) If the receivership court imposes a temporary moratorium or moratorium charge on payment of cash values or policy loans or on any other right to withdraw funds held in conjunction with policies or contracts, out of the assets of the impaired or insolvent insurer, the association may defer the payment of cash values, policy loans, or other rights for the period of the moratorium or moratorium charge imposed by the receivership court. This subsection (6)(b)(ii) does not apply to claims covered by the association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court.

(7) The association is not liable under this part for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides protection by statute or regulation for residents of this state if that protection is substantially similar to that provided by this part for residents of other states.

(8) In carrying out its duties under this section, the association may, subject to the approval of the receivership court, issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed for calculating returns or changes in value. The alternative policy or contract issued under this subsection (8):

(a) must provide in lieu of the index or other external reference in the original policy or contract:

(i) a fixed interest rate;

(ii) payment of dividends within minimum guarantees; or

(iii) a different method for calculating interest or changes in value;

(b) may not contain a requirement for evidence of insurability, a waiting period, or other exclusion that would not have applied under the replaced policy or contract; and

(c) must be substantially similar to the replaced policy or contract in all other material terms.

~~(1)~~*(9)* In addition to other rights provided by law, the association may:

(a) enter into contracts that are necessary or proper to carry out the provisions and purposes of this part;

(b) sue or be sued, including taking any legal actions necessary or proper ~~for recovery~~ *to recover* ~~of~~ any unpaid assessments ~~under 33-10-228~~ and to settle claims or potential claims against it;

(c) borrow money to effect the purposes of this part. Any notes or other evidence of indebtedness of the association not in default must be legal investments for domestic insurers and may be carried as admitted assets.

(d) employ or retain persons who are necessary to handle the financial transactions of the association and to perform other functions that become necessary or proper under this part;

(e) negotiate and contract with any liquidator, rehabilitator, supervisor, or ancillary receiver to carry out the powers and duties of the association;

(f) take legal action that may be necessary *or appropriate* to avoid *or recover* payment of improper claims;

(g) exercise, for the purposes of this part and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but the association may not ~~in any case~~ issue insurance policies or annuity contracts other than those issued to perform ~~the contractual~~ *its* obligations ~~of the impaired or insolvent insurer~~ *under this part*;

(h) organize itself as a corporation or in any other legal form permitted by the laws of the state;

~~(h)~~*(i)* request information from a person seeking coverage from the association in order to aid the association in determining its obligations under this part with respect to the person. The person shall promptly comply with the request.

~~(i)~~*(j)* take other necessary or appropriate action to discharge its duties and obligations under this part or to exercise its powers under this part.

~~(2)~~*(10)* The association may render assistance and advice to the commissioner, upon request, concerning rehabilitation, liquidation, payment of claims, continuations of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

~~(3)~~*(11)* The association has standing to appear or intervene before any court *or agency* in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this part or before any court with jurisdiction over any person or property against which the association may have rights through subrogation or otherwise. The association's standing extends to all matters germane to the powers and duties of the association, including but not limited to proposals for reinsuring, modifying, or guaranteeing the covered policies *or contracts* of the impaired or insolvent insurer and the determination of the covered policies ~~and contractual obligations~~ *or contracts*. The association ~~shall~~ also ~~have~~ *has* the right to appear or intervene before a court or agency in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or before a court with jurisdiction over any person or property against ~~whom~~ *which* the association may have rights through subrogation or otherwise.

(12) The association may join an organization of one or more other state associations of similar purposes to further the purposes and administer the powers and duties of the association.

~~(4)~~*(13)* The board of directors of the association may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of this part in an economical and efficient manner.

~~(5)~~*(14)* When the association has arranged or offered to provide the benefits of this part to a covered person under a plan or arrangement that fulfills the association's obligations under this part, the person is not entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

~~(6)~~*(15)* Venue in a suit against the association arising under this part is in the first judicial district *of this state*. The association is not required to give an appeal bond in an appeal that relates to a cause of action arising under this part.

(16) The protection provided by this part does not apply when any guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer that is other than this state."

Section 4. Section 33-10-210, MCA, is amended to read:

"33-10-210. Unfair trade practice — notice to policyowners. (1) It is a prohibited unfair trade practice for any person to make use in any manner of the protection afforded by this part in the sale of insurance.

(2) The association shall prepare a summary document, complying with subsection (3) and describing the general purposes and current limitations of this part. The document must be submitted to the commissioner for approval. Sixty days after receiving approval, ~~an~~ *a member* insurer may not deliver a policy or contract described in ~~33-10-201(4)~~ *33-10-224(2)(a)* to a policyowner or contract owner unless the document is delivered to the policyowner or contract owner prior to or at the time of delivery of the policy or contract~~, unless subsection (4) of this section applies~~. The document must be available upon request by a policyowner. The distribution, delivery, contents, or interpretation of this document does not mean that either the policy or the contract or the owner of the policy or contract would be covered in the event of the impairment or insolvency of a member insurer. The description document must be revised by the association as amendments to this part may require. Failure to receive this document does not give the policyowner, contract owner, certificate holder, or insured any greater rights than those stated in this part.

(3) The document prepared under subsection (2) must contain a clear and conspicuous disclaimer on its face. The commissioner shall promulgate a rule establishing the form and content of the disclaimer. The disclaimer must:

(a) state the name and address of the life and health insurance guaranty association and insurance department;

(b) prominently warn the policyowner or contract owner that the life and health insurance guaranty association may not cover the policy or, if coverage is available, it will be subject to substantial limitations and exclusions and conditioned on continued residence in the state;

(c) state that the insurer and its insurance producers are prohibited by law from using the existence of the life and health insurance guaranty association for the purpose of sales, solicitation, or inducement to purchase any form of insurance;

(d) emphasize that the policyowner or contract owner should not rely on coverage under the life and health insurance guaranty association when selecting an insurer;

(e) provide other information as directed by the commissioner.

(4) An insurer or *an* insurance producer may not deliver a policy or contract described in ~~33-10-201(4)~~ *33-10-224(2)(a)* and excluded under ~~33-10-201(10)~~ *33-10-224(2)(b)* from coverage under this part unless the insurer or insurance producer, prior to or at the time of delivery, gives the policyowner or contract owner a separate written notice that clearly and conspicuously discloses that the policy or contract is not covered by the life and health insurance guaranty association.

(5) The commissioner shall by rule specify the form and content of the notice required under subsection (4)."

Section 5. Section 33-10-216, MCA, is amended to read:

"33-10-216. Plan of operation — delegation of powers provision. (1) (a) The association shall submit to the commissioner a plan of operation and any amendments ~~thereto~~ *to the plan that are* necessary or suitable to ~~assure~~ *ensure* the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments ~~thereto shall~~ *to the plan* become effective upon *the commissioner's written* approval ~~in writing by the commissioner~~ *or 60 days after receipt by the commissioner's office if the commissioner does not disapprove the submitted plan of operation and any amendments within those 60 days*.

(b) If the association fails to submit ~~a suitable plan of operation within 180 days following July 1, 1974, or if at any time thereafter the association fails to submit~~ suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate ~~such~~ reasonable rules ~~as are~~ necessary or advisable to effectuate the provisions of this part. ~~Such~~ *The* rules ~~shall continue~~ *remain* in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation ~~shall~~ *must*, in addition to requirements enumerated elsewhere in this part:

(d) establish procedures for *keeping* records ~~to be kept~~ of all financial transactions of the association, its ~~insurance producers~~ *agents*, and the board of directors;

(f) establish any additional procedures for assessments under 33-10-227;

(g) contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association, except those under ~~33-10-205(1)(c)~~ *33-10-205(9)(c)* and 33-10-227, ~~are~~ *may be* delegated to a corporation, association, or other organization ~~which~~ *that* performs or will perform functions similar to those of this association or its equivalent in two or more states. ~~Such a~~ *A* corporation, association, or organization ~~shall~~ *to which these powers and duties are delegated must* be reimbursed for any payments made on behalf of the association and ~~shall~~ *must* be paid for ~~its performance of~~ *performing* any function of the association. Section 6. Section 33-10-217, MCA, is amended to read:

"33-10-217. Prevention of insolvencies or impairments. (1) To aid in the detection and prevention of insurer insolvencies or impairments, the commissioner shall:

(A) the revocation of a license;

(B) the suspension of a license; or

(C) the issuance of any formal order that the company restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyowners or creditors;

(ii) mail the notice to all commissioners within 30 days following the action taken or the date on which the action occurs;

(b) report to the board of directors when the commissioner has taken any of the actions set forth in subsection (1)(a) or has received a report from any other commissioner indicating that an action has been taken in another state. The report to the board of directors must contain all significant details of the action taken or the report received from another commissioner.

(c) report to the board of directors when the commissioner has reasonable cause to believe from any examination, whether completed or in process, of any member company that the company may be an impaired or insolvent insurer; and

(d) furnish to the board of directors the national association of insurance commissioners' insurance regulatory information system (IRIS) ratios and listings of companies not included in the ratios developed by the national association of insurance commissioners. The board of directors may use the information contained in the ratios and listings in carrying out its duties and responsibilities under this section. The report and the information contained in the ratios and listings must be kept confidential by the board of directors until ~~the time it is made public by~~ the commissioner or other lawful authority *makes the report or information public*.

(3) The board of directors shall, upon majority vote, notify the commissioner of any information indicating any member insurer may be unable or potentially unable to fulfill its contractual obligations.

(4) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be unable or potentially unable to fulfill its contractual obligations.

(5) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or supervision of any member insurer or germane to the solvency of any company seeking to provide life or health insurance in this state. The reports and recommendations are not considered public documents.

(6) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer impairments or insolvencies.

~~(7) The board of directors shall, at the conclusion of any insurer impairment or insolvency in which the association carried out its duties under this part or~~

~~exercised any of its powers under this part, prepare a report on the history and causes of the impairment or insolvency, based on the information available to the association, and submit the report to the commissioner. The board of directors shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of impairment or insolvency of a particular insurer and may adopt by reference any report prepared by other associations.~~"

Section 7. Section 33-10-222, MCA, is amended to read:

"33-10-222. Stay of proceedings — reopening default judgments. (1) All proceedings in which the ~~impaired or~~ insolvent insurer is a party in any court in this state must be stayed ~~60~~ *180* days from the date an order of liquidation, rehabilitation, or supervision is final to permit proper legal action by the association on any matters germane to its powers or duties.

(2) As to a judgment under any decision, order, verdict, or finding based on default, the association may apply to have the judgment set aside by the same court that made the judgment and must be permitted to defend against the suit on the merits."

Section 8. Section 33-10-223, MCA, is amended to read:

"33-10-223. Assignment by beneficiaries — subrogation. (1) Any person receiving benefits under this part must be considered to have assigned the person's rights under the covered policy or contract, pertaining to any causes of action against the person for losses resulting from or otherwise relating to the covered policy or contract, to the association to the extent of the benefits received because of this part whether the benefits are payments of contractual obligations or continuation of coverage or provision of substitute or alternative coverage. The association may require an assignment to it of the rights by any payee, policyowner or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this part upon the person. The association must be subrogated to these rights against the assets of any impaired *or insolvent* insurer.

(2) The subrogation rights of the association under this section have the same priority against the assets of the impaired *or insolvent* insurer as that possessed by the person entitled to receive benefits under this part.

(3) In addition to the rights detailed in this section, the association has all common-law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, beneficiary, or payee of a policy or contract with respect to the policy or contract, including without limitation, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received pursuant to this part, against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity *or payment for the annuity*, except for any person responsible solely by reason of serving as an assignee with respect to a qualified assignment under section 130 of the Internal Revenue Code.

(4) If subsections (1) through (3) are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations must be reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policy or a portion of the policy covered by the association.

(5) If the association has provided benefits with respect to a covered obligation and a person recovers any amount to which the association has rights

as described in this section, the person shall pay to the association the portion of the recovery attributable to the policy or a portion of the policy covered by the association."

Section 9. Section 33-10-224, MCA, is amended to read:

"33-10-224. ~~Extent~~ *Coverage, limitations, and extent* of liability. *(1) (a) This part establishes coverage for the policies and contracts specified in subsection (2) to persons who, except as provided in subsections (1)(b) through (1)(e), are:*

(i) beneficiaries, assignees, or payees of the persons covered under subsection (1)(a)(ii) regardless of where the beneficiaries, assignees, or payees reside, except for nonresident certificate holders under group policies or contracts;

(ii) owners of or certificate holders under the policies and contracts specified in subsection (2), other than unallocated annuity contracts and structured settlement annuities that are provided for in subsections (1)(b) and (1)(c), if the persons are:

(A) residents; or

(B) nonresidents, but only under all of the following conditions:

(I) the insurer that issued the policies is domiciled in this state;

(II) the state in which the person resides has an association similar to the association created under this part; and

(III) the person is not eligible for coverage by an association in any other state because the insurer was not licensed in the state at the time specified in the state's guaranty association law.

(b) The provisions of subsection (1)(a) do not apply to unallocated annuity contracts specified in subsection (2). A person who is the owner of an unallocated annuity contract receives coverage under this part, except as provided in subsections (1)(d) and (1)(e), if:

(i) the contract is issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; or

(ii) the unallocated annuity contract was issued to or in connection with a government lottery if the owner is a resident.

(c) The provisions of subsection (1)(a) do not apply to structured settlement annuities specified in subsection (2). A person who is a payee under a structured settlement annuity or the beneficiary of a payee if the payee is deceased receives coverage under this part, except as provided in subsections (1)(d) and (1)(e), if the payee:

(i) is a resident, regardless of where the contract owner resides; or

(ii) is not a resident and one of the following conditions applies:

(A) The contract owner of the structured settlement annuity is a resident and is not eligible for coverage by another state's association, and the payee or beneficiary is not eligible for coverage by the association of the state in which the payee or beneficiary resides.

(B) The contract owner of the structured settlement annuity is not a resident, the insurer that issued the structured settlement annuity is domiciled in this state, the state in which the contract owner resides has an association similar to the association created by this part, and the payee, beneficiary, and contract owner are not eligible for coverage by the association in the state in which the payee, beneficiary, or contract owner resides.

(d) This part does not provide coverage to:

(i) a person who is a payee or a beneficiary of a contract owner that is a resident of this state if the payee or beneficiary is afforded any coverage by the association of another state; or

(ii) a person covered under subsection (1)(b) if any coverage is provided by the association of another state to the person.

(e) This part is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. To avoid duplicate coverage, a person may not receive coverage under this part if the person who would otherwise receive coverage under this part receives coverage under the laws of any other state. To determine the application of this subsection (1)(e) to a situation in which a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this part must be construed in conjunction with other state laws to result in coverage by only one association.

(2) (a) (i) Except as otherwise provided in this part, this part provides coverage to the persons specified in subsection (1) for:

(A) direct, nongroup life and health policies, direct, nongroup annuity contracts, and supplemental contracts to any of these;

(B) certificates under direct group policies and contracts and supplemental contracts to any of these; and

(C) unallocated annuity contracts issued by member insurers.

(ii) Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, annuities issued in connection with government lotteries, and any immediate or deferred annuity contracts.

(b) This part does not provide coverage for:

(i) a portion of a policy or contract not guaranteed by the insurer or under which the risk is borne by the policy or contract owner;

(ii) a policy or contract of reinsurance, unless assumption certificates have been issued pursuant to the reinsurance policy or contract;

(iii) a portion of a policy or contract to the extent that the rate of interest on which the portion is based or the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(A) when averaged over the period of 4 years prior to the date on which the member insurer becomes an impaired or insolvent insurer under this part exceeds the rate of interest determined by subtracting 2 percentage points from Moody's corporate bond yield average that is averaged for that same period or for a lesser period if the policy or contract was issued less than 4 years before the member insurer became an impaired or insolvent insurer under this part; and

(B) when the returns or changes in value exceed the rate of interest determined by subtracting 3 percentage points from the Moody's corporate bond yield average most recently available on or after the date on which the member insurer becomes an impaired or insolvent insurer under this part.

(iv) a portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, health, or annuity benefits to its employees, members, or others to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:

(A) a multiple employer welfare arrangement as defined in 29 U.S.C. 1002;

(B) a minimum premium group insurance plan;

(D) an administrative services-only contract;

(vii) any unallocated annuity contract issued to or in connection with a benefit plan that is protected under the federal pension benefit guaranty corporation, regardless of whether the federal pension benefit guaranty corporation has yet become liable to make any payments with respect to the benefit plan;

(viii) a portion of any unallocated annuity contract that is not issued to or in connection with a specific employee, union, or association of natural persons' benefit plan or a government lottery;

(ix) a portion of a policy or contract to the extent that federal or state law preempts or otherwise does not permit the assessments required by 33-10-227 with respect to the policy or contract;

(x) an obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the contract owner or policyowner, including without limitation:

(C) misrepresentation of or regarding policy benefits;

(D) extracontractual claims; or

(xii) a portion of a policy or contract to the extent that it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policyowner's or contract owner's rights are subject to forfeiture as of the date the member insurer becomes an impaired or insolvent insurer under this part. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this section, the interest or change in value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of the impairment or insolvency of the member insurer, and the interest or changes in value are not subject to forfeiture.

(xiii) a policy or contract providing any hospital, medical, prescription drug, or other health care benefits pursuant to 42 U.S.C. 1395w-21 through 1395w-152, commonly known as medicare parts C and D, or any regulations issued pursuant to medicare parts C and D.

~~(1)~~*(3)* The benefits for which the association may become liable may not exceed the lesser of:

(a) the contractual obligations ~~of the impaired or insolvent insurer~~ for which the insurer ~~becomes~~ *is liable* or would have become liable if it were not an impaired or insolvent insurer; or

(b) (i) ~~except as provided in subsection (2),~~ with respect to any one life, regardless of the number of policies or contracts:

(A) $300,000 in life insurance death benefits, but not more than $100,000 in net cash surrender and net cash withdrawal values for life insurance;

If one or more unallocated annuity contracts are covered contracts under this part and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage must be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state~~, and in any~~. *In no* event~~,~~ *is* the association ~~is not~~ obligated to cover more than $5 million in benefits with respect to all these unallocated contracts.

~~(2)~~*(4)* ~~The~~ *In no event is the* association ~~is not~~ obligated to cover more than:

~~(3)~~*(5)* The limitations set forth in this section are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this part may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights.

~~(4)~~*(6)* In performing its obligations to provide coverage under this part, the association is not required to guarantee, assume, reinsure, or perform or cause to be guaranteed, assumed, reinsured, or performed the contractual obligations of the impaired or insolvent insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract."

Section 10. Section 33-10-225, MCA, is amended to read:

"33-10-225. Association as creditor — use of assets. (1) For the purpose of carrying out its obligations under this part, the association ~~shall be deemed to be~~ *is* a creditor of the impaired *or insolvent* insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to 33-10-223.

(2) All assets of the impaired *or insolvent* insurer attributable to covered policies ~~shall~~ *must* be used to continue all covered policies and pay all contractual obligations of the impaired *or insolvent* insurer as required by this part. Assets attributable to covered policies, as used in this section, is that proportion of the assets which the reserves that should have been established for such policies bear to the reserve that should have been established for all policies of insurance written by the impaired *or insolvent* insurer.

(3) As a creditor of the impaired or insolvent insurer, as established in this part and consistent with 33-2-1363, the association and other similar associations are entitled to receive a disbursement of assets out of the marshalled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this part. If, within 120 days of the receivership court issuing a final determination of insolvency of an insurer, the liquidator has not made an application to the court for the approval of a proposal to disburse assets out of marshalled assets to guaranty associations having obligations because of the insolvency, then the association may make application to the receivership court for approval of its own proposal to disburse those assets."

Section 11. Section 33-10-226, MCA, is amended to read:

"33-10-226. Distribution of ownership rights — distribution to shareholders. (1) Prior to the termination of any liquidation, rehabilitation, or supervision proceeding, the court may take into consideration the contributions

of the respective parties, including the association, the shareholders, and policyowners of the impaired or insolvent insurer and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the impaired or insolvent insurer. In the determination, consideration must be given to the welfare of the policyowners of the continuing or successor insurer.

(2) A distribution to stockholders, if any, of an impaired or insolvent insurer may not be made until and unless the *association has fully recovered the* total amount of ~~assessments levied by the association with respect to the insurer have been fully recovered by the association~~ *valid claims of the association, with interest, for funds expended in carrying out its powers and duties under this part*."

Section 12. Section 33-10-227, MCA, is amended to read:

"33-10-227. Assessments — abatement — basis for ratesetting. (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at the times and for the amounts as the board finds necessary. ~~The board shall collect the assessments after 30 days' written notice to the member insurers before payment is due.~~

(2) Assessments are due not less than 30 days after prior written notice to the member insurers. An unpaid assessment accrues interest at 10% a year on and after the due date. The association may also impose any charges on a late-paid assessment if the plan of operation provides for late-paid assessments.

~~(2)~~*(3)* There are two classes of assessments~~, as follows~~:

(a) Class A assessments must be ~~made~~ *authorized and called* for the purpose of meeting administrative *and legal* costs and other ~~general~~ expenses. *Class A assessments may be authorized and called whether or* not related to a particular impaired or insolvent insurer.

(b) Class B assessments must be ~~made~~ *authorized and called* to the extent necessary to carry out the powers and duties of the association under ~~33-10-219 and 33-10-220~~ *33-10-205* with regard to an impaired or insolvent insurer.

~~(3)~~*(4)* (a) The amount of any Class A assessment for each account must be determined by the board *and may be authorized and called on a pro rata or non-pro rata basis. If pro rata, the board may provide that the amount be credited against future Class B assessments. The total of all non-pro rata assessments may not exceed $300 for each member insurer in any 1 calendar year*. The amount of any Class B assessment must be ~~divided~~ *allocated for assessment purposes* among the accounts ~~in the proportion that the premiums received by the impaired or insolvent insurer on the policies covered by each account bear to the premiums received by the insurer on all covered policies~~ *pursuant to an allocation formula that may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard determined by the board in its sole discretion as being fair and reasonable under the circumstances*.

(b) Class B assessments against member insurers for each account *and subaccount* must be in the proportion that the premiums received on business in this state by each assessed member insurer on policies *or contracts* covered by each account *or subaccount* bear to the premiums received on business in this state by all assessed member insurers. *This ratio must be calculated from information that is available for the 3 most recent calendar years preceding the year in which the insurer became insolvent or, in the case of an assessment with respect to an impaired insurer, the 3 most recent calendar years for which*

information is available preceding the year in which the insurer became impaired.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer may not be ~~made~~ *authorized and called* until necessary to implement the purposes of this part. Classification of assessments under subsection ~~(2)~~ *(3)* and computation of assessments under this subsection *(4)* must be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. *The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within 180 days after the assessment is authorized.*

~~(4)~~*(5)* The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. ~~The total of all assessments upon a member insurer for each account may not in any 1 calendar year exceed 2% of the insurer's premiums in this state on the policies covered by the account.~~

~~(5)~~ In the event an assessment against a member insurer is abated or deferred, in whole or in part, ~~because of the limitations set forth in subsection (4),~~ the amount by which the assessment is abated or deferred ~~must~~ *may* be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. ~~If the maximum assessment, together with the other assets of the association in either account, does not provide in any 1 year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds must be assessed as soon after that year as permitted by this part.~~ *Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.*

(6) (a) (i) Subject to the provisions of subsection (6)(a)(ii), the total of all assessments authorized by the association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the health account may not in 1 calendar year exceed 2% of that member insurer's average annual premiums received in this state on the policies and contracts covered by the subaccount or account during the 3 calendar years preceding the year in which the insurer became an impaired or insolvent insurer.

(ii) If two or more assessments are authorized in 1 calendar year with respect to insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subsection (6)(a)(i) must be equal and limited to the higher of the 3-year average annual premiums for the applicable account or subaccount as calculated pursuant to this section.

(iii) If the maximum assessment, together with the other assets of the association in an account, does not provide in 1 year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds must be assessed as soon as permitted by this part.

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, for use when the board determines that the maximum assessment is insufficient to cover anticipated claims.

~~(6)~~*(c)* If ~~a 1%~~ *the maximum* assessment for ~~any~~ *a* subaccount of the life insurance ~~account~~ and ~~the~~ annuity account in ~~any~~ 1 year does not provide an

amount sufficient to carry out the responsibilities of the association, then pursuant to subsection ~~(3)(b)~~ *(4)(b)*, the board shall assess ~~all~~ *the other* subaccounts of the life insurance ~~account~~ and ~~the~~ annuity account for the necessary additional amount, subject to the maximum assessment stated in subsection ~~(4)~~ *(6)(a)*.

(7) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that ~~amount~~ *account*, including assets accruing from *assignment, subrogation, and* net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses ~~if refunds are impractical~~.

(8) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this part, to consider the amount reasonably necessary to meet its assessment obligations under this part.

(9) The association shall issue to each insurer paying an assessment under this part a certificate of contribution, in a form prescribed by the commissioner, for the amount paid. All outstanding certificates must be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in that form and for the amount, if any, and period of time that the commissioner may approve.

(10)(a) A member insurer that wishes to protest all or a part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the association. The payment must be available to meet association obligations during the pendency of the protest or any subsequent appeal. A written statement must accompany the payment and must indicate that the payment is made under protest and include a brief description of the grounds for the protest.

(b) Within 60 days after the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issue raised by the protest.

(c) Within 30 days after a final decision has been made, the association shall notify the protesting member insurer in writing of that final decision. Within 60 days of receipt of notice of the final decision, the protesting member insurer may appeal that final action to the commissioner.

(d) Instead of rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the commissioner for a final decision, with or without a recommendation from the association.

(e) If the protest or appeal of the assessment is upheld, the amount paid in error or excess must be returned to the member insurer. Interest on a refund due to a protesting member insurer must be paid at the rate actually earned by the association.

(11) The association may request information of member insurers to aid in the exercise of its powers and duties under this section. Member insurers shall promptly comply with a request from the association."

Section 13. Repealer. The following sections of the Montana Code Annotated are repealed:

33-10-219. Impaired insurer — association's powers.

33-10-220. Insolvent insurer — association's powers.

Section 14. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(2) A proposal to grant an application with or without conditions following a hearing on a proposal to deny the application must proceed as if the department proposed to grant the application in its preliminary determination pursuant to 85-2-307.

(3) If valid objections are not received on an application or if valid objections are unconditionally withdrawn and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right as proposed in the preliminary determination pursuant to 85-2-307.

(4) If valid objections to an application are received and withdrawn with conditions stipulated with the applicant and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right subject to conditions as necessary to satisfy applicable criteria.

(5) The department shall deny or grant with or without conditions a permit under 85-2-311 or a change in appropriation right under 85-2-402 within 90 days after the administrative record is closed.

(6) If an application is to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, any application approved by the department is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water applied for and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

(7) Except as provided in subsection (6), an application may not be denied or approved in a modified form or upon terms, conditions, or limitations specified by the department unless the applicant is first granted an opportunity to be heard. If an objection is not filed against the application but the department is of the opinion that the application should be denied or approved in a modified form or upon terms, conditions, or limitations specified by it, the department shall prepare a statement of its opinion and its reasons for the opinion. The department shall serve a statement of its opinion by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing by filing a request within 30 days after the notice is mailed. The notice must further state that the application will be modified in a specified manner or denied unless a hearing is requested.

(8) The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

(9) For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(a) an application is not corrected and completed as required by 85-2-302;

(b) the appropriate filing fee is not paid;

(c) the application does not document:

(i) a beneficial use of water;

(ii) the proposed place of use of all water applied for;

(iii) for an appropriation of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more, a detailed project plan describing when and how much water will be put to a beneficial use. The project plan must include a reasonable timeline for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection (9)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and

(v) *except as provided in subsection (10),* if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water; and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement costs or fees, if any, are not paid as required by 85-2-124.

(10) If water applied for is to be marketed by the applicant to other users for the purpose of aquifer recharge or mitigation, the applicant is exempt from the provisions of subsection (9)(c)(v). The applicant must provide information detailing the proposed place of use."

Section 4. Section 85-2-402, MCA, is amended to read:

"85-2-402. Changes in appropriation rights — definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in 85-20-1401, Article I.

(2) Except as provided in subsections (4) through (6), (15), (16), and (18) and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

~~(b) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the proposed means of diversion, construction, and operation of the appropriation works are adequate.~~

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate, except for:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to [section 1] for mitigation or marketing for mitigation.

(c) The proposed use of water is a beneficial use.

~~(d) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.~~

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water. This subsection (2)(d) does not apply to:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to [section 1] for mitigation or marketing for mitigation.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate

conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in appropriation right approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified

statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change in appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the rule establishing the controlled ground water area do not restrict a change in appropriation right;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(17) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320 and this section and to benefit the fishery resource pursuant to 85-2-436 and this section.

(18) (a) An appropriator may change an appropriation right for a replacement point of diversion without the prior approval of the department if:

(i) the existing point of diversion is inoperable due to natural causes or deteriorated infrastructure;

(ii) there are no other changes to the water right;

(iii) the capacity of the diversion is not increased;

(iv) there are no points of diversion or intervening water rights between the existing point of diversion and the replacement point of diversion or the appropriator obtains written waivers from all intervening water right holders;

(v) the replacement point of diversion is on the same surface water source and is located as close as reasonably practicable to the existing point of diversion;

(vi) the replacement point of diversion replaces an existing point of diversion and the existing point of diversion will no longer be used;

(vii) the appropriator can show that the existing point of diversion has been used in the 10 years prior to the notice for change of appropriation right for a replacement point of diversion;

(viii) the appropriator can show the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct and complete notice of replacement point of diversion is submitted to the department as provided in subsection (18)(b).

(b) (i) Within 60 days after completion of a replacement point of diversion, the appropriator shall file a notice of replacement point of diversion with the department on a form provided by the department.

(ii) The department shall review the notice of replacement point of diversion and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (18)(a) have been met and the notice is correct and complete. The department may inspect the diversion to confirm that the criteria under subsection (18)(a) have been met. If the department issues an authorization of a change in an appropriation right for a replacement point of diversion, the department shall prepare a notice of the authorization and provide notice of the authorization in the same manner as required in 85-2-307 for applications.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement point of diversion has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement point of diversion within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement point of diversion is not filed and completed within the time allowed or if the department determines the criteria under subsection (18)(a) have not been met, the appropriator shall:

(A) cease appropriation of water from the replacement point of diversion pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (18) do not apply to an appropriation right abandoned under 85-2-404.

(d) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (18)(a).

(e) (i) An appropriator may file a correct and complete objection with the department alleging that the change in appropriation right for a replacement point of diversion will adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3.

(ii) If the department determines after a contested case hearing between the appropriator and the objector that the rights of other appropriators have been or will be adversely affected, it may revoke the change or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

(iii) The burden of proof to prove lack of adverse effect at the hearing is on the appropriator changing the point of diversion."

Section 5. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 85, chapter 2, part 4, and the provisions of Title 85, chapter 2, part 4, apply to [section 1].

Section 3. Section 53-9-128, MCA, is amended to read:

"53-9-128. Compensation benefits. Weekly compensation payments must be made at the end of each 2-week period. Weekly compensation payments may not be paid for the first week after the criminally injurious conduct occurred, but if total actual loss of wages continues for 1 week, weekly compensation payments must be paid from the date the wage loss began. Weekly compensation payments must continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market.

(2) The claimant is entitled to be reimbursed for reasonable services by a physician or surgeon, reasonable hospital services and medicines, and other treatment approved by the office for the injuries suffered due to criminally injurious conduct. Unless expressly requested by the claimant, benefits may not be paid under this subsection until the claimant has been fully compensated for total wage loss benefits as provided in subsection (1) or (7).

(3) (a) The dependents of a victim who is killed as a result of criminally injurious conduct are entitled to receive, in a gross single amount payable to all dependents, weekly benefits amounting to 66 2/3% of the wages received at the time of the criminally injurious conduct causing the death, subject to a maximum of one-half the state's average weekly wage as determined in 39-51-2201. Weekly compensation payments must be made at the end of each 2-week period.

(b) Benefits under subsection (3)(a) must be paid to the spouse for the benefit of the spouse and other dependents unless the office determines that other payment arrangements should be made. If a spouse dies or remarries, benefits under subsection (3)(a) must cease to be paid to the spouse but must continue to be paid to the other dependents as long as their dependent status continues.

(4) Reasonable funeral and burial expenses of the victim, not exceeding ~~$3,500~~ *$3,500*, must be paid if all other collateral sources have properly paid expenses but have not covered all expenses.

(5) Compensation payable to a victim and all of the victim's dependents in cases of the victim's death because of injuries suffered due to an act of criminally injurious conduct may not exceed $25,000 in the aggregate.

(6) Compensation benefits are not payable for pain and suffering, inconvenience, physical impairment, or nonbodily damage.

(7) (a) A person who has suffered injury as a result of criminally injurious conduct and as a result of the injury has no reasonable prospect of being regularly employed in the normal labor market and who was employable but was not employed at the time of the injury may in the discretion of the office be awarded weekly compensation benefits in an amount determined by the office not to exceed $100 per week. Weekly compensation payments must continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market. The claimant must be awarded benefits as provided in subsection (2).

(b) The dependents of a victim who is killed as a result of criminally injurious conduct and who was employable but not employed at the time of death may in the discretion of the office be awarded, in a gross single amount payable to all dependents, a sum not to exceed $100 per week, which is payable in the manner and for the period provided by subsection (3)(b) or for a shorter period as determined by the office. The claimant must be awarded benefits as provided in subsection (4).

(8) Except for benefits paid under subsections (3), (5), and (7)(b) or other benefits paid when the victim is killed as a result of criminally injurious conduct, amounts payable as weekly compensation may not be commuted to a lump sum and may not be paid less frequently than every 2 weeks.

(9) (a) Subject to the limitations in subsection ~~(9)(c)~~ *(9)(d)*, the spouse, parent, child, brother, or sister of a victim who is killed as a result of criminally injurious conduct is entitled to reimbursement for mental health treatment received as a result of the victim's death.

(b) Subject to the limitations in subsection ~~(9)(c)~~ *(9)(d)*, the parent, brother, or sister of a minor who is a victim of criminally injurious conduct involving a sexual offense and who is not entitled to receive services under Title 41, chapter 3, is entitled to reimbursement for mental health treatment received as a result of that criminally injurious conduct.

(c) Subject to the limitations in subsection (9)(d), minor children who were present in a home where domestic violence occurred are entitled to reimbursement for mental health treatment received as a result of that criminally injurious conduct.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-124, MCA, is amended to read:

(1) Except as provided in subsections ~~(2)(b),~~ (2)(d)~~,~~ and (4), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), *(2)(h),* (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Except as provided in subsection (2)(g), a Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). ~~The fee for this permit is $75.~~ This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the

department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is $125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(h) A term permit may be issued for an overlength vehicle moving a mobile home or a manufactured home, as defined in 15-24-201, when the vehicle does not exceed 110 feet in length or 16 feet in width.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(f) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a "nondivisible load" is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

[HB 359]

AN ACT REVISING WORKERS' COMPENSATION LAW PERTAINING TO SETTLEMENTS AND LUMP-SUM PAYMENTS; AMENDING SECTIONS 39-71-703, 39-71-721, AND 39-71-741, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-703, MCA, is amended to read:

"39-71-703. Compensation for permanent partial disability. (1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award if that worker:

(a) has an actual wage loss as a result of the injury; and

(b) has a permanent impairment rating that:

(i) is not based exclusively on complaints of pain;

(ii) is established by objective medical findings; and

(iii) is more than zero as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment.

(2) When a worker receives an impairment rating as the result of a compensable injury and has no actual wage loss as a result of the injury, the worker is eligible for an impairment award only.

(3) The permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection (5) by 375 weeks.

(4) A permanent partial disability award granted an injured worker may not exceed a permanent partial disability rating of 100%.

(5) The percentage to be used in subsection (4) must be determined by adding all of the following applicable percentages to the impairment rating:

(a) if the claimant is 40 years of age or younger at the time of injury, 0%; if the claimant is over 40 years of age at the time of injury, 1%;

(b) for a worker who has completed less than 12 years of education, 1%; for a worker who has completed 12 years or more of education or who has received a graduate equivalency diploma, 0%;

(c) if a worker has no actual wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%. Wage loss benefits must be based on the difference between the actual wages received at the time of injury and the wages that the worker earns or is qualified to earn after the worker reaches maximum healing.

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, 5%; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, 3%; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, 2%.

(6) The weekly benefit rate for permanent partial disability is 66 2/3% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

(7) An undisputed impairment award may be paid biweekly or in a lump sum at the discretion of the worker. Lump sums paid for impairments are not subject to the requirements of 39-71-741, except that lump-sum conversions for benefits not accrued may be reduced to present value at the rate established by the department pursuant to 39-71-741~~(3)~~*(5)*.

(8) If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(9) If a worker is eligible for a rehabilitation plan, permanent partial disability benefits payable under this section must be calculated based on the wages that the worker earns or would be qualified to earn following the completion of the rehabilitation plan.

(10) As used in this section:

(a) "heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

(c) "light labor activity" means the ability to lift up to 20 pounds occasionally or up to 10 pounds frequently; and

(d) "sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently."

Section 2. Section 39-71-721, MCA, is amended to read:

"39-71-721. Compensation for injury causing death — limitation. (1) (a) If an injured employee dies and the injury was the proximate cause of the death, the beneficiary of the deceased is entitled to the same compensation as though the death occurred immediately following the injury. A beneficiary's eligibility for benefits commences after the date of death, and the benefit level is established as set forth in subsection (2).

(b) The insurer is entitled to recover any overpayments or compensation paid in a lump sum to a worker prior to death but not yet recouped. The insurer shall recover the payments from the beneficiary's biweekly payments as provided in 39-71-741~~(3)~~*(5)*.

(2) To beneficiaries as defined in 39-71-116(4)(a) through (4)(d), weekly compensation benefits for an injury causing death are 66 2/3% of the decedent's wages. The maximum weekly compensation benefit may not exceed the state's average weekly wage at the time of injury. The minimum weekly compensation benefit is 50% of the state's average weekly wage, but in no event may it exceed the decedent's actual wages at the time of death.

(3) To beneficiaries as defined in 39-71-116(4)(e) and (4)(f), weekly benefits must be paid to the extent of the dependency at the time of the injury, subject to a maximum of 66 2/3% of the decedent's wages. The maximum weekly compensation may not exceed the state's average weekly wage at the time of injury.

(4) If the decedent leaves no beneficiary, a lump-sum payment of $3,000 must be paid to the decedent's surviving parent or parents.

(5) If any beneficiary of a deceased employee dies, the right of the beneficiary to compensation under this chapter ceases. Death benefits must be paid to a surviving spouse for 500 weeks subsequent to the date of the deceased employee's death or until the spouse's remarriage, whichever occurs first. After benefit payments cease to a surviving spouse, death benefits must be paid to beneficiaries, if any, as defined in 39-71-116(4)(b) through (4)(d).

(6) In all cases, benefits must be paid to beneficiaries.

(7) Benefits paid under this section may not be adjusted for cost of living as provided in 39-71-702."

Section 3. Section 39-71-741, MCA, is amended to read:

"39-71-741. ~~Compromise settlements~~ *Settlements* and lump-sum payments. (1) By written agreement, *a claimant and an insurer may convert* benefits under this chapter ~~may be converted~~ in whole or in part into a lump sum. An agreement that settles a claim for any type of benefit is subject to department approval *as provided in subsection (2)*. Lump-sum advances and payment of accrued benefits in a lump sum, except permanent total disability benefits under subsection ~~(1)(c)~~ *(2)(c)*, are not subject to department approval. If

the department fails to approve or disapprove the agreement in writing within 14 days of the filing with the department, the agreement is approved.

(2) The department shall directly notify a claimant of a department order approving or disapproving a claimant's ~~compromise~~ *settlement* or lump-sum payment. Upon approval, the agreement constitutes a compromise and release settlement and may not be reopened by the department. The department may approve ~~an~~ *a settlement* agreement to convert the following benefits to a lump sum only under the following conditions:

(a) all benefits if a claimant and an insurer dispute the initial compensability of an injury and there is a reasonable dispute over compensability;

(b) permanent partial disability benefits if an insurer has accepted initial liability for an injury. The total of any ~~permanent partial~~ lump-sum ~~conversion~~ *payment* in part that is awarded to a claimant prior to the claimant's final award may not exceed the anticipated award under 39-71-703. The department may disapprove an agreement under this subsection ~~(1)(b)~~ *(2)(b)* only if the department determines that the lump-sum ~~conversion~~ *payment* amount is inadequate.

(c) permanent total disability benefits if the total of all lump-sum conversions in part that are awarded to a claimant do not exceed $20,000. The approval or award of a lump-sum permanent total disability payment in whole or in part by the department or court ~~must be~~ *is* the exception. It may be given only if the worker has demonstrated financial need that:

(i) relates to:

(A) the necessities of life;

(B) an accumulation of debt incurred prior to the injury; or

(C) a self-employment venture that is considered feasible under criteria set forth by the department; or

(ii) arises subsequent to the date of injury or arises because of reduced income as a result of the injury.

(d) except as otherwise provided in this chapter, all other ~~compromise~~ settlements and lump-sum payments agreed to by a claimant and insurer; ~~or~~

(e) medical benefits on an accepted claim if an insurer disputes the insurer's continued liability for medical benefits and there is a reasonable dispute over the medical treatment or medical compensability*; or*

(f) medical benefits on an accepted claim if the claimant has reached maximum medical improvement and the following applicable conditions are met:

(i) the insurer and claimant mutually agree to a settlement of all or a portion of medical benefits; and

(ii) a settlement is in the best interest of the parties to the settlement.

(3) The parties to a medical settlement agreement shall set out the rationale that is the basis for the settlement, and the claimant shall indicate by a signed acknowledgment an understanding of what medical benefits will terminate because of the settlement.

~~(2)~~*(4)* Any lump-sum conversion of benefits under this section must be converted to present value using the rate prescribed under subsection ~~(3)(b)~~ *(5)(b)*.

~~(3)~~*(5)* (a) An insurer may recoup any lump-sum payment amortized at the rate established by the department, prorated biweekly over the projected duration of the compensation period.

(b) The rate adopted by the department must be based on the average rate for United States 10-year treasury bills in the previous calendar year.

(c) If the projected compensation period is the claimant's lifetime, the life expectancy must be determined by using the most recent table of life expectancy as published by the United States national center for health statistics.

~~(4)~~*(6)* A dispute between a claimant and an insurer regarding the conversion of biweekly payments into a lump sum is considered a dispute for which a mediator and the workers' compensation court have jurisdiction to make a determination.

(7) If an insurer and a claimant agree to a ~~compromise and release~~ settlement or a lump-sum payment but the department disapproves the agreement, the parties may request the workers' compensation court to review the department's decision *without requesting mediation*.

(8) The legislature does not intend to allow settlement of undisputed medical claims under subsection (2)(f) unless all parties willingly agree to the settlement. The failure of the parties to willingly agree to a settlement does not constitute a dispute concerning benefits."

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Retroactive applicability. [Section 3] applies retroactively, within the meaning of 1-2-109, to claims for injuries or occupational diseases for which all benefits have not been settled by [the effective date of this act].

AN ACT ALLOWING AN AGENCY TO NOTIFY AN INTERESTED PERSON, WITH THE CONSENT OF THAT PERSON, OF THE AVAILABILITY ON THE AGENCY'S WEBSITE OF AN ELECTRONIC NOTICE OF PROPOSED RULEMAKING; AMENDING SECTIONS 2-3-301 AND 2-4-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-3-301, MCA, is amended to read:

"2-3-301. Agency to accept public comment electronically — dissemination of electronic mail address and documents required — prohibiting fees. (1) An agency that accepts public comment pursuant to a statute, administrative rule, or policy, including an agency adopting rules pursuant to the Montana Administrative Procedure Act or an agency to which 2-3-111 applies, shall provide for the receipt of public comment by the agency by use of an electronic mail system.

(2) As part of the agency action required by subsection (1), an agency shall disseminate by appropriate media its electronic mail address to which public comment may be made, including dissemination in:

(a) rulemaking notices published pursuant to the Montana Administrative Procedure Act;

(b) the telephone directory of state agencies published by the department of administration;

(c) any notice of agency existence, purpose, and operations published on the internet world wide web, popularly known as a "website", used by the agency; or

(d) any combination of the methods of dissemination provided in subsections (2)(a) through (2)(c).

(3) An agency shall, at the request of another agency or person and subject to 2-6-102, disseminate the electronic documents to that agency or person by electronic mail in place of surface mail. *Notification of the availability of an electronic notice of proposed rulemaking may be sent to an interested person as provided in 2-4-302(2)(a)(ii).* An agency may not charge a fee for providing documents by electronic mail in accordance with this subsection.

(5) As used in this section, "agency" means a department, division, bureau, office, board, commission, authority, or other agency of the executive branch of state government."

Section 2. Section 2-4-302, MCA, is amended to read:

"2-4-302. Notice, hearing, and submission of views. (1) (a) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its proposed action. The proposal notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the proposed action, and the time when, place where, and manner in which interested persons may present their views on the proposed action. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which contact was made with the primary sponsor as required in subsection (2)(d). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was contacted, the filing of the proposal notice under subsection ~~(2)(a)~~ *(2)(a)(i)* is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(ii) the number of persons affected.

(2) (a) *(i)* The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312. ~~Within~~ *Except as provided in subsection (2)(a)(ii), within* 3 days of publication, a copy of the published proposal notice must be sent to interested persons who have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b).

(ii) In lieu of sending a copy of the published proposal notice to an interested person who has requested the notice, the agency may, with the consent of that person, send that person an electronic notification that the proposal notice is available on the agency's website and an electronic link to the part of the agency's website or a description of the means of locating that part of the agency's website where the notice is available.

(iii) Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed

of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The proposal notice required by subsection (1) must be published at least 30 days in advance of the agency's proposed action. The agency shall post the proposal notice on a state electronic access system or other electronic communications system available to the public.

(d) (i) When an agency begins to work on the substantive content and the wording of a proposal notice for a rule that initially implements legislation, the agency shall contact, as provided in subsection (8), the legislator who was the primary sponsor of the legislation to:

(A) obtain the legislator's comments;

(B) inform the legislator of the known dates by which each step of the rulemaking process must be completed; and

(C) provide the legislator with information about the time periods during which the legislator may comment on the proposed rules, including the opportunity to provide comment to the appropriate administrative rule review committee.

(ii) If the legislation affected more than one program, the primary sponsor must be contacted pursuant to this subsection (2)(d) each time that a rule is being proposed to initially implement the legislation for a program.

(iii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) has been published as required in subsection ~~(2)(a)~~ *(2)(a)(i)*, a copy of the published notice must be sent to the primary sponsor contacted under this subsection (2)(d).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) and provide them an opportunity to place their names on the list.

(8) (a) For purposes of contacting primary sponsors under ~~subsections (2)(a) and~~ *subsection* (2)(d), a current or former legislator who wishes to receive notice shall keep the current or former legislator's name, address, e-mail address, and telephone number on file with the secretary of state. The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator. An agency proposing rules shall consult the register when providing sponsor contact.

(b) An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator's address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a)."

[HB 268]

AN ACT ELIMINATING THE REFERENCE TO A REASONABLE AMOUNT WITH RESPECT TO A SERVICE CHARGE FOR ISSUING A BAD CHECK, DRAFT, CONVERTED CHECK, ELECTRONIC FUNDS TRANSFER, OR ORDER; AND AMENDING SECTION 27-1-717, MCA.

WHEREAS, all but three states, Montana, Oregon, and Texas, have removed the reasonableness standard from their check collection fee laws; and

WHEREAS, the people that often suffer the most from bad checks are the merchants that take the checks; and

WHEREAS, without a financial incentive to collect bad checks, some merchants may stop accepting checks as payment and not being able to write a check would create a substantial hardship for many consumers.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 27-1-717, MCA, is amended to read:

"27-1-717. Issuing a bad check, draft, converted check, electronic funds transfer, or order or stopping payment — civil liability — statute of limitations. (1) A person who issues a check, draft, converted check, electronic funds transfer, or order for the payment of money is liable for a service charge, as provided in subsection (2), or for damages in a civil action, as provided in subsection (3), to the payee to whom the check, draft, converted check, electronic funds transfer, or order is issued, or the payee's assignee, if the check, draft, converted check, electronic funds transfer, or order is:

(a) dishonored for lack of funds or credit or because the issuer does not have an account with the drawee; or

(b) issued in partial or complete fulfillment of a valid and legally binding obligation and the issuer stops payment with the intent to fraudulently defeat a possessory lien or otherwise defraud the payee of the check.

(2) The person who issues the check, draft, converted check, electronic funds transfer, or order is liable to the payee or the payee's assignee for a service charge in ~~a reasonable~~ *an* amount~~,~~ not greater than $30. The payee or the payee's assignee may waive the service charge. Demand for the service charge must be made in writing by the payee or the payee's assignee and mailed to the address shown on the check, draft, converted check, or order or to the issuer's last-known address. The demand must state that the issuer is required to pay the value of the check, draft, converted check, electronic funds transfer, or order and service charge and must state the service charge provided for in this section.

(3) The amount of damages awarded pursuant to subsection (1) must be an amount equal to the service charge plus the greater of $100 or three times the amount for which the check, draft, converted check, electronic funds transfer, or order was issued. However, damages may not exceed the value of the check, draft, converted check, electronic funds transfer, or order by more than $500.

(4) The remedy provided by subsection (3) is available only if:

(a) the payee or the payee's assignee has made the written demand required in subsection (2) not less than 10 days before commencing the action; and

(b) the issuer has failed to tender an amount of money equal to the amount demanded under subsection (2) prior to the commencement of the action.

(5) The remedy provided by this section:

(a) may be pursued notwithstanding the provisions of 27-1-312;

(b) may be pursued whether or not a criminal penalty is sought under 45-6-316 or any other statute providing a criminal penalty; and

(c) does not affect the obligation of the issuer provided for in 30-3-423 to pay the amount of the draft. However, in case of any inconsistency with the provisions of Title 30, chapter 3, the provisions of this section apply.

(6) Upon introduction by the payee or the payee's assignee of evidence sufficient to establish the fact of mailing as required under subsection (2), the failure to receive the written demand is not a defense to the action allowed under subsection (3). The statute of limitations for the liability created under this section is 6 years from the date of the demand under subsection (2).

(7) This section applies to all checks, drafts, converted checks, electronic funds transfers, and orders, including those electronically presented for payment.

(8) Making partial payments of amounts owed under this section or entering into an agreement for paying in whole or in part amounts owed under this section does not waive any right that the payee or the payee's assignee may have under this section. Once a demand required under this section is made, the demand is not required to be repeated upon partial payment of amounts owed under this section."

AN ACT NAMING THE FIRST FLOOR OF THE EAST WING OF THE CAPITOL BUILDING IN HONOR OF FORMER REPRESENTATIVE FRANCIS BARDANOUVE; AMENDING SECTION 2-17-808, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

WHEREAS, Francis Bardanouve was a Blaine County farmer-rancher from near Harlem whose service in the Montana Legislature spanned 5 decades; and

WHEREAS, he was first elected to the Montana House of Representatives in 1958 and reelected 17 times; and

WHEREAS, until his retirement in January 1995, he served a total of 18 sessions, 10 as the tight-fisted chairman of the powerful House Appropriations Committee; and

WHEREAS, he was instrumental in establishing and transforming many of the institutions that most Montanans simply take for granted; and

WHEREAS, he secured passage of legislation creating the Board of Investments, but only after traveling at his own expense to several states to study their systems; and

WHEREAS, he spent time in each of the state mental and hospital institutions to experience them firsthand and worked hard for better conditions, becoming the champion for the deinstitutionalization of many patients warehoused at the state hospitals at Warm Springs and Boulder; and

WHEREAS, he pressed for funding of a full-time professional staff for the Legislative Council, replacing a system in which lobbyists and corporate lawyers often drafted legislation; and

WHEREAS, he led the charge for the creation of the office of the Legislative Fiscal Analyst that gave the Legislature the power to independently analyze and set budget policy and priorities for the state, and was fond of telling stories about how funding for programs had previously been set by relying on individual legislators keeping running totals on slips of paper they kept in their vest pockets and where analyses of any type did not exist and justifications were largely a product of friendships; and

WHEREAS, of all of his many accomplishments, he often said he had but one regret in life, that he never got to ride his horse over the beautiful landscape that encompassed the prison ranch at Deer Lodge; and

WHEREAS, he was still on the advisory board for the Montana State Prison when he died in March 2002 and, while in the Legislature, played a major role in

turning the ranch from a business that consistently lost money to a viable business enterprise; and

WHEREAS, Francis Bardanouve was a humble man who never cared much for recognition and raised modesty to an art form; if he was aware of this proposal, he would likely kick up a fuss; and

WHEREAS, he was a compassionate man who always fretted about the well-being of his cattle, worrying about whether they had enough water and grass; and

WHEREAS, Representative Bardanouve was an ardent advocate of education and often demonstrated his dedication to and faith in the efficacy of higher education; and

WHEREAS, he was fearless and had a steel-trap mind; he was blessed with an earthy commonness that is so uncommon among most elected officials; and

WHEREAS, he constantly reminded his colleagues never to forget where they came from and not to let their positions go to their heads, commenting that "It never fails. All the sessions I have served in Helena, I go back to Harlem and someone passes me on the street and says, "Francis, where have you been all winter? Did you go down south?""; and

WHEREAS, Francis overcame a severe speech impediment after years of having been teased and taunted, disappearing without explanation in the winter of 1946 and going to Pennsylvania to have surgery on his cleft pallet; and

WHEREAS, the most remarkable part of his transformation into an inspirational and persuasive speaker on the floor of the House of Representatives was when he met and later married Venus, his speech therapist, who was the love of his life and who at age 50 made him a stepfather to her three children; and

WHEREAS, Representative Bardanouve's reputation and legend epitomize everything that is good and honorable about public service; his life and contributions serve to remind us that very ordinary Montanans can overcome adversity and perform remarkable feats; and

WHEREAS, this recommendation is a small commemoration for all that Francis Bardanouve, a beloved son of Montana, contributed during his time in office and the examples he set for current and future public servants.

Be it enacted by the Legislature of the State of Montana:

[SB 186]

AN ACT PROVIDING THAT THE INITIAL LIMIT FOR A POLICY OR CERTIFICATE OF FUNERAL INSURANCE IS UP TO $15,000; AMENDING SECTION 33-20-1501, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-20-1501, MCA, is amended to read:

"33-20-1501. Funeral insurance. (1) (a) "Funeral insurance" means an insurance policy or certificate that requires a one-time payment or the payment of premiums to provide for the costs of a funeral and burial for the policyholder or a named individual.

(b) Funeral insurance is a type of life insurance provided for in 33-1-208 and regulated under Title 33, chapter 20. The terms "burial insurance" and "preneed funeral insurance" have the same meaning as funeral insurance.

(c) Funeral insurance may be:

(i) included in a life insurance policy. This form of funeral insurance may not be sold by or through a person licensed under Title 37, chapter 19, regardless of whether a person licensed under Title 37, chapter 19, also has an insurance producer's license in this state.

(ii) a limited policy or certificate with a guaranteed death benefit that may be sold by:

(A) a licensed insurance producer; or

(B) a person licensed under Title 37, chapter 19, parts 3 and 4, if that person also is licensed as a life insurance producer in this state.

(d) Unless otherwise provided by Title 33, chapter 20, the *initial* policy or certificate limit under subsection (1)(c)(ii) is up to $15,000.

(2) Funeral insurance for the purposes of Title 33 is not a fixed amount prepaid into a trust or escrow fund, called a prearranged funeral plan, as described in 37-19-827, or a preneed arrangement, as defined in 37-19-101, and regulated under Title 37, chapter 19.

(3) A funeral insurance policy and any solicitation material for the policy must clearly indicate that:

(a) the policy is a life insurance product;

(b) the applicant may designate the beneficiary, including but not limited to a funeral director, mortician, mortuary, or undertaker, if the applicant has an insurable interest in the life of the insured; and

(c) subject to the provisions of 33-20-1502 and this section, the beneficiary may use the proceeds for any purpose.

(4) The funeral insurance policy must state that the insurance company shall, as a condition of paying the benefits of the insurance policy, require from the funeral director, mortician, mortuary, or undertaker:

(a) a certified copy of the certificate of death of the insured or other evidence of death satisfactory to the insurance company; and

(b) a certificate of completion signed by the funeral director, mortician, or undertaker stating that the funeral director, mortician, undertaker, or mortuary has delivered all the goods and performed all the services contracted for, by, or on behalf of the insured.

(5) (a) Notwithstanding the provisions of 33-15-414, the funeral insurance policy must contain an assignability clause that allows the policy or certificate to be assigned or otherwise transferred to another funeral director, mortician, mortuary, or undertaker licensed to do business in this state in conjunction with the assumption of the contractual obligation to provide the funeral goods or services to the extent permitted by state or federal law for the purpose of the insured's eligibility for supplemental security income benefits, medicaid, or other public assistance benefits.

(b) The assignability clause may not be used by a funeral director, mortician, mortuary, or undertaker to pledge, assign, transfer, borrow from, or otherwise encumber an insurance policy assigned to it for purposes of purchasing funeral goods or services prior to delivering all of the goods and performing all of the services contracted for, by, or on behalf of the insured.

(6) After the death of a person who at any time received medicaid benefits, a funeral director, mortician, mortuary, undertaker, or other person, including but not limited to the decedent's spouse, heir, devisee, or personal representative, who is the beneficiary of funeral insurance in excess of $5,000 in value designated to pay for the disposition of the medicaid recipient's remains

and for related expenses shall, after paying for the disposition and related expenses, pay all remaining funds to the department of public health and human services within 30 days following the receipt of the funeral insurance death benefit. The funds must be paid to the department regardless of any provision in a written contract, insurance policy, or other agreement entered into on or after January 1, 2008, directing a different disposition of the funds. Funds paid to the department under this section are not considered to be property of the deceased medicaid recipient's estate, and the provisions of 53-6-167 do not apply to recovery of the funds by the department."

AN ACT RELATING TO PRIMARY SPONSOR CONTACT REQUIREMENTS FOR PURPOSES OF RULEMAKING; ALLOWING THE SECRETARY OF STATE TO USE LEGISLATOR CONTACT INFORMATION PROVIDED BY THE LEGISLATIVE SERVICES DIVISION; CLARIFYING THE METHODS OF PRIMARY SPONSOR CONTACT FOR THE PURPOSES OF RULEMAKING; AMENDING SECTION 2-4-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-302, MCA, is amended to read:

"2-4-302. Notice, hearing, and submission of views. (1) (a) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its proposed action. The proposal notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the proposed action, and the time when, place where, and manner in which interested persons may present their views on the proposed action. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which contact was made with the primary sponsor as required in subsection (2)(d). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was contacted, the filing of the proposal notice under subsection (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(ii) the number of persons affected.

(2) (a) The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312. Within 3 days of publication, a copy of the published proposal notice must be sent to interested persons who

have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b). Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The proposal notice required by subsection (1) must be published at least 30 days in advance of the agency's proposed action. The agency shall post the proposal notice on a state electronic access system or other electronic communications system available to the public.

(d) (i) When an agency begins to work on the substantive content and the wording of a proposal notice for a rule that initially implements legislation, the agency shall contact, as provided in subsection (8), the legislator who was the primary sponsor of the legislation to:

(A) obtain the legislator's comments;

(B) inform the legislator of the known dates by which each step of the rulemaking process must be completed; and

(C) provide the legislator with information about the time periods during which the legislator may comment on the proposed rules, including the opportunity to provide comment to the appropriate administrative rule review committee.

(ii) If the legislation affected more than one program, the primary sponsor must be contacted pursuant to this subsection (2)(d) each time that a rule is being proposed to initially implement the legislation for a program.

(iii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) has been published as required in subsection (2)(a), a copy of the published notice must be sent to the primary sponsor contacted under this subsection (2)(d).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or

agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) and provide them an opportunity to place their names on the list.

(8) (a) For purposes of contacting primary sponsors under ~~subsections (2)(a) and~~ *subsection* (2)(d), a current or former legislator who wishes to receive notice shall keep the current or former legislator's name, address, e-mail address, and telephone number on file with the secretary of state. *The secretary of state may also use legislator contact information provided by the legislative services division for the purposes of the register.* The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator *or the legislative services division*. An agency proposing rules shall consult the register when providing sponsor contact.

(b) An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator's address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a). *If the agency is able to contact the primary sponsor by using less than all of these three methods of contact, the other methods need not be used.*"

Section 2. Effective date. [This act] is effective on passage and approval.

The state teachers' retirement system is known as "The Teachers' Retirement System of the State of Montana" and in that name shall transact all business of the retirement system, hold its assets in trust, and have the powers and privileges of a corporation that may be necessary to administer the provisions of this chapter.

(2) It is the policy of the state to:

(b) limit the effect on the retirement system of isolated salary increases received by a member, including but not limited to end-of-career promotions or one-time salary enhancements during the member's last years of employment; and

(c) limit the compensation that a retired member may earn after retirement while working in a position that would normally be covered under the teachers' retirement system to the amount determined under 19-20-731.

(3) It is the policy of the state to ensure that public employees are reported to the correct public retirement system. The retirement system shall enter into memoranda of understanding with the public employees' retirement board to exchange retirement system-related confidential information regarding members, former members, or retirees. A memorandum must state that:

(a) the information may be used only for reasons related to verifying appropriate pension plan participation; and

(4) upon the employment of a person who is required to become a member of the retirement system, inform the person of the rights and obligations relating to the retirement system;

(5) each month, report the name, social security number, *time worked,* and gross earnings of each retired member of the system who has been employed in a ~~part-time teaching, administrative, or faculty position under the reemployment provisions of~~ *position that is reportable to the retirement system pursuant to* 19-20-731;

(8) notify the retirement board of the employment of a person eligible for membership and forward the person's membership application to the board;

(9) if the employer has converted to earned compensation amounts excluded from earned compensation, for each retiring member, certify to the board the amounts reported to the system in each of the 5 years preceding the member's retirement."

Section 5. Section 19-20-305, MCA, is amended to read:

"19-20-305. Alternate payees — family law orders. (1) A participant in a retirement system may have the participant's rights modified or recognized by a family law order.

(2) For purposes of this section:

(a) "actuarially equivalent amount" means the portion of the participant's benefit transferred to an alternate payee and actuarially adjusted to provide a benefit payable for the alternate payee's lifetime;

(b) "alternate payee" means the former spouse of the member or retiree who is entitled to an actuarially equivalent amount or a fixed amount of the member's or retiree's retirement benefit;

(c) "family law order" means a certified copy of a judgment, decree, or order of a court with competent jurisdiction concerning spousal maintenance or marital property rights that includes a transfer of all or a portion of a participant's payment rights in a retirement system to an alternate payee in compliance with this section; and

(d) "participant" means a member or retiree of the retirement system.

(3) A family law order must identify an alternate payee by full name, current address, *date of birth,* and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) A family law order may not require:

(a) a type or form of benefit, option, or payment *that is* not available to the affected participant under the retirement system *or that would require administration in a manner different from the administrative processes used by the retirement system for administration of retirement benefits in general*; or

(b) an amount of payment greater than that available to a participant.

(5) (a) The service, disability, or survivor retirement benefit payments or withdrawals of member contributions may be apportioned to an alternate payee by directing payment of:

(i) an actuarially equivalent amount payable for the life of the alternate payee; or

(ii) a fixed amount, to be deducted from the participant's benefit, of no more than the amount payable to the participant. A fixed amount must be payable for a determinate period of time not greater than the life of the participant or the life of the benefit recipient under a retirement allowance elected pursuant to 19-20-702.

(b) (i) ~~The actuarially equivalent service, disability, or survivor retirement benefit payable to the alternate payee must be calculated by taking the total years of service for which the benefit was earned during the marriage divided by the total years of creditable service used in the calculation of the retirement benefit, multiplied by a percentage share of the benefit payable to the alternate payee, multiplied by the total amount payable to the participant.~~ *When a family law order directs payment of an actuarially equivalent amount payable to the alternate payee, either the amount of the participant's retirement benefit to be transferred to the alternate payee must be expressed as a percentage share of the retirement benefit payable to the participant or the percentage share must be readily determinable based on the factors provided in the family law order.* The participant's benefit must be reduced by the amount determined under this subsection (5)(b)(i).

(ii) The amount payable to the alternate payee, calculated under subsection (5)(b)(i), must be actuarially adjusted to provide a benefit payable for the alternate payee's lifetime.

(6) If a participant elects to withdraw the accumulated contributions and forfeit all rights to service, disability, or survivor benefits, the alternate payee is entitled to a ~~percentage of the amount payable as determined by the formula in subsection (5)(b)(i)~~ *lump-sum payment up to the total fixed amount or equal to*

the percentage share of the participant's benefit transferred to the alternate payee as directed in the family law order.

(7) Retirement benefit adjustments for which a participant is eligible after retirement must be apportioned *between the participant and the alternate payee receiving an actuarially equivalent amount* in the same manner as determined under subsection (5)(b)(i).

(8) Payments of monthly benefits to the alternate payee must commence on the latest of the following dates:

(a) the date the participant begins receiving benefits; or

(b) the first day of the month following receipt of a certified family law order *and approval of the family law order by the retirement system*.

(9) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(10) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(11) If the participant retired on a disability retirement benefit and the benefit is subsequently canceled pursuant to 19-20-903 or 19-20-905, the alternate payee's payments also terminate. When the participant again qualifies for retirement benefits, the amount payable to the alternate payee must be recalculated pursuant to this section.

(12) (a) In every circumstance, an actuarially equivalent amount payable to an alternate payee must terminate upon the death of the alternate payee. The amount may not be devised, bequeathed, or otherwise transferred by the alternate payee.

(b) A family law order may expressly provide that a fixed amount payable to an alternate payee may be transferred upon the death of the alternate payee to a beneficiary designated by the alternate payee. If a family law order does not expressly authorize an alternate payee to designate a beneficiary or if there is no beneficiary designation on file with the retirement system at the time of the alternate payee's death, the fixed amount payable to the alternate payee reverts to the participant or to the joint annuitant or beneficiary of the participant. A fixed amount payable to an alternate payee may not be devised, bequeathed, or otherwise transferred by the alternate payee in any other manner.

(13) The retirement system shall give effect to a family law order in a manner that conforms with all other applicable law pertaining to the administration of the retirement system. A family law order may not be construed to provide rights or benefits to any person beyond those rights or benefits expressly provided by law."

Section 6. Section 19-20-405, MCA, is amended to read:

"19-20-405. Limit on creditable service that may be awarded. The total creditable service for service purchased under 19-20-402 through 19-20-404, 19-20-408, ~~and~~ 19-20-410(1)*, and 19-20-426* may not exceed 5 years."

Section 7. Section 19-20-701, MCA, is amended to read:

"19-20-701. Benefits. *(1)* The retirement, disability, and other benefits of the retirement system must be granted on the basis of the provisions of this chapter. A member's written application for benefits must include a statement certifying that there has been a bona fide separation from service, including

whether there are any intentions to be reemployed with the same employer that would be prohibited under the Internal Revenue Code.

(2) If a member applies for a retirement benefit but dies before receiving the first monthly benefit allowance, benefits must be paid to the joint annuitant or beneficiary designated on the member's written application for a retirement allowance in the manner provided in 19-20-1001. If the member's written application did not include a designation of a joint annuitant or beneficiary, benefits must be paid to the beneficiary of record in the manner provided in 19-20-1001."

Section 8. Section 19-20-702, MCA, is amended to read:

"19-20-702. Optional allowances — *certain period and life allowances.* (1) Until the first payment on account of any benefit becomes normally due, any member may elect to receive one of the allowances described in subsection (2) or (3) in lieu of the normal form of retirement allowance, which is provided for in 19-20-902 and part 8 of this chapter. ~~If a member dies within 30 days after retirement, the member's election to receive an optional allowance is void and the member's death will be considered as that of an active member.~~

(2) An optional allowance is the actuarial equivalent of the member's service retirement or disability retirement allowance at the time of the member's retirement effective date and provides an allowance payable to the member throughout the member's lifetime and, upon the member's death, an allowance payable to the ~~person~~ *joint annuitant* that the member nominated by written designation, duly acknowledged and filed with the retirement board at the time of the member's retirement, in accordance with one of the following options:

(a) Option A—the optional allowance will be paid to the member throughout the member's lifetime and, upon the member's death, continue throughout the lifetime of the member's ~~designated beneficiary~~ *joint annuitant*.

(b) Option B—the optional allowance will be paid to the member throughout the member's lifetime, and upon the member's death, one-half of the optional allowance will be continued throughout the lifetime of the member's ~~designated beneficiary~~ *joint annuitant*.

(c) Option C—the optional allowance will be paid to the member throughout the member's lifetime, and upon the member's death, two-thirds of the optional allowance will be continued throughout the lifetime of the member's ~~designated beneficiary~~ *joint annuitant*.

(d) Upon election of an optional allowance and designation of a joint annuitant, any prior or subsequent designation of a beneficiary by the retired member is void.

(3) (a) In lieu of any other option available in this section, a member may elect to receive one of the following allowances that must be paid over the certain period of time or for the member's lifetime, whichever is greater:

(i) 10 years if the member is 75 years of age or younger at the time of retirement; or

(ii) 20 years if the member is 65 years of age or younger at the time of retirement.

(b) At the time of retirement, the member shall file with the board a written nomination of beneficiaries to receive payments if the member dies before the end of the certain period elected. Unless limited by a family law order, the nominated beneficiary may be changed by the member at any time by filing with the board a written notice designating different beneficiaries.

(4) (a) Upon written application to the retirement board, a retired member whose effective date of retirement is before October 1, 1993, and who is receiving an optional retirement allowance may select a different actuarially equivalent optional allowance and designate a different ~~beneficiary~~ *joint annuitant* if:

(i) the original ~~beneficiary~~ *joint annuitant* has died. The benefit must convert to the normal form of retirement allowance effective the first of the month following the death of the ~~designated beneficiary~~ *joint annuitant*.

(ii) the member has been divorced from the original ~~beneficiary~~ *joint annuitant* and the original ~~beneficiary~~ *joint annuitant* has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must convert to the normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original ~~beneficiary~~ *joint annuitant* has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

(b) Upon receipt of the written application, the board shall actuarially adjust the member's monthly retirement or disability allowance to reflect the change.

(5) A retired member receiving an optional retirement allowance pursuant to subsection (2)(a), (2)(b), or (2)(c) that is effective after October 1, 1993, may file a written application to select a different actuarially equivalent optional allowance and designate a different ~~beneficiary~~ *joint annuitant* or to revert the optional retirement allowance to the full normal form of retirement allowance available at the time of retirement if:

(a) the original ~~beneficiary~~ *joint annuitant* has died. The benefit must revert to the full normal form of retirement allowance effective the first of the month following the death of the ~~designated beneficiary~~ *original joint annuitant*.

(b) the member has been divorced from the original ~~beneficiary~~ *joint annuitant* and the original ~~beneficiary~~ *joint annuitant* has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must revert to the full normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original ~~beneficiary~~ *joint annuitant* has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

(6) The normal form of retirement allowance available must be increased by the value of any postretirement adjustments received by the member since the effective date of retirement.

(7) The retired member shall file the written application required by subsection (4) or (5) with the board within 18 months of the death or divorce of the ~~designated beneficiary~~ *joint annuitant*."

Section 9. Section 19-20-703, MCA, is amended to read:

"19-20-703. Payments to be monthly. (1) All retirement allowances must be paid in equal monthly installments.

(2) Except as provided in subsection (5), the retirement allowance may commence:

(a) no earlier than the first day of the month following the member's termination date or on the first day of the month following the date when the member first becomes eligible, whichever date is later; or

(b) if requested by the inactive member in writing:

(i) on the first day of a later month; or

(ii) on the first day of the month following the member's 60th birthday.

(3) Distribution of an inactive member's benefit must begin by the later of the April 1 following the calendar year in which a member attains age 70 1/2 or April 1 of the year following the calendar year in which the member terminates. If a member fails to apply for retirement benefits by the later of either of those dates, the board shall begin distribution of the monthly benefit as provided in 19-20-702(3)(a)(i).

(4) The life expectancy of a member or the member's ~~beneficiary~~ *joint annuitant* may not be recalculated after benefits commence.

(5) If a member terminates within 30 days of the last day of the school year, the member is considered to have terminated at the end of the member's contract, and the retirement allowance may not commence earlier than the first day of the month following the last scheduled pupil-instruction day or pupil-instruction-related day as described in 20-1-304, whichever is later."

Section 10. Section 19-20-705, MCA, is amended to read:

"19-20-705. Correction of errors. (1) *(a)* If a change or error in the records results in a ~~member or beneficiary~~ *benefit recipient or alternate payee* receiving from the retirement system more or less than the ~~member or beneficiary~~ *benefit recipient or alternate payee* would have been entitled to receive had the records been correct, then, on discovery of the error, the retirement board shall correct the error and, as far as practicable, shall adjust the payments so that the actuarial equivalent of the benefit to which the ~~member or beneficiary~~ *benefit recipient or alternate payee* was correctly entitled will be paid.

(b) The right of the retirement system to actuarially adjust benefits payable to a benefit recipient or alternate payee may not bar the application of any other remedy or penalty available to the retirement system under this chapter or at law. The retirement system may pursue any or all remedies or options for recovery of amounts owed to it that, in its sole discretion, are necessary for the proper administration of the retirement system.

(c) The retirement system may recover amounts owed to it by withholding:

(i) as a lump sum, the full amount owed to it from a withdrawal or payout of the member's accumulated contributions;

(ii) a percentage not to exceed 50% of each monthly benefit payable until the amount owed is paid in full; or

(iii) any or all of the $500 death benefit.

(d) The retirement system's right to recover amounts owed to it has priority over the claim of any benefit recipient or alternate payee.

(2) If the amount of a contribution payment is incorrect, the board may reject the payment or accept the payment and approve an arrangement to collect the correct amount, including any or all of the following arrangements:

(a) adjustment of subsequent payments to the board from a member or an employer;

(b) collection of installment payments or a lump-sum payment from an employer; or

(c) collection of installment payments, a lump-sum payment, or a rollover payment from a member.

(3) Upon discovery of a forged signature on a retirement benefit application, the benefit must be corrected as provided in subsection (1).

(4) Interest accrues on contributions not reported or amounts overpaid to members at the actuarially assumed rate. Interest accrues from the date the

Section 11. Section 19-20-715, MCA, is amended to read:

"19-20-715. ~~Compensation limit~~ *Earned compensation — limitations.* (1) Compensation in excess of the limitations set forth in section 401(a)(17) of the Internal Revenue Code as adjusted for cost-of-living increases must be disregarded for individuals who are not eligible employees. The limitation on compensation for eligible employees may not be less than the amount that was allowed to be taken into account under this chapter on July 1, 1993. For purposes of this section, an eligible employee is an individual who was a member in the retirement system prior to July 1, 1996. Any changes in the maximum limits under section 401(a)(17) of the Internal Revenue Code must be applied prospectively.

(2) In determining a member's retirement allowance under 19-20-802 or 19-20-804, the *earned* compensation reported in each year of the 3 years that make up the average final compensation may not be greater than 110% of the previous year's *earned* compensation included in the calculation of average final compensation or the earned compensation reported to the retirement system, whichever is less, except as provided by rule by the retirement board.

(3) Earned compensation in excess of the amount specified in subsection (2) is considered termination pay and must be included in the calculation of average final compensation as provided in 19-20-716."

Section 12. Section 19-20-717, MCA, is amended to read:

"19-20-717. Effect of no designation or no surviving beneficiary *or joint annuitant*. (1) If a beneficiary is not designated or if no designated beneficiary *or joint annuitant* survives the ~~payment recipient~~ *member or retired member*, the estate of the ~~payment recipient~~ *member or retired member* is the beneficiary and is entitled to any lump-sum payment or retirement benefit accrued but not received prior to the death of the ~~payment recipient~~ *member or retired member*. If the estate would not be probated but for the amount due from the retirement system, all of the amount due must be paid directly, without probate, to the surviving next of kin of the deceased or to the personal representative or executor of the survivor's estate.

(2) Payment must be made in the same order in which the following groups are listed:

(a) husband or wife;

(b) children;

(c) father and mother;

(d) grandchildren;

(e) brothers and sisters; or

(f) nieces and nephews.

(3) A payment may not be made to a person included in any of the groups listed in subsection (2) if at the date of payment there is a living person in any of the groups preceding the group of which the person is a member, as listed. Payment must be made upon receipt from the person of an affidavit, upon a form supplied by the system, that there are no living individuals in the groups preceding the group of which the person is a member and that the estate of the deceased will not be probated.

(4) The payment must be in full and complete discharge and acquittance of the board and system on account of the member's or payment recipient's death."

Section 14. Section 19-20-731, MCA, is amended to read:

"19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits — *reporting obligation of retired member*. (1) (a) Except as [provided in 19-20-732 or as] otherwise provided in this section, a retired member may be employed part-time by ~~a school district, state agency, or unit of the university system~~ *an employer* in a position ~~eligible to participate in~~ *that is reportable to* the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) ~~For the purposes of this subsection (1), the~~ *The* maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all ~~remuneration~~ *amounts* paid to *or on behalf of* the retired member *and the value of all benefits provided to or on behalf of the retired member by the employer, including any amounts deferred for payment to a later year*, excluding:

(a) employed in a part-time position ~~or~~ *but* earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as

soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be ~~canceled~~ *suspended* if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

Section 15. Section 19-20-733, MCA, is amended to read:

"19-20-733. Resumption of employment by retired member — suspension of benefits. (1) [Except as provided in 19-20-732,] if a retired member returns to ~~full-time~~ employment in a position covered by the retirement system and becomes an active contributing member, benefits must be suspended until the member terminates all employment and applies to have benefits reinstated.

(2) Except as provided in subsection (4), upon termination and retirement of a previously retired member who was reinstated to active membership pursuant to 19-20-731 before July 1, 2009:

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option that the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member is eligible for early retirement. The recalculated benefit must include the service

credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection (4), upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

(i) at least 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option and ~~beneficiary~~ *joint annuitant* previously selected, plus an additional benefit based upon the new creditable service and compensation earned. The second benefit must be calculated as provided under 19-20-804 if the member is eligible for a service retirement benefit or under 19-20-802 if the member is eligible for early retirement. The second benefit must be paid under the same retirement ~~allowance~~ *benefit option and* with the same ~~beneficiary~~ *joint annuitant* originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and this subsection (3).

(4) If a retired member who has not attained normal retirement age is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled. (Bracketed language terminates June 30, 2015—sec. 5, Ch. 129, L. 2009.)"

Section 16. Section 19-20-805, MCA, is amended to read:

"19-20-805. ~~Earned compensation — part-time service~~ *Calculation of average final compensation.* *(1) Except as limited by this section, average final compensation is calculated by averaging the earned compensation paid to a member in 3 consecutive fiscal years of full-time service that yields the highest average.*

~~(1)~~*(2)* The earned compensation of a member who ~~retired~~ *retires* under 19-20-802*,* ~~or~~ 19-20-804*, or 19-20-902* and ~~had~~ *has* less than 3 consecutive years of full-time service during the 5 years immediately preceding the member's termination is the compensation that the member would have earned in the 3 years used to calculate average final compensation had the member's part-time

service been full-time service. To determine the compensation that the member would have earned, the compensation reported must be divided by the part-time service credited to the member's account.

~~(2)~~*(3)* (a) Subject to subsection ~~(2)(b)~~ *(3)(b)*, if a member has transferred service from the public employees' retirement system as provided under 19-20-409 and does not have 3 consecutive years of full-time service reported to the teachers' retirement system, the member's average final compensation ~~may~~ *must* be calculated as follows:

(i) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals 1 year in any of the fiscal years used in determining average final compensation, then the member's annual salary for that fiscal year must be the member's salary as a member of the public employees' retirement system plus the member's salary as a member of the teachers' retirement system; or

(ii) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals less than 1 year in any of the fiscal years used to determine average final compensation, then the member's part-time salary as a member of the public employees' retirement system plus the member's part-time salary as a member of the teachers' retirement system must be divided by the sum of the member's part-time teachers' retirement system service credit and the member's part-time public employees' retirement system service credit.

(b) Compensation reported to the public employees' retirement system used to calculate average final compensation must be adjusted to exclude any compensation that would be considered termination pay under this chapter.

(4) (a) If the benefits excluded from earned compensation pursuant to 19-20-101(7)(b) have been converted by an employer to earned compensation for all members and have been continuously reported as earned compensation in a like amount for at least 5 fiscal years preceding a member's retirement, the converted benefit amounts must be included in the calculation of average final compensation.

(b) If benefits have been converted to earned compensation as described in subsection (4)(a) but have been reported as earned compensation for less than 5 fiscal years or if the member has been given the option to have benefits converted to earned compensation, any converted benefits reported as earned compensation in the 3 years used to calculate average final compensation may be included in the calculation of average final compensation only as termination pay under 19-20-716(1)(b)."

Section 17. Section 19-20-1001, MCA, is amended to read:

"19-20-1001. Allowances for death of member *prior to retirement*. (1) If a member dies before retirement, the member's accumulated contributions must be paid to the member's estate or to the beneficiary that the member nominated by a written application in a manner prescribed by the board and filed with the retirement board prior to the member's death.

(2) (a) In lieu of benefits provided for in subsection (1), if the deceased member qualified by reason of service for a retirement benefit, the nominated beneficiary may elect to receive a retirement allowance. The retirement allowance must be determined as prescribed in 19-20-804, without reference to

19-20-715*(2)*, in the same manner as if the member elected option A provided for in 19-20-702(2)(a).

(b) The effective date of the retirement allowance provided for in subsection (2)(a) is the earlier of:

(i) the first of the month following the date of death; or

(ii) the effective date of the member's retirement, as acknowledged in writing by the retirement system before the member's death.

(c) In the event that *a beneficiary receiving* payments *under subsection (2)(a) dies and payments* made to the beneficiary do not equal the amount of the member's accumulated contributions ~~before~~ *at the time of* the member's death, the difference between the total retirement allowance payments made and the amount of the accumulated contributions at the time of the member's death must be paid to the beneficiary's estate.

(3) If the deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year before the member's death, a lump-sum death benefit of $500 is payable to the member's designated beneficiary.

(4) If a deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year prior to the member's death, the sum of $200 a month must be paid to each minor child of the deceased member until the child reaches 18 years of age.

(5) If the member nominated more than one beneficiary to receive payment of a benefit provided by this section upon the member's death ~~or if a family law order has been issued~~, then:

(a) each beneficiary ~~and alternate payee, if applicable,~~ is entitled to share in that benefit; and

(b) if a beneficiary predeceases the member, the benefit must be divided among the surviving beneficiaries.

(6) If a family law order has been issued, an alternate payee's rights under the family law order must be given priority over the rights of a beneficiary."

Section 18. Section 19-20-1002, MCA, is amended to read:

"19-20-1002. Payments upon death of retiree. (1) In the event of the death of a *retired* member ~~after retirement~~, a death benefit of $500 is payable to the *joint annuitant or* designated beneficiary.

(2) ~~In the event that~~ *If the deaths of a retired member and of the joint annuitant or all designated beneficiaries occur before the total retirement allowance* payments made to ~~a benefit recipient do not~~ *the retired member and to the joint annuitant or all designated beneficiaries* equal the amount of the member's accumulated contributions ~~before~~ *at the time of* the member's retirement, the difference between the total retirement allowance paid and the amount of the accumulated contributions must be paid to the *estate of the joint annuitant or to the estate of the longest-surviving* beneficiary.

(3) If a deceased member had 5 or more years of creditable service and was retired at the time of death, the sum of $200 a month must be paid to each minor child of the deceased retiree until the child reaches 18 years of age."

Section 19. Section 19-20-1003, MCA, is amended to read:

"19-20-1003. Payment of death benefits. (1) Death benefits paid from the system are subject to the requirements of this section.

(2) Death benefits must be distributed in accordance with section 401(a)(9) of the Internal Revenue Code and the regulations adopted under that section.

(3) The amount of benefits payable to a *retired* member's beneficiary *or joint annuitant* may not exceed the maximum determined under the incidental death benefit requirements of the Internal Revenue Code.

(4) If the member dies before retirement benefits commence and a benefit is payable pursuant to 19-20-1001, distributions to the member's beneficiaries must begin as soon as administratively feasible and must begin no later than December 31 of the calendar year immediately following the calendar year in which the member died. If the beneficiary has not elected the form of payment by the date on which the beneficiary is to receive the benefit and the beneficiary is eligible for a monthly benefit, the benefit must be paid as provided in 19-20-702(3)(a)(i) or a lump sum must be paid if that is the only benefit due the beneficiary."

Section 20. Section 19-20-1101, MCA, is amended to read:

"19-20-1101. Withholding of group insurance premium from retirement allowance. (1) A retired member who is a participant in an approved employer-sponsored group insurance plan may elect to have the monthly premium for the group insurance withheld from the member's retirement allowance by the retirement system. Premiums withheld may be paid directly to the insurance carrier or employer of record at the time of retirement.

(2) Upon the death of a retired member, the *joint annuitant or* beneficiary, if eligible, may elect to continue to have the monthly insurance premium withheld from a monthly retirement benefit and paid directly to the employer or the employer's insurance carrier.

(3) Each month, using the retirement system's online employer reporting system, the employer shall verify that all authorized insurance deductions are correct and notify the retired member of any changes."

(a) harvests timber without a valid fire hazard reduction agreement; or

(b) has forfeited the performance bond on a fire hazard reduction agreement within the 2 preceding years and fails, refuses, or neglects to properly reduce or manage the fire hazard in accordance with 76-13-407 or 76-13-408 within 30 days after being notified by the department.

(6) If the person fails to show sufficient cause as required by subsection (5), the department may withhold the issuance of any further fire hazard reduction agreement or exemption certificate for a period not to exceed 3 years."

Section 3. Fire hazard reduction fund. (1) There is a fire hazard reduction fund in the state special revenue fund established in 17-2-102.

(i) the information may be discoverable by a party in a civil action or contested case to which the captive insurance company that submitted the information is a party, upon a showing by the party seeking to discover the information that the information sought is relevant to and necessary for the furtherance of the action or case, the information sought is unavailable from other nonconfidential sources, and a subpoena issued by a judicial or

administrative officer of competent jurisdiction has been submitted to the commissioner;

(ii) the commissioner may, in the commissioner's discretion, disclose the information to a public officer having jurisdiction over the regulation of insurance in another state or to a public official of the federal government, as long as the public official agrees in writing to maintain the confidentiality of the information and the laws of the state in which the public official serves, if applicable, require the information to be and to remain confidential.

(4) (a) Each captive insurance company shall pay to the commissioner a nonrefundable fee of $200 for the examining, investigating, and processing of its application for license, and the commissioner is authorized to retain legal, financial, and examination services from outside the department, the reasonable cost of which may be charged to the applicant.

(b) The provisions of Title 33, chapter 1, part 4, apply to examinations, investigations, and processing conducted under the authority of this section. In addition, each captive insurance company shall pay a license fee for the year of registration and a renewal fee for each subsequent year of $300.

The license is effective until March 1 of each year and may be renewed upon proper compliance with this chapter."

Section 3. Section 33-28-104, MCA, is amended to read:

(d) in the case of a special purpose captive insurance company, an amount determined by the commissioner after giving due consideration to the company's business plan, feasibility study, and pro forma documents, including the nature of the risks to be insured;

~~(d)~~*(e)* in the case of a protected cell captive insurance company, not less than $500,000. However, if the protected cell captive insurance company does not assume any risks, the risks insured by the protected cells are homogenous, and if there are not more than 10 cells, the commissioner may reduce the amount required in this subsection ~~(1)(d)~~ *(1)(e)* to an amount not less than $250,000.

(b) A pure captive insurance company, branch captive insurance company, or industrial insured captive company, excluding captive risk retention groups, may make written application for filing the required report on a fiscal yearend basis. If an alternative reporting date is granted:

(i) the required report is due ~~60~~ *90* days after fiscal yearend; and

(ii) in order to provide sufficient information to support the premium tax return, a pure captive insurance company or industrial insured insurance company shall file a report acceptable to the commissioner prior to ~~March~~ *April* 1 of each year for the prior calendar yearend.

(3) The commissioner shall consider financial statements filed pursuant to this section as confidential.

(4) (a) Captive risk retention groups shall file reports and statements in accordance with Title 33, chapter 2, part 7, except that a captive risk retention group may file using generally accepted accounting principles. (b) The commissioner may waive the RBC report required in 33-2-1903 for a captive risk retention group that files a report or statement pursuant to

Loans to a parent company or any affiliate may not be made without prior written approval of the commissioner and must be evidenced by a note in a form approved by the commissioner. Section 6. Section 33-28-301, MCA, is amended to read:

"33-28-301. Protected cell captive insurance company. (1) One or more sponsors may form a protected cell captive insurance company*, which may be incorporated or unincorporated*.

(2) A protected cell captive insurance company formed or licensed under the provisions of this chapter ~~may establish and maintain one or more protected cells to insure risks of one or more participants,~~ *is* subject to the following ~~conditions~~:

~~(a) The shareholders of the protected cell captive insurance company must be limited to its participants and sponsors.~~

(a) (i) A protected cell captive insurance company may establish one or more protected cells with the prior written approval of the commissioner of a plan of operation or amendments submitted by the protected cell captive insurance company with respect to each protected cell.

(ii) Upon the written approval of the commissioner of the plan of operation, which must include but is not limited to the specific business objectives and investment guidelines of the protected cell, the protected cell captive insurance company in accordance with the approved plan of operation may attribute to the protected cell insurance obligations with respect to its insurance business.

(iii) A protected cell must have its own distinct name or designation that must include the words "protected cell" or "incorporated cell".

(iv) The protected cell captive insurance company shall transfer all assets attributable to a protected cell to one or more separately established and identified protected cell accounts bearing the name or designation of that

protected cell. Protected cell assets must be held in the protected cell accounts for the purpose of satisfying the obligations of that protected cell.

(v) An incorporated protected cell may be organized and operated in any form of business organization authorized by the commissioner. Each incorporated protected cell of a protected cell captive insurance company must be treated as a captive insurance company for purposes of this chapter, except for the application of 33-28-201. Unless otherwise permitted by the articles of incorporation or other organizational document of a protected cell captive insurance company, each incorporated protected cell of the protected cell captive insurance company must have the same directors, secretary, and registered office as the protected cell captive insurance company.

(b) All attributions of assets and liabilities between a protected cell and the protected cell captive insurance company's general account must be in accordance with the plan of operation and participant contracts approved by the commissioner. No other attribution of assets and liabilities may be made by a protected cell captive insurance company between the protected cell captive insurance company's general account and its protected cells. Any attribution of assets and liabilities between the general account and a protected cell must be in cash or in readily marketable securities with established market values.

(c) The creation of a protected cell does not create, with respect to that protected cell, a legal person separate from the protected cell captive insurance company unless the protected cell is an incorporated cell. Amounts attributed to a protected cell under this chapter, including assets transferred to a protected cell account, are owned by the protected cell, and the protected cell captive insurance company may not be a trustee or hold itself out to be a trustee with respect to those protected cell assets of that protected cell account. A protected cell captive insurance company may allow for a security interest to attach to protected cell assets or a protected cell account when the security interest is in favor of a creditor of the protected cell and is otherwise allowed under applicable law.

(d) This chapter may not be construed to prohibit the protected cell captive insurance company from contracting with or arranging for an investment adviser, commodity trading adviser, or other third party to manage the protected cell assets of a protected cell if all remuneration, expenses, and other compensation of the third party are payable from the protected cell assets of that protected cell and not from the protected cell assets of other protected cells or the assets of the protected cell captive insurance company's general account.

(e) (i) A protected cell captive insurance company shall establish administrative and accounting procedures necessary to properly identify the one or more protected cells of the protected cell captive insurance company and the protected cell assets and protected cell liabilities attributable to the protected cells. The directors of a protected cell captive insurance company shall keep protected cell assets and protected cell liabilities:

(A) separate and separately identifiable from the assets and liabilities of the protected cell captive insurance company's general account; and

(B) attributable to one protected cell separate and separately identifiable from protected cell assets and protected cell liabilities attributable to other protected cells.

(ii) If the provisions of this subsection (2)(e) are violated, the remedy of tracing is applicable to protected cell assets commingled with protected cell assets of other protected cells or the assets of the protected cell captive insurance

company's general account. The remedy of tracing may not be construed as an exclusive remedy.

(f) When establishing a protected cell, the protected cell captive insurance company shall attribute to the protected cell assets with a value at least equal to the reserves attributed to that protected cell.

~~(b)~~*(3)* Each protected cell must be accounted for separately on the books and records of the protected cell captive insurance company to reflect the financial condition and result of operations of the protected cell, including but not limited to the net income or loss, dividends or other distributions to participants, and any other factor provided in the participant contract or required by the commissioner.

~~(c)~~*(4)* The assets of a protected cell may not be chargeable with liabilities arising from any other insurance business of the protected cell captive insurance company.

~~(d)~~*(5)* A sale, exchange, or other transfer of assets may not be made by a protected cell captive insurance company among any of its protected cells without the consent of the participants of each affected protected cell.

~~(e)~~*(6)* A sale, exchange, transfer of assets, dividend, or distribution may not be made from a protected cell to a sponsor or a participant without the commissioner's prior written approval, which may not be given if the sale, exchange, transfer, dividend, or distribution would result in insolvency or impairment with respect to the protected cell.

~~(f)~~*(7)* Each protected cell captive insurance company shall file annually with the commissioner any financial reports required by the commissioner and shall include, without limitation, accounting statements detailing the financial experience of each protected cell.

~~(g)~~*(8)* Each protected cell captive insurance company shall notify the commissioner in writing within 20 business days from the time that a protected cell has become impaired or insolvent or is otherwise unable to meets its claim or expense obligations.

~~(h)~~*(9)* A participant contract may not take effect without the commissioner's prior written approval.

~~(i)~~*(10)* An addition of each new protected cell or the withdrawal of any participant of an existing protected cell constitutes a change in the business plan of the protected cell captive insurance company and may not be effective without the commissioner's prior written approval.

~~(j)~~*(11)* The business written by a protected cell captive insurance company, with respect to each cell, must be:

~~(i)~~*(a)* fronted by an insurance company licensed under the laws of any state;

~~(ii)~~*(b)* reinsured by a reinsurer authorized or approved by the commissioner; or

~~(iii)~~*(c)* secured by a trust fund in the United States for the benefit of policyholders and claimants, which must be funded by an irrevocable letter of credit or other asset that is acceptable to the commissioner, and with the following requirements:

~~(A)~~*(i)* the amount of the security provided by the trust fund may not be less than the reserves associated with the liabilities that are not fronted or reinsured, including but not limited to reserves for losses that are allocated for loss adjustment expenses, incurred but not reported losses, and unearned premiums for business written through the participant's protected cell;

~~(B)~~*(ii)* the commissioner may require the protected cell captive insurance company to increase the funding of any trust;

~~(C)~~*(iii)* if the form of security in the trust is a letter of credit, the letter of credit must be established, issued, or confirmed by a bank chartered in this state, a member of the federal reserve system, or a bank chartered by another state if that state-chartered bank is acceptable to the commissioner; and

~~(D)~~*(iv)* the trust and trust instrument must be in a form and with terms approved by the commissioner."

CHAPTER NO. 76

[SB 19]

AN ACT PROVIDING FOR THE FILING OF AN AFFIDAVIT OF DEATH FOR THE PURPOSES OF NONPROBATE TRANSFERS OF REAL PROPERTY; AND AMENDING SECTION 72-6-121, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-6-121, MCA, is amended to read:

"72-6-121. Beneficiary deed — form — definitions. (1) A deed that conveys an interest in real property, including any debt secured by a lien on real property, to a grantee beneficiary designated by the owner and that expressly states that the deed is effective on the death of the owner transfers the deceased owner's interest to the grantee beneficiary designated by name in the beneficiary deed effective on the death of the owner, subject to all conveyances, assignments, contracts, mortgages, deeds of trust, liens, security pledges, and other encumbrances made by the owner or to which the owner was subject during the owner's lifetime.

(2) A beneficiary deed may designate multiple grantees who take title as joint tenants with right of survivorship, tenants in common, or any other tenancy that is valid under the laws of this state.

(3) A beneficiary deed may designate a successor grantee beneficiary. If the beneficiary deed designates a successor grantee beneficiary, the deed must state

the condition on which the interest of the successor grantee beneficiary would vest.

(4) If real property is owned by persons as joint tenants with the right of survivorship, a deed that conveys an interest in the real property to a grantee beneficiary designated by all of the ~~then surviving~~ *then-surviving* owners and that expressly states that the deed is effective on the death of the last surviving owner transfers the interest to the designated grantee beneficiary effective on the death of the last surviving owner. If a beneficiary deed is executed by fewer than all of the owners of real property owned as joint tenants with right of survivorship, the beneficiary deed is valid if the last surviving owner is one of the persons who executes the beneficiary deed. If the last surviving owner did not execute the beneficiary deed, the transfer lapses and the deed is void. An estate in joint tenancy with right of survivorship is not affected by the execution of a beneficiary deed that is executed by fewer than all of the owners of the real property, and the rights of a surviving joint tenant with right of survivorship prevail over a grantee beneficiary named in a beneficiary deed. *A surviving person with an interest in real property subject to a beneficiary deed as provided in this section may execute an acknowledged statement that another person with an interest in the property is deceased. The statement must contain those matters specified in 7-4-2613(1)(c) and be recorded with the clerk and recorder in each county in which the real property or any part of the real property is located.*

(5) A beneficiary deed is valid only if the deed is executed and recorded, as provided by law, in the office of the county clerk and recorder of the county in which the property is located, before the death of the owner or the last surviving owner. A beneficiary deed may be used to transfer an interest in real property to the trustee of a trust even if the trust is revocable.

(6) A beneficiary deed may be revoked at any time by the owner or, if there is more than one owner, by any of the owners who executed the beneficiary deed. To be effective, the revocation must be executed and recorded, as provided by law, in the office of the county clerk and recorder of the county in which the real property is located, before the death of the owner who executes the revocation. If the real property is owned as joint tenants with right of survivorship and if the revocation is not executed by all the owners, the revocation is not effective unless executed by the last surviving owner.

(7) If an individual who is a recipient of medicaid pursuant to 53-6-131 conveys an interest in real property by means of a beneficiary deed, the department of public health and human services may assert a claim pursuant to 53-6-167 against the property that is the subject of a beneficiary deed to the extent of medical assistance granted by the department.

(8) If an owner executes and records more than one beneficiary deed concerning the same real property, the last beneficiary deed that is recorded before the owner's death is the effective beneficiary deed.

(9) This section does not prohibit other methods of conveying property that are permitted by law and that have the effect of postponing enjoyment of an interest in real property until the death of the owner. This section does not invalidate any deed otherwise effective by law to convey title to the interests and estates provided in the deed that is not recorded until after the death of the owner.

(10) The signature, consent, or agreement of, or notice to, a grantee beneficiary of a beneficiary deed is not required for any purpose during the lifetime of the owner.

(11) A beneficiary deed that is executed, acknowledged, and recorded in accordance with this section is not revoked by the provisions of a will.

(12) The death of an owner of real property must, for the purposes of this section, be proved by ~~affidavit or certificate of death~~ *an acknowledged statement that a person with an interest in the property is deceased. The statement must contain the matters specified in 7-4-2613(1)(c) and be recorded with the clerk and recorder in each county in which the real property or any part of the real property is located*.

(13) A beneficiary deed is sufficient if it complies with other applicable law and if it is in substantially the following form:

Beneficiary Deed

I (we) ..... (owner) hereby convey to ..... (grantee beneficiary) effective on my (our) death the following described real property:

(Legal description)

If a grantee beneficiary predeceases the owner, the conveyance to that grantee beneficiary must either (choose one):

[ ] Become void.

[ ] Become part of the estate of the grantee beneficiary.

.....

(Dated)

.....

(Signature of grantor(s))

(acknowledgment)

(14) An instrument revoking a beneficiary deed is sufficient if it complies with other applicable laws and is in substantially the following form:

Revocation of Beneficiary Deed

The undersigned hereby revokes the beneficiary deed recorded on ..... (date), in docket or book ..... at page ....., or instrument number ....., records of ..... County, Montana, concerning the following described real property:

(Legal description)

Dated: .....

.....

Signature

(acknowledgment)

(15) As used in this section, the following definitions apply:

(a) "Beneficiary deed" means a deed authorized by this section.

(b) "Grantee beneficiary" or "grantee" means the person to whom an owner grants an interest in the real property that is the subject of the beneficiary deed.

(c) "Owner" means a person who executes a beneficiary deed as provided in this section."

If the insurer has not sold the salvage vehicle prior to the time of surrendering the certificate of title, the insurer shall apply for a salvage certificate on a form prescribed by the department. If the certificate of title names one or more holders of a perfected security interest in the motor vehicle, the insurer shall secure and deliver to the department a release from each secured party of the secured interest.

(2) Upon receipt of a properly executed certificate of title and a salvage certificate application from an insurer, the department shall issue a salvage certificate to the insurer within 5 working days of the date of receipt of the application. Upon receipt of a salvage certificate issued by the department to a noninsurer, the owner may possess, retain, transport, sell, transfer, or otherwise dispose of the salvage vehicle. (8) Review and certification or denial of certification that a division of land is not subject to sanitary restrictions under this part may occur only under those rules in effect when a complete application is submitted to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot was originally intended, the applicable requirements in effect at the time the lot was recorded must be applied. In the absence of specific requirements, minimum standards necessary to protect public health and water quality apply.

AN ACT MODIFYING VEGETATIVE COVER OF WATER FACILITY STANDARDS FOR FINAL BOND RELEASE AT COAL AND URANIUM MINES; ELIMINATING THE CONTINGENT VOIDNESS SECTION RELATED TO FEDERAL APPROVAL OF MODIFICATIONS TO THE VEGETATIVE COVER STANDARDS; AMENDING SECTION 82-4-235, MCA; REPEALING SECTION 2, CHAPTER 72, LAWS OF 2009; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-235, MCA, is amended to read:

"82-4-235. ~~(Temporary)~~ Determination of successful revegetation — final bond release. (1) Success of revegetation must be judged on the

effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the cover occurring in the natural vegetation, and the requirements of 82-4-233. Standards for success are:

(a) for areas reclaimed for use as cropland, crop production must be at least equal to that achieved prior to mining based on comparison with historical data, comparable reference areas, or United States department of agriculture publications applicable to the area of the operation, as referenced in rules adopted by the board;

(b) for areas reclaimed for use as pastureland or grazing land, the ground cover and production of living plants on the revegetated area must be at least equal to that of a reference area or other standard approved by the department as appropriate for the postmining land use;

(c) for areas reclaimed for use as fish and wildlife habitat, forestry, or recreation, success of revegetation must be determined on the basis of approved tree density standards or shrub density standards, or both, and vegetative ground cover required to achieve the postmining land use;

(d) reestablished vegetation is considered effective if the postmining land use is achieved and erosion is controlled;

(e) reestablished vegetation is considered permanent if it is diverse and effective at the end of the 10-year responsibility period specified under subsection (2); and

(f) plant species composing the reestablished vegetation are considered to have the same seasonal characteristics of growth as the original vegetation, to be capable of regeneration and plant succession, and to be compatible with the plant and animal species of the area if those plant species are native to the area or are introduced species approved by the department as desirable and necessary to achieve the postmining land use.

(2) Inspection and evaluation of reclaimed vegetative cover must be made as soon as possible following an application for final bond release to determine if a satisfactory stand has been established. If the department determines that a satisfactory vegetative cover has been established, it shall release the remaining bond held on the area reclaimed after public notice and an opportunity for hearing as provided in 82-4-232(6). Except as provided in subsection (3), the remaining bond may not be released prior to a period of 10 years after the last year of augmented seeding, fertilizing, irrigation, or other work required under this part for those operations or portions of operations that were seeded after May 2, 1978, or prior to a period of 5 years after initial planting for all exploration activities and all other operations.

(3) (a) Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is not subject to the 10-year responsibility period. Water management facilities and other support facilities include ~~but are not limited to~~ sedimentation ponds, diversions, other water management structures, soils stockpiles, *and* access roads~~, segments of haul roads, and electrical substations~~.

(b) Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is eligible for bond release if the vegetative cover otherwise meets the reclamation standards in subsection (1).

(4) (a) Notwithstanding the provisions of subsections (2) and (3), on land from which coal was removed prior to May 3, 1978, and on land from which coal was not removed and that was not used, disturbed, or redisturbed in connection

with this part after May 2, 1978, pursuant to a permit issued by the department under this part, the department may approve for release a bond on an area of reclaimed vegetation that meets the following criteria:

(i) it was seeded using a seed mixture that was approved by the department under the criteria established pursuant to 82-4-233 and that included introduced species; and

(ii) at least one of the following conditions exists:

(A) the standards of 82-4-233(1) are otherwise achieved;

(B) the operator has demonstrated substantial usefulness of the reclaimed vegetation for grazing of livestock;

(C) the operator demonstrates that the reclaimed vegetation has substantial value as a habitat component for wildlife present in the area; or

(D) the topography and soils are suitable for conversion to cropland or hayland consistent with the standards of 82-4-232 and the department approves and the operator completes that conversion.

(b) On lands that meet the criteria described in subsection (4)(a), interseeding or supplemental planting may be performed without reinitiating the liability period provided in subsection (2). ~~(Void on occurrence of contingency—sec. 2, Ch. 72, L. 2009.)~~

82-4-235. (Effective on occurrence of contingency) Determination of successful revegetation — final bond release. ~~(1) Success of revegetation must be judged on the effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the cover occurring in the natural vegetation, and the requirements of 82-4-233. Standards for success are:~~

~~(a) for areas reclaimed for use as cropland, crop production must be at least equal to that achieved prior to mining based on comparison with historical data, comparable reference areas, or United States department of agriculture publications applicable to the area of the operation, as referenced in rules adopted by the board;~~

~~(b) for areas reclaimed for use as pastureland or grazing land, the ground cover and production of living plants on the revegetated area must be at least equal to that of a reference area or other standard approved by the department as appropriate for the postmining land use;~~

~~(c) for areas reclaimed for use as fish and wildlife habitat, forestry, or recreation, success of revegetation must be determined on the basis of approved tree density standards or shrub density standards, or both, and vegetative ground cover required to achieve the postmining land use;~~

~~(d) reestablished vegetation is considered effective if the postmining land use is achieved and erosion is controlled;~~

~~(e) reestablished vegetation is considered permanent if it is diverse and effective at the end of the 10-year responsibility period specified under subsection (2); and~~

~~(f) plant species composing the reestablished vegetation are considered to have the same seasonal characteristics of growth as the original vegetation, to be capable of regeneration and plant succession, and to be compatible with the plant and animal species of the area if those plant species are native to the area or are introduced species approved by the department as desirable and necessary to achieve the postmining land use.~~

~~(2) Inspection and evaluation of reclaimed vegetative cover must be made as soon as possible following an application for final bond release to determine if a satisfactory stand has been established. If the department determines that a satisfactory vegetative cover has been established, it shall release the remaining bond held on the area reclaimed after public notice and an opportunity for hearing as provided in 82-4-232(6). The remaining bond may not be released prior to a period of 10 years after the last year of augmented seeding, fertilizing, irrigation, or other work required under this part for those operations or portions of operations that were seeded after May 2, 1978, or prior to a period of 5 years after initial planting for all exploration activities and all other operations.~~

~~(3) (a) Notwithstanding the provision in subsection (2), on land from which coal was removed prior to May 3, 1978, and on land from which coal was not removed and that was not used, disturbed, or redisturbed in connection with this part after May 2, 1978, pursuant to a permit issued by the department under this part, the department may approve for release a bond on an area of reclaimed vegetation that meets the following criteria:~~

~~(i) it was seeded using a seed mixture that was approved by the department under the criteria established pursuant to 82-4-233 and that included introduced species; and~~

~~(ii) at least one of the following conditions exists:~~

~~(A) the standards of 82-4-233(1) are otherwise achieved;~~

~~(B) the operator has demonstrated substantial usefulness of the reclaimed vegetation for grazing of livestock;~~

~~(C) the operator demonstrates that the reclaimed vegetation has substantial value as a habitat component for wildlife present in the area; or~~

~~(D) the topography and soils are suitable for conversion to cropland or hayland consistent with the standards of 82-4-232 and the department approves and the operator completes that conversion.~~

~~(b) On lands that meet the criteria described in subsection (3)(a), interseeding or supplemental planting may be performed without reinitiating the liability period provided in subsection (2).~~"

(3) (a) If the ~~administrator~~ *department* receives no written protests, the department may approve the application without holding a public hearing.

(b) A response to a notice of opportunity to protest an application may not be considered unless the response is a letter satisfying all the requirements contained in the notice in subsection (1).

(c) If the department receives sufficient written protests that satisfy the requirements in subsection (1) against the approval of the application, the department shall hold a public hearing as provided in subsection (4).

(4) (a) If the department receives at least one protest but less than the number of protests required for a public convenience and necessity determination as specified in subsection (4)(c), the department shall schedule a public hearing to be held in Helena, Montana, to determine whether the protest presents sufficient cause to deny the application based on the qualifications of the applicant as provided in 16-4-401 or on the grounds for denial of an application provided for in 16-4-405, exclusive of public convenience and necessity. The hearing must be governed by the provisions of Title 2, chapter 4, part 6.

The minimum number of protests determined in this manner will apply only to applications for either on-premises consumption beer or all-beverages licenses.

(d) A resident of a county in another state that adjoins the county in Montana from which an application comes may protest an application only if the county or state of residence of the person has certified to the department that a similarly situated Montana resident would be able to make formal protest of a liquor license application in that state or county. The department may, by rule, establish how the certification is to be made."

Section 2. Fundraising events for nonprofit and tax-exempt organizations. (2) If the fundraising event is held on the premises of a business licensed under this code or on premises for which a permit has been issued under this code, the alcoholic beverage may not be consumed on the premises. An alcoholic beverage that is on a licensee's premises solely for a fundraising event under this section does not constitute a violation by the licensee of 16-3-301(1) or 16-6-303.

(3) A nonprofit or tax-exempt organization may hold no more than four events per calendar year at which alcoholic beverages are raffled or auctioned. The duration of each event must be announced at the time any raffle tickets are sold or auction bids are received. Raffles and auctions held pursuant to this section must be to directly support bona fide charitable, nonprofit, or tax-exempt activities.

(4) An alcoholic beverage for raffle or auction must be:

(a) acquired, whether by purchase or donation, by the organization from a retailer licensed under the provisions of this code, excluding a restaurant beer and wine licensee;

(b) purchased by the organization from an agency liquor store at not less than the posted price; or

(c) received by the organization as a donation at no cost to the organization from any other person except one licensed as a wholesaler or distributor under this code.

(5) No proceeds from the raffle or auction of alcoholic beverages may go to anyone who provided the alcoholic beverages to the organization for the raffle or auction.

(6) For a raffle or auction described in subsection (1), raffle tickets may not be sold to, and auction bids may not be solicited or received from, any person under 21 years of age. The organization raffling or auctioning alcoholic beverages may not sell, deliver, or give away any alcoholic beverage to a person under 21 years of age or to any person actually, apparently, or obviously intoxicated.

(7) As used in this section:

(a) "auction" means the sale of an item or items, which may include alcoholic beverages, whereby the item for sale is sold to the highest bidder at the bid price. An auctioned item or items may have a reserve price.

(b) "raffle" means an event in which a nonprofit or tax-exempt organization sells tickets and each ticket gives the purchaser of the ticket the chance to win a prize, which may include alcoholic beverages, with the winner determined by a random drawing.

Section 3. Codification instruction. [Section 2] is intended to be codified as an integral part of Title 16, chapter 3, part 3, and the provisions of Title 16, chapter 3, part 3, apply to [section 2].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-5-206, MCA, is amended to read:

"41-5-206. Filing in district court prior to formal proceedings in youth court. (1) The county attorney may, in the county attorney's discretion and in accordance with the procedure provided in 46-11-201, file with the district court a motion for leave to file an information in the district court if:

(a) the youth charged was 12 years of age or older at the time of the conduct alleged to be unlawful and the unlawful act would if it had been committed by an adult constitute:

(i) sexual intercourse without consent as defined in 45-5-503;

(ii) deliberate homicide as defined in 45-5-102;

(iii) mitigated deliberate homicide as defined in 45-5-103;

(iv) assault on a peace officer or judicial officer as defined in 45-5-210; or

(v) the attempt, as defined in 45-4-103, of or accountability, as provided in 45-2-301, for either deliberate or mitigated deliberate homicide; or

(b) the youth charged was 16 years of age or older at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

(i) negligent homicide as defined in 45-5-104;

(ii) arson as defined in 45-6-103;

(iii) aggravated assault as defined in 45-5-202;

(iv) sexual assault as provided in 45-5-502(3);

(v) assault with a weapon as defined in 45-5-213;

(vi) robbery as defined in 45-5-401;

(vii) burglary or aggravated burglary as defined in 45-6-204;

(viii) aggravated kidnapping as defined in 45-5-303;

(ix) possession of explosives as defined in 45-8-335;

(x) criminal distribution of dangerous drugs as defined in 45-9-101;

(xi) criminal possession of dangerous drugs as defined in 45-9-102(4) through (6);

(xii) criminal possession with intent to distribute as defined in 45-9-103(1);

(xv) escape as defined in 45-7-306;

(xvi) attempt, as defined in 45-4-103, of or accountability, as provided in 45-2-301, for any of the acts enumerated in subsections (1)(b)(i) through (1)(b)(xv).

(2) The county attorney shall file with the district court a petition for leave to file an information in district court if the youth was 17 years of age at the time the youth committed an offense listed under subsection (1).

(3) The district court shall grant leave to file the information if it appears from the affidavit or other evidence supplied by the county attorney that there is probable cause to believe that the youth has committed the alleged offense. Within 30 days after leave to file the information is granted, the district court shall conduct a hearing to determine whether the matter must be transferred back to the youth court, unless the hearing is waived by the youth or by the youth's counsel in writing or on the record. The hearing may be continued on request of either party for good cause. The district court may not transfer the case back to the youth court unless the district court finds, by a preponderance of the evidence, that:

(a) a youth court proceeding and disposition will serve the interests of community protection;

(b) the nature of the offense does not warrant prosecution in district court; and

(c) it would be in the best interests of the youth if the matter was prosecuted in youth court.

(4) The filing of an information in district court terminates the jurisdiction of the youth court over the youth with respect to the acts alleged in the information. A youth may not be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been filed in the district court as provided in this section. A case may be transferred to district court after prosecution as provided in 41-5-208 or 41-5-1605.

During the period of confinement, school-aged youth with disabilities must be provided an education consistent with the requirements of the federal Individuals With Disabilities Education Act, 20 U.S.C. 1400, et seq.

(7) If a youth's case is filed in the district court and remains in the district court after the transfer hearing, the youth may be detained in a jail or other adult detention facility pending final disposition of the youth's case if the youth

is kept in an area that provides physical separation from adults accused or convicted of criminal offenses."

(2) An amendment may not become effective except upon a favorable vote of two-thirds of the present and voting members of the city or town council or legislative body of the municipality if a protest against a change pursuant to subsection (1) is signed by the owners of 25% or more of:

[SB 103]

AN ACT EXEMPTING FROM PERMITTING THE DEVELOPMENT OF GROUND WATER WELLS AND SPRINGS FOR USE IN CERTAIN HEATING OR COOLING APPLICATIONS; AND AMENDING SECTION 85-2-306, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) (a) Except as provided in subsection (1)(b), ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works.

(b) If another person has rights in the ground water development works, water may be appropriated with the written consent of the person with those property rights or, if the ground water development works are on national forest system lands, with any prior written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the certificate.

(c) If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person's intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of a rule promulgated pursuant to 85-2-506.

(3) (a) *(i) Except as provided in subsection (3)(a)(ii), outside* ~~Outside~~ the boundaries of a controlled ground water area, a permit is not required before

appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit.

(ii) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 350 gallons a minute or less for use in nonconsumptive geothermal heating or cooling exchange applications if all of the water extracted is returned without delay to the same source aquifer and if the distance between the extraction well and both the nearest existing well and the hydraulically connected surface waters is more than twice the distance between the extraction well and the injection well.

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from a source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring*:*

(i) with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit*; or*

(ii) when the appropriation is made by a local governmental fire agency organized under Title 7, chapter 33, and the appropriation is used only for emergency fire protection, which may include enclosed storage.

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from a source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

Section 15. Section 19-3-401, MCA, is amended to read:

"19-3-401. Membership — inactive vested members — inactive nonvested members. (1) Except as otherwise provided in this chapter, all employees ~~must~~ become members of the defined benefit plan on the first day of service. Each employer shall file with the board information affecting ~~their~~ *the employer's* employees' status as members as the board may require. An employee may become a member of the defined contribution plan only as provided in Title 19, chapter 3, part 21.

(2) (a) An inactive member of the defined benefit plan with at least 5 years of membership service is an inactive vested member and retains the right to purchase service credit and to receive a service retirement benefit subject to the provisions of this chapter.

(b) If an inactive vested member of the defined benefit plan chooses to take a lump-sum payment rather than a retirement benefit, the lump-sum payment consists of only the member's accumulated contributions and not the employer's contributions.

(3) (a) An inactive member of the defined benefit plan with less than 5 years of membership service is an inactive nonvested member and is not eligible for any benefits from the retirement plan.

(b) An inactive nonvested member of the defined benefit plan is eligible only for a refund of the member's accumulated contributions.

(4) Except as otherwise provided in this chapter, a member of either the defined benefit plan or the defined contribution plan is an active member of the system and is not eligible for a refund of contributions or for benefit payments if the member either:

(a) returns to service within 30 days of termination of employment; or

(b) terminates one employment but remains employed in another position covered by the system.

(5) Time during which an employee of a school district*, the Montana school for the deaf and blind,* or a public institution of higher education is absent from service during official vacation is counted as membership service in determining eligibility for retirement benefits."

Section 16. Section 19-3-403, MCA, is amended to read:

"19-3-403. Exclusions from membership. The following persons may not become members of the retirement system and, except as provided in subsection (7), may not later purchase previous service under 19-3-505:

(1) inmates *or residents* of state institutions *or correctional institutions*;

(2) persons in state institutions principally for the purpose of training but who receive compensation;

(3) independent contractors;

(4) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision of the state and who are receiving credit in the other system for employment. It is the purpose of this subsection to prevent a person from receiving credit for the same employment in two retirement systems supported wholly or in part by public funds, except when the service qualifies and is applied for and the service credit is purchased pursuant to 19-3-503. A member of the retirement system who, because of employment by the state, is required to become a member of any other system described in this subsection is considered, with regard to that employment, an inactive member of the retirement system, except that the member is not eligible for retirement or a refund of the member's accumulated contributions. Exclusion under this subsection is subject to the following exceptions:

(a) The employees of an employer who has entered into a collective bargaining agreement involving a multiemployer pension plan qualified by the internal revenue service and that requires contributions by the employer for the members of the bargaining unit remain eligible, if otherwise qualified, for membership in the retirement system.

(b) For the purpose of this subsection (4), persons receiving pensions, retirement benefits, or other payments from any source on account of employment other than as an employee are not considered, because of receipt, members of any other retirement or pension system.

(5) substitute teachers or part-time teacher's aides who may elect to join the teachers' retirement system in accordance with 19-20-302(4);

(6) court commissioners, elected officials, or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(7) full-time students employed at and attending the same public elementary school, high school, community college, or unit of the state university system, except that a person excluded from membership as a student of a public community college or a unit of the state university system who later becomes an active member by otherwise becoming an employee may affirmatively exercise the option of purchasing the service credit excluded by this subsection by applying to the board in writing after becoming an active member and become eligible to receive service credit for the excluded service under the provisions of 19-3-505."

Section 17. Section 19-3-412, MCA, is amended to read:

"19-3-412. Optional membership. (1) Except as provided in 5-2-304 and subsection (2) of this section, the following employees and elected officials in covered positions shall elect either to become active members of the retirement system or to decline this optional membership by filing an irrevocable, written application with the board in the manner prescribed in subsection (3):

(a) elected officials of the state or local governments, including individuals appointed to fill the unexpired term of elected officials, who:

(i) are paid on a salary or wage basis rather than on a per diem or other reimbursement basis; or

(ii) were members receiving retirement benefits under the defined benefit plan or a distribution under the defined contribution plan at the time of their election;

(b) employees serving in employment that does not cumulatively exceed a total of 960 hours of covered employment with all employers under this chapter in any fiscal year;

(c) employees directly appointed by the governor;

(d) employees working 10 months or less for the legislative branch to perform work related to the legislative session;

(e) the chief administrative officer of any city or county;

(f) employees of county hospitals or rest homes.

(2) A member who is elected to a local government position in which the member works less than 960 hours in a calendar year may, within 90 days of ~~being elected~~ *taking office*, decline optional membership with respect to the member's elected position.

(3) (a) The board shall prescribe the form of the written application required pursuant to subsection (1) and provide written application forms to each employer.

(b) Each employee or elected official in a position covered under subsection (1) shall obtain the written application form from the employer and complete and return it to the board.

(c) The written application must be filed with the board:

(i) for an employee described in subsection (1)(d), within 90 days of the commencement of the employee's employment; and

(ii) for an employee or elected official described in subsection (1)(a), (1)(b), (1)(c), (1)(e), or (1)(f), within 90 days of the commencement of the employee's or elected official's employment.

(d) The employer shall retain a copy of the employee's or elected official's written application.

(4) If the employee or elected official fails to file the written application required under subsection (1) with the board within the time allowed in subsection (3), the employee or elected official waives membership.

(5) An employee or elected official who declines optional membership may not receive membership service or service credit for the employment for which membership was declined.

(6) An employee or elected official who declined optional membership but later becomes a member may purchase service credit for the period of time beginning with the date of employment in which membership was declined to the commencement of membership. Purchase of service credit pursuant to this subsection must comply with 19-3-505.

(7) Except as provided in subsection (2), membership in the retirement system is not optional for an employee or elected official who is already a member. Upon employment in a position for which membership is optional:

(a) a member who was an active member before the employment remains an active member;

(b) a member who was an inactive member before the employment becomes an active member; and

(c) a member who was a retired member before the employment is subject to part 11 of this chapter.

(8) (a) An employee who declines membership for a position for which membership is optional may not later become a member while still employed with the same employer but in a different optional membership position.

(b) An elected official who declines membership for a position for which membership is optional may not later become a member if reelected to the same optional membership position.

(c) If, after ~~a break in service of~~ *termination from employment for* 30 days or more, an employee who was employed in an optional membership position is reemployed in the same position or is employed in a different position for which membership is optional, the employee shall again choose or decline membership.

(d) If the ~~break in service~~ *termination from employment* is less than 30 days, an employee who declined membership is bound by the employee's original decision to decline membership.

(9) An employee accepting a position that requires membership must become a member even if the employee previously declined membership and did not have a 30-day break in service."

Section 18. Section 19-3-513, MCA, is amended to read:

"19-3-513. Application to purchase additional service. (1) Subject to 19-3-514, a member with at least 5 years of membership service may, at any time before retirement, file a written application with the board to purchase 1 year of additional service credit for each 5 years of membership service.

(2) To purchase this service credit under this section, a member shall pay the actuarial cost of the service credit, based on the system's most recent actuarial valuation.

(3) Service credit purchased under this section is not membership service and may not be used to qualify a member for service retirement *or to bring a member to 25 years of membership service for the purposes of 19-3-902 or 19-3-904(2)*.

(4) ~~Once a member has at least 25 years of membership service, purchases~~ *Purchases* of one-for-five service will be used to adjust the early retirement reduction required in 19-3-906 *if applicable*."

Section 19. Section 19-3-901, MCA, is amended to read:

"19-3-901. Eligibility for service retirement. (1) A member who has attained ~~the age of~~ 60 *years of age* and has 5 years of membership service is eligible for service retirement. A member who has attained *at least* ~~age~~ 65 *years of age and is* ~~while~~ employed in a position covered by a public employees' retirement system is eligible for service retirement regardless of the member's years of membership service. A member who has 30 years or more of membership service is eligible for service retirement regardless of the member's age.

(2) In each of the circumstances described in subsection (1), the member has attained normal retirement age."

Section 20. Section 19-3-906, MCA, is amended to read:

"19-3-906. Early retirement benefit. (1) The amount of retirement benefit payable to a member following early retirement is the actuarial equivalent of the accrued portion of the service retirement benefit that would have been payable to the member commencing at age 60 or upon completion of 30 years of membership service pursuant to 19-3-904.

(2) The early retirement benefit must be determined as prescribed in 19-3-904, with the exception that the benefit must be reduced as follows:

(a) by ~~1/2 of 1%~~ *0.5%* multiplied by the number of months up to a maximum of 60 months by which the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service; and

(b) by ~~3/10 of 1%~~ *0.3%* multiplied by the number of months in excess of the 60 months in subsection (2)(a) but not to exceed 60 additional months that the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service.

(3) The actuarial reduction provided for in this section must be adjusted for any one-for-five service purchased under 19-3-513 ~~once the member has at least 25 years of membership service~~."

Section 21. Section 19-3-1106, MCA, is amended to read:

"19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exceptions. (1) A retired member under 65 years of age who *has been terminated from employment for at least 90 days and* is receiving a service retirement benefit or early retirement benefit may return to employment covered by the retirement system for a period not to exceed 960 hours in any calendar year without returning to active service and without any effect to the retiree's retirement benefit. The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A ~~retiree~~ *retired member who is* 65 years of age or older *but less than 70 1/2 years of age, who has been terminated from employment for at least 90 days, and* who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement ~~benefits~~ *benefit*, will not exceed the member's annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in service beyond the applicable limitation during that calendar year.

(3) The employer of a retiree returning to employment covered by the retirement system shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any pay period after retirement. The certification of hours and compensation may be submitted electronically pursuant to rules adopted by the board.

(4) A retiree returning to employment covered by the retirement system may elect to return to active membership at any time during this period of covered employment.

(5) The following members who return to employment covered by the retirement system are not subject to the hour or earnings limitations in subsections (1) and (2) or the reporting requirements in subsection (3):

(a) a retired member who is 70 1/2 years of age or older; or

(b) an elected official in a covered position who*, as a retired member,* declines optional membership as provided in 19-3-412.

(6) For the purposes of this section, "employment covered by the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor as those terms are defined in 39-8-102."

Section 22. Section 19-3-1201, MCA, is amended to read:

"19-3-1201. Eligibility for death payments. Upon receipt of a written application filed with the board by a designated beneficiary, the board shall grant a death payment to the designated beneficiary of any member who dies:

(1) while in service;

~~(2) within 6 months after the discontinuance of service but before retirement;~~

~~(3)~~*(2)* while a recipient of a disability retirement benefit, if the benefit has been in effect less than 6 months;

~~(4)~~*(3)* while disabled, if the member has been continuously disabled since discontinuance of the member's service but is not receiving a disability retirement benefit; or

~~(5)~~*(4)* while an inactive member."

Section 23. Section 19-3-1202, MCA, is amended to read:

"19-3-1202. Amount of death payment. (1) The amount of death payment to be made to the designated beneficiary of a deceased member is the sum of subsections (1)(a), (1)(b), and (1)(c) as follows:

(a) the member's accumulated contributions;

(b) subject to subsection (2), an amount equal to one-twelfth of the compensation received by the member during the last 12 months of compensation multiplied by the smaller of six or the number of years of the member's service credit; and

(c) the accumulated regular interest on the amounts in subsections (1)(a) and (1)(b) to the first day of the month in which the payment is made.

(2) *(a) A beneficiary of a member who was inactive for less than 6 months at the time of death is eligible to receive the payment described in subsection (1)(b).*

(b) A beneficiary of ~~an inactive~~ *a* member *who was inactive for 6 or more months at the time of death* is not eligible to receive the payment described in subsection (1)(b)."

Section 24. Section 19-3-1203, MCA, is amended to read:

"19-3-1203. Election of optional death annuity. The designated beneficiary of a deceased member may elect, by filing a written application with the board, to have the death payment provided for in ~~19-3-1201~~ *19-3-1202* paid in an actuarially equivalent form, subject to rules that the board may adopt. The annuity payments are not subject to increases that may be granted to other monthly retirement benefits."

Section 25. Section 19-3-1501, MCA, is amended to read:

"19-3-1501. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. An optional retirement benefit is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit, depending on the option selected, to a contingent annuitant as follows:

(a) option 2—a continuation of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant. This option may be the chosen benefit only if the adjusted age difference between the member or designated beneficiary and the contingent annuitant, other than the member's or designated beneficiary's spouse, is 10 years or less. The adjusted age difference is either:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (1)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(ii) if there is more than one surviving contingent annuitant, each contingent annuitant must receive a proportion of the initial payee's benefit on a share-and-share-alike basis*;*

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(2) The member or the designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If the member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, then the election is void.

(5) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) may file a written application with the board to have the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(b) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has not been granted the right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. The benefit must then revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the original contingent annuitant.

(6) A member who applies to revert under subsection (5) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option and name a new contingent annuitant.

(7) If the member selects an alternative under subsection (6)(b) or (6)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of this election.

(8) A written application pursuant to subsection (5) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

Section 26. Section 19-3-2114, MCA, is amended to read:

"19-3-2114. Amount available to transfer. (1) (a) For an employee who was an active member of the system on the day before the effective date of the defined contribution plan and who elects to transfer to the plan:

(i) for amounts contributed prior to July 1, 2002, the board shall transfer from the defined benefit plan to the member's retirement account the employee's contributions and the percentage of the employer's contributions specified in subsection (1)(b), plus 8% compounded annual interest on the total of the transferred employee and employer contributions from the month that the contributions were received; and

(ii) for amounts contributed on or after July 1, 2002, the board shall transfer from the defined benefit plan to the member's retirement account an amount equal to the amount that would have been allocated to the member's account pursuant to 19-3-2117, plus 8% compounded annual interest from the month that the contributions were received.

(b) Based on the contribution amount historically available to pay unfunded liabilities in the defined benefit plan and the transferring member's years of membership service, the percentage of the employer contributions that may be transferred are as follows:

Years of membership service	Percentage of employer contributions available to transfer
Less than 5 years	65.53%
5 to 9 years	58.59%
10 to 14 years	55.26%
15 to 19 years	55.42%
20 or more years	57.53%

(2) For an employee hired on or after the effective date of the defined contribution plan who elects to become a member of the plan, the board shall transfer from the defined benefit plan to the member's retirement account an amount equal to the amount that would have been allocated to the member's account pursuant to 19-3-2117 had the employee become a plan member on the employee's hire date, plus*:*

(a) 8% compounded annual interest from the *initial* month that the contributions were received *through the last month that the contributions were received prior to July 1, 2011; and*

(b) 7.75% compounded annual interest from July 1, 2011, forward.

(3) For an employee who was an inactive member of the defined benefit plan on the date that the defined contribution plan became effective and who after that date became an active member and elected to transfer to the defined contribution plan:

(a) for amounts contributed prior to July 1, 2002, the board shall transfer from the defined benefit plan to the member's retirement account the employee's contributions and the percentage of the employer's contributions specified in subsection (1)(b), plus 8% compounded annual interest on the total of the transferred employee and employer contributions from the month that the contributions were received; and

(b) for amounts contributed on or after July 1, 2002, the board shall transfer from the defined benefit plan to the member's retirement account an amount equal to the amount that would have been allocated to the member's account pursuant to 19-3-2117, plus*:*

(i) 8% compounded annual interest from the *initial* month that the contributions were received *through the last month that the contributions were received prior to July 1, 2011; and*

(ii) 7.75% compounded annual interest from July 1, 2011, forward."

Section 27. Section 19-3-2117, MCA, is amended to read:

"19-3-2117. Allocation of contributions and forfeitures. (1) The member contributions made under 19-3-315 and additional contributions paid by the member for the purchase of service must be allocated to the plan member's retirement account.

(2) Subject to adjustment by the board as provided in 19-3-2121, of the employer contributions under 19-3-316 received:

(a) an amount equal to:

(i) 4.19% of compensation must be allocated to the member's retirement account;

(ii) 2.37% of compensation must be allocated to the defined benefit plan as the plan choice rate;

(iii) 0.04% of compensation must be allocated to the education fund as provided in 19-3-112(1)(b); and

(iv) 0.3% of compensation must be allocated to the long-term disability plan trust fund established pursuant to 19-3-2141; and

(b) ~~on July 1, 2007, through June 30, 2009, 0.135% of compensation and~~ on July 1, 2009, continuing until the additional employer contributions terminate pursuant to 19-3-316, 0.27% of compensation must be allocated in the following order:

(i) to the administrative account used by the board to meet the expenses of the plan's startup loan~~,~~ until paid in full;

(ii) to the defined benefit plan to eliminate the plan choice rate unfunded actuarial liability; and

(iii) to the long-term disability plan trust fund to provide disability benefits to eligible members.

(3) Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a member's retirement account. The board shall allocate the forfeitures under 19-3-2116 to meet the plan's administrative expenses, including startup expenses."

Section 28. Section 19-5-701, MCA, is amended to read:

"19-5-701. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. An optional retirement benefit is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit, depending on the option selected, to a contingent annuitant as follows:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (1)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an

equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(2) The member or designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If the member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, the election is void.

(5) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) may file a written application with the board to have the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(8) A written application pursuant to subsection (5) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

(b) A detention officer who was a member of the public employees' retirement system on July 1, 2005, may remain in the public employees' retirement system or elect to become a member of the sheriffs' retirement system by filing a written election with the board before May 1, 2006.

(4) A member of the public employees' retirement system who begins employment in a position covered by the sheriffs' retirement system may remain in the public employees' retirement system or may elect to become a member of the sheriffs' retirement system by filing a written election with the board no later than 30 days after beginning the employment.

(b) An inactive nonvested member is eligible only for a refund of the member's accumulated contributions."

Section 30. Section 19-7-302, MCA, is amended to read:

"19-7-302. Ineligibility for membership in public employees' retirement system. (1) After July 1, 1974, a sheriff may not become a member of the public employees' retirement system and the provisions of The Public Employees' Retirement System Act do not apply to sheriffs.

Section 31. Section 19-7-1001, MCA, is amended to read:

"19-7-1001. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the

actuarial equivalent of the original benefit. An optional retirement benefit is initially payable during the member's or designated beneficiary's lifetime with a subsequent benefit, depending on the option selected, to a contingent annuitant, as follows:

(a) option 2—a continuation of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant. This option may be the chosen benefit only if the adjusted age difference between the member or designated beneficiary and the contingent annuitant, other than the member's or designated beneficiary's spouse, is 10 years or less. The adjusted age difference is either:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (1)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(ii) if there is more than one surviving contingent annuitant, each contingent annuitant must receive a proportion of the initial payee's benefit on a share-and-share-alike basis*;*

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(2) The member or the designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If the member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, the election is void.

(5) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) may file a written application with the board to have

the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(b) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has not been granted the right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. The benefit must revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the contingent annuitant.

(6) A member who applies to revert under subsection (5) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option and name a new contingent annuitant.

(7) If the member selects an alternative under subsection (6)(b) or (6)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of the election.

(8) A written application pursuant to subsection (5) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

Section 32. Section 19-8-101, MCA, is amended to read:

"19-8-101. Definitions. Unless the context requires otherwise, the following definitions apply in this chapter:

(1) (a) "Compensation" means remuneration paid from funds controlled by an employer in payment for the member's services or for time during which the member is excused from work because the member has taken compensatory leave, sick leave, annual leave, *banked holiday time,* or a leave of absence before any pretax deductions allowed by state or federal law are made.

(b) Compensation does not include maintenance, allowances, and expenses.

(2) "Highest average compensation" means a member's highest average monthly compensation during any 36 consecutive months of membership service or, in the event a member has not served at least 36 months, the total compensation earned divided by the number of months of service. A lump-sum payment may not be added to a single month's compensation.

(3) "Game warden" means a state fish and game warden hired by the department of fish, wildlife, and parks and includes all warden supervisory personnel whose salaries or compensation is paid out of the department of fish, wildlife, and parks money.

(4) "Motor carrier officer" means an employee of the department of transportation designated or appointed as a peace officer pursuant to 61-10-154 or 61-12-201.

(5) "Peace officer" or "state peace officer" means a person who by virtue of the person's employment with the state is vested by law with a duty to maintain public order or make arrests for offenses while acting within the scope of the person's authority or who is charged with specific law enforcement responsibilities on behalf of the state."

Section 33. Section 19-8-601, MCA, is amended to read:

"19-8-601. Time of retirement. *(1)* A member who has completed at least 20 years of membership service and reached ~~the age of~~ 50 years *of age* has attained normal retirement age and may retire with a service retirement benefit by filing a written application with the board.

The adjusted age difference is either:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (1)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(2) The member or the designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If the member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, the election is void.

(5) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) may file a written application with the board to have the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(b) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has not been granted the right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. The benefit must then revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the original contingent annuitant.

(6) A member who applies to revert under subsection (5) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option and name a new contingent annuitant.

(7) If the member selects an alternative under subsection (6)(b) or (6)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of the election.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-1-304, MCA, is amended to read:

"37-1-304. Licensure of out-of-state applicants — reciprocity. (1) A board may issue a license to practice without examination to a person licensed in another state if the board determines that:

(a) the other state's license standards at the time of application to this state are substantially equivalent to or greater than the standards in this state; and

(b) there is no reason to deny the license under the laws of this state governing the profession or occupation.

(2) The license may ~~not~~ be issued ~~until the board receives~~ *if the applicant affirms or states in the application that the applicant has requested* verification from the state or states in which the person is licensed that the person is currently licensed and is not subject to pending charges or final disciplinary action for unprofessional conduct or impairment. *If the board or its screening panel finds reasonable cause to believe that the applicant falsely affirmed or stated that the applicant has requested verification from the other state or states, the board may summarily suspend the license pending further action to discipline or revoke the license.*

Except as provided in 37-68-311 and 37-69-306, a permit is valid until the person either fails the first license examination for which the person is eligible following issuance of the permit or passes the examination and is granted a license."

The screening panel shall also state in writing the reasonable grounds that support the panel's finding that a violation may have occurred. The assigned board members may not subsequently participate in a hearing of the case. The final decision on the case must be made by a majority of the board members who did not serve on the screening panel for the case.

(e) grant or deny a license and, upon a finding of unprofessional conduct by an applicant or license holder, impose a sanction provided by this chapter.

(2) Each board is designated as a criminal justice agency within the meaning of 44-5-103 for the purpose of obtaining confidential criminal justice information, as defined in 44-5-103, regarding the board's licensees and license applicants and regarding possible unlicensed practice, but the board may not record or retain any confidential criminal justice information without

(3) A board may contact and request information from the department of justice, which is designated as a criminal justice agency within the meaning of 44-5-103, for the purpose of obtaining criminal history record information regarding the board's licensees and license applicants and regarding possible unlicensed practice.

A person licensed to practice medicine in this state shall keep the department advised at all times of the person's correct mailing address and of the person's correct name. If the person changes the person's address or when the name of a licensee is changed by marriage or otherwise, the person shall within 30 days notify the department *electronically or* in writing of the old and new address or of the former name and new name. This information must be entered promptly by the department in the official records of the department."

Section 5. Section 37-4-101, MCA, is amended to read:

"37-4-101. Definitions — practice of dentistry. (1) Unless the context requires otherwise, in this chapter, the following definitions apply:

(a) "Board" means the board of dentistry provided for in 2-15-1732.

~~(b) "Conscious sedation" means a minimally depressed level of consciousness in which the patient breathes normally without assistance, retains protective reflexes, and responds to physical stimulation or verbal command in a manner appropriate to the patient's cognitive level. Conscious sedation is not a form of general anesthesia, and brief interludes of~~

~~unconsciousness during conscious sedation do not bring conscious sedation within the scope of general anesthesia.~~

(b) "Deep sedation" means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.

(c) "Department" means the department of labor and industry provided for in Title 2, chapter 15, part 17.

(d) "General anesthesia" means a ~~state of unconsciousness intentionally produced by anesthetic agents, with absence of pain sensation over the entire body and a greater or lesser degree of muscular relaxation. The drugs producing this state can be administered by inhalation, intravenously, intramuscularly, or via the gastrointestinal tract. General anesthesia is divided into:~~

~~(i) full general anesthesia, which means a level of consciousness in which the patient is without intact protective reflexes, is unable to maintain an airway, and is incapable of rational response to query or command; and~~

~~(ii) light general anesthesia, which means a level of consciousness in which the patient breathes normally without assistance and retains protective reflexes throughout most of the procedure.~~ drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

~~(e) (i) "General anesthetic" means any recognized anesthetic agent, sedative, hypnotic, tranquilizer, or narcotic used in sufficient prescribed dosages for the purpose of inducing general anesthesia.~~

~~(ii) The term does not include a nitrous oxide and oxygen mixture or any other anesthetic administered to produce conscious sedation.~~

(2) Except for the provisions of 37-4-104, a person is practicing dentistry under this chapter if the person:

(b) If *no signature is provided or* the election administrator is not convinced that the individual signing the application is the same person whose name appears on the registration card or agent designation form, the election administrator shall notify the elector ~~or agent, either by mail or by the most expedient method available under rules adopted by the secretary of state, and inform the elector or agent that the elector or agent may verify the signature, after proof of identification, by mail or in person at the election administrator's office prior to 8 p.m. on election day.~~

~~(4) If an election administrator cannot verify the signature, a ballot may not be provided to the elector~~ *as provided in [section 7]*.

If the elector is notified by mail, the election administrator shall provide a self-addressed return envelope along with a description of the information necessary for the absentee elector to reclassify the provisional ballot as a regular ballot~~ *as provided in [section 7]*.

~~(6) The elector may verify the signature by affirming that the signature is in fact the elector's or by completing a new registration card containing the elector's current signature or by filing a new agent designation form.~~

~~(4)~~*(3)* If the board cannot reconcile the total number of ballots with the pollbook, the board shall submit to the election administrator a written report stating how many ballots were missing or in excess and any reason of which they are aware for the discrepancy. Each judge on the board shall sign the report.

~~(5)~~*(4)* A ballot that is not marked as official is void and may not be counted unless all judges on the board agree that the marking is missing because of an error by election officials, in which case the ballot must be marked "unmarked by error" on the back and must be initialed by all judges.

~~(6)~~*(5)* If two or more ballots are folded or stuck together to look like a single ballot, they must be laid aside until the count is complete. The counting board shall compare the count with the pollbooks, and if a majority believes that the ballots folded together were voted by one elector, the ballots must be rejected and handled as provided in 13-15-108, otherwise they must be counted.

(6) Only valid absentee ballots may be counted in an election conducted under this chapter.

(b) The provisions of subsection (8)(a)(iii) do not apply if:

(i) there are multiple elections being held at the same time and the envelope contains only one ballot for each election; or

(6) If a hearing panel denies parole, it may order that the prisoner serve up to 6 years before a hearing panel conducts another hearing or review. The board shall adopt by administrative rule a process by which a prisoner may request earlier hearing or review."

The victim's statement may be kept confidential."

Section 7. Section 46-23-210, MCA, is amended to read:

"46-23-210. Medical parole. (1) The board may release on medical parole by appropriate order any person confined in a state prison *or adult community corrections facility* or any person sentenced to a state prison and confined in a prerelease center who:

(a) is not under sentence of death or sentence of life imprisonment without possibility of release;

(b) is unlikely to pose a detriment to the person, victim, or community; and

(c) (i) has a medical condition requiring extensive medical attention; or

(ii) has been determined by a physician to have a medical condition that will likely cause death within 6 months or less.

(2) A person designated ineligible for parole under 46-18-202(2) must have approval of the sentencing judge before being eligible for medical parole. *If the court does not respond within 30 days to a written request from the department, the person is considered to be approved by the court for medical parole.* The provisions of this subsection do not apply to a person who is ineligible for medical parole under subsection (1)(a).

(3) Medical parole may be requested by the board, the department, an incarcerated person, or an incarcerated person's spouse, parent, child, grandparent, or sibling by submitting a completed application to the administrator of the correctional institution in which the person is incarcerated. The application must include a detailed description of the person's proposed placement and medical care and an explanation of how the person's medical care will be financed if the person is released on medical parole. The application must include a report of an examination and written diagnosis by a physician licensed under Title 37 to practice medicine. The physician's report must include:

(c) a prognosis addressing the likelihood of the person's recovery from the medical condition or diagnosis and the extent of any potential recovery. The prognosis may include whether the person has a medical condition causing the likelihood of death within 6 months.

(4) The application must be reviewed and accepted by the department before the board may consider granting a medical parole.

(5) Upon receiving the application from the department, ~~the board~~ *a hearing panel* shall hold a hearing. Any interested person or the interested person's representative may submit written or oral statements, including written or oral statements from a victim. A victim's statement may be kept confidential.

(6) The ~~board~~ *hearing panel* shall require as a condition of medical parole that the person agree to placement in an environment approved by the department during the parole period, including but not limited to a hospital, nursing home, hospice facility, or prerelease center, to intensive supervision, to some other appropriate community corrections facility or program, or to a family home. The ~~board~~ *hearing panel* may require as a condition of parole that the person agree to periodic examinations and diagnoses at the person's expense. Reports of each examination and diagnosis must be submitted to the board and department by the examining physician. If either the board or department determines that the person's medical condition has improved to the extent that the person no longer requires extensive medical attention or is likely to pose a detriment to the person, victim, or community, ~~the board~~ *a hearing panel* may revoke the parole and return the person to the custody of the department.

(7) A grant or denial of medical parole does not affect the person's eligibility for nonmedical parole.

(9) Before July 1 of each even-numbered year, the board *and the department* shall report to the children, families, health, and human services interim committee and the law and justice interim committee regarding the outcome related to any person released on medical parole since the last report, including health care costs and payments related to the care of the person released on medical parole."

Section 8. Section 46-23-215, MCA, is amended to read:

"46-23-215. Conditions of parole. (1) A prisoner while on parole remains in the legal custody of the department but is subject to the orders of the board.

(2) When a hearing panel issues an order for parole, the order must recite the conditions of parole. If restitution was imposed as part of the sentence under 46-18-201, the order of parole must contain a condition to pay restitution to the victim. The prisoner may not be paroled until the prisoner provides a biological sample for purposes of Title 44, chapter 6, part 1, if the prisoner has not already done so under 44-6-103 and if the prisoner was convicted of, or was found under 41-5-1502 to have committed, a sexual offense or violent offense as defined in 46-23-502. An order for parole or any parole agreement signed by a prisoner may contain a clause waiving extradition.

(3) Whenever a hearing panel grants a parole to a prisoner on the condition that the prisoner obtain employment or secure suitable living arrangements or on any other condition that is difficult to fulfill while incarcerated, the hearing panel *or the presiding officer of the board or a designee* may grant the prisoner a furlough, not to exceed two *consecutive* 10-day periods, for purposes of fulfilling the condition. While on furlough, the prisoner *is not on parole and is subject to official detention as defined in 45-7-306. The prisoner* remains in the legal custody of the department and is subject to all other conditions ~~recited~~ *ordered* by the hearing panel *or the presiding officer of the board or a designee*."

(2) The legislature finds that American Indians incarcerated in state prisons constitute a disproportionate percentage of the total inmate population when compared to the American Indian population percentage of the total state population. The training of board members regarding American Indian culture and problems is necessary in order for the board to deal appropriately with American Indian inmates appearing before the board."

Section 10. Section 46-23-301, MCA, is amended to read:

"46-23-301. Cases of executive clemency — application for clemency — definitions. (1) (a) "Clemency" means kindness, mercy, or leniency that may be exercised by the governor toward a convicted person. The governor may grant clemency in the form of:

(iii) respite; or

(iv) pardon.

(b) "Pardon" means a declaration of record that an individual is to be relieved of all legal consequences of a prior conviction.

(2) A person convicted of a crime need not exhaust judicial or administrative remedies before filing an application for clemency, except that an application may not be filed with respect to a sentence of death while an automatic review proceeding is pending before the Montana supreme court under 46-18-307 through 46-18-310. The board shall consider cases of executive clemency only upon application. All applications for executive clemency must be made to the board. An application for executive clemency in capital cases may be filed with the board no later than 10 days after the district court sets a date of execution. Applications may be filed only by the person convicted of the crime, by the person's attorney acting on the person's behalf and with the person's consent, or by a court-appointed next friend, guardian, or conservator acting on the person's behalf. ~~The board~~ *After a hearing panel has considered an application for executive clemency and has by majority vote favored a hearing, the hearing panel* shall cause an investigation to be made of and base any recommendation it makes on:

(a) all the circumstances surrounding the crime for which the applicant was convicted; ~~and~~

(b) the applicant's criminal record; and

~~(b)~~*(c)* the individual circumstances relating to social conditions of the applicant prior to commission of the crime, at the time the offense was committed, and at the time of the application for clemency.

(3) ~~The board shall advise the governor and recommend action to be taken. The board~~ *A hearing panel* may recommend that clemency be granted or denied. In noncapital cases, if the ~~board~~ *hearing panel* recommends that clemency be denied, the application may not be forwarded to the governor and the governor may not take action on the case. In capital cases, the ~~board~~ *hearing panel* shall

transmit the application and either a recommendation that clemency be granted or a recommendation that clemency be denied to the governor. The governor is not bound by any recommendation of the ~~board~~ *hearing panel*, but the governor shall review the record of the hearing and the ~~board's~~ *hearing panel's* recommendation before granting or denying clemency. The governor has the final authority to grant or deny clemency in those cases forwarded to the governor. An appeal may not be taken from the governor's decision to grant or deny clemency."

(4) Except as otherwise provided by statute other than this part, a photocopy or electronically transmitted copy of an original power of attorney has the same effect as the original.

Section 6. Meaning and effect of power of attorney. The meaning and effect of a power of attorney is determined by the law of the jurisdiction indicated in the power of attorney and, in the absence of an indication of jurisdiction, by the law of the jurisdiction in which the power of attorney was executed.

Section 7. Nomination of conservator or guardian — relation of agent to court-appointed fiduciary. (1) In a power of attorney, a principal may nominate a conservator or guardian of the principal's estate or guardian of the principal's person for consideration by the court if protective proceedings for the principal's estate or person are begun after the principal executes the power of attorney. Except for good cause shown or disqualification, the court shall make its appointment in accordance with the principal's most recent nomination.

(2) If, after a principal executes a power of attorney, a court appoints a conservator or guardian of the principal's estate or other fiduciary charged with the management of some or all of the principal's property, the agent is accountable to the fiduciary as well as to the principal. The power of attorney is not terminated and the agent's authority continues unless limited, suspended, or terminated by the court.

Section 8. When power of attorney effective. (1) A power of attorney is effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(2) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(3) If a power of attorney becomes effective upon the principal's incapacity and the principal has not authorized a person to determine whether the

principal is incapacitated or the person authorized is unable or unwilling to make the determination, the power of attorney becomes effective upon a determination in a writing or other record by:

(a) a physician that the principal is incapacitated within the meaning of [section 2(5)(a)]; or

(b) an attorney at law, a judge, or an appropriate governmental official that the principal is incapacitated within the meaning of [section 2(5)(b)].

(4) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal's personal representative pursuant to the Health Insurance Portability and Accountability Act of 1996, sections 1171 through 1179 of the Social Security Act, 42 U.S.C. 1320d, et seq., and applicable regulations to obtain access to the principal's health care information and communicate with the principal's health care provider.

Section 9. Termination of power of attorney or agent's authority. (1) A power of attorney terminates when:

(a) the principal dies;

(b) the principal becomes incapacitated if the power of attorney is not durable;

(c) the principal revokes the power of attorney;

(d) the power of attorney provides that it terminates;

(e) the purpose of the power of attorney is accomplished; or

(f) the principal revokes the agent's authority or the agent dies, becomes incapacitated, or resigns and the power of attorney does not provide for another agent to act under the power of attorney.

(2) An agent's authority terminates when:

(a) the principal revokes the authority;

(b) the agent dies, becomes incapacitated, or resigns;

(c) an action is filed for the dissolution or annulment of the agent's marriage to the principal or their legal separation unless the power of attorney otherwise provides; or

(d) the power of attorney terminates.

(3) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (2), notwithstanding a lapse of time since the execution of the power of attorney.

(4) Termination of an agent's authority or of a power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(5) Incapacity of the principal of a power of attorney that is not durable does not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(6) The execution of a power of attorney does not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other powers of attorney are revoked.

Section 10. Coagents or successor agents. (1) A principal may designate two or more persons to act as coagents. Unless the power of attorney otherwise provides, each coagent may exercise its authority independently.

(2) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the power of attorney otherwise provides, a successor agent:

(a) has the same authority as that granted to the original agent; and

(b) may not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(3) Except as otherwise provided in the power of attorney and subsection (4), an agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(4) An agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken the action.

Section 11. Reimbursement and compensation of agent. Unless the power of attorney otherwise provides, an agent is entitled to reimbursement of expenses reasonably incurred on behalf of the principal and to compensation that is reasonable under the circumstances.

Section 12. Agent's acceptance. Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

Section 13. Agent's duties. (1) Notwithstanding provisions in the power of attorney, an agent that has accepted appointment shall:

(a) act in accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(b) act in good faith; and

(c) act only within the scope of authority granted in the power of attorney.

(2) Except as otherwise provided in the power of attorney, an agent that has accepted appointment shall:

(a) act loyally for the principal's benefit;

(b) act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(c) act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances;

(d) keep a record of all receipts, disbursements, and transactions made on behalf of the principal;

(e) cooperate with a person that has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal's best interest; and

(f) attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal's best interest based on all relevant factors, including:

(i) the value and nature of the principal's property;

(ii) the principal's foreseeable obligations and need for maintenance;

(iii) minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes; and

(iv) eligibility for a benefit, a program, or assistance under a statute or regulation.

(3) An agent that acts in good faith is not liable to any beneficiary of the principal's estate plan for failure to preserve the plan.

(4) An agent that acts with care, competence, and diligence for the best interest of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(5) If an agent is selected by the principal because of special skills or expertise possessed by the agent or in reliance on the agent's representation that the agent has special skills or expertise, the special skills or expertise must be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(6) Absent a breach of duty to the principal, an agent is not liable if the value of the principal's property declines.

(7) An agent that exercises authority to delegate to another person the authority granted by the principal or that engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

(8) Except as otherwise provided in the power of attorney, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. If so requested, within 30 days the agent shall comply with the request or provide a writing or other record substantiating why additional time is needed and shall comply with the request within an additional 30 days.

Section 14. Exoneration of agent. A provision in a power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision:

(1) relieves the agent of liability for breach of duty committed dishonestly, with an improper motive, or with reckless indifference to the purposes of the power of attorney or the best interest of the principal; or

(2) was inserted as a result of an abuse of a confidential or fiduciary relationship with the principal.

Section 15. Judicial relief. (1) The following persons may petition a court to construe a power of attorney or review the agent's conduct and grant appropriate relief:

(a) the principal or the agent;

(b) a guardian, conservator, or other fiduciary acting for the principal;

(c) a person authorized to make health care decisions for the principal;

(d) the principal's spouse, parent, or descendant;

(e) an individual who would qualify as a presumptive heir of the principal;

(f) a person named as a beneficiary to receive any property, benefit, or contractual right on the principal's death or as a beneficiary of a trust created by or for the principal that has a financial interest in the principal's estate;

(g) a governmental agency having regulatory authority to protect the welfare of the principal;

(h) the principal's caregiver or another person that demonstrates sufficient interest in the principal's welfare; and

(i) a person asked to accept the power of attorney.

(2) Upon motion by the principal, the court shall dismiss a petition filed under this section unless the court finds that the principal lacks capacity to revoke the agent's authority or the power of attorney.

Section 16. Agent's liability. An agent that violates this part is liable to the principal or the principal's successors in interest for the amount required to:

(1) restore the value of the principal's property to what it would have been had the violation not occurred; and

(2) reimburse the principal or the principal's successors in interest for the attorney fees and costs paid on the agent's behalf.

Section 17. Agent's resignation — notice. Unless the power of attorney provides a different method for an agent's resignation, an agent may resign by giving notice to the principal and, if the principal is incapacitated:

(1) to the conservator or guardian, if one has been appointed for the principal, and a coagent or successor agent; or

(2) if there is no person described in subsection (1), to:

(a) the principal's caregiver;

(b) another person reasonably believed by the agent to have sufficient interest in the principal's welfare; or

(c) a governmental agency having authority to protect the welfare of the principal.

Section 18. Acceptance of and reliance upon acknowledged power of attorney. (1) For purposes of [section 19] and this section, "acknowledged" means purportedly verified before a notary public or other individual authorized to take acknowledgements.

(2) A person that in good faith accepts an acknowledged power of attorney without actual knowledge that the signature is not genuine may rely upon the presumption under [section 4] that the signature is genuine.

(3) A person that in good faith accepts an acknowledged power of attorney without actual knowledge that the power of attorney is void, invalid, or terminated, that the purported agent's authority is void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority may rely upon the power of attorney as if the power of attorney were genuine, valid, and still in effect, the agent's authority were genuine, valid, and still in effect, and the agent had not exceeded and had properly exercised the authority.

(4) A person that is asked to accept an acknowledged power of attorney may request, and rely upon, without further investigation:

(5) An English translation or an opinion of counsel requested under this section must be provided at the principal's expense unless the request is made more than 7 business days after the power of attorney is presented for acceptance.

(6) For purposes of [section 19] and this section, a person that conducts activities through employees is without actual knowledge of a fact relating to a power of attorney, a principal, or an agent if the employee conducting the transaction involving the power of attorney is without actual knowledge of the fact.

(3) A person that refuses in violation of this section to accept an acknowledged power of attorney is subject to:

Section 21. Laws applicable to financial institutions and entities. This part does not supersede any other law applicable to financial institutions or other entities, and the other law controls if inconsistent with this part.

Section 22. Remedies under other law. The remedies under this part are not exclusive and do not abrogate any right or remedy under the law of this state other than this part.

Section 23. Authority that requires specific grant — grant of general authority. (1) An agent under a power of attorney may do the following on behalf of the principal or with the principal's property only if the power of attorney expressly grants the agent the authority and exercise of the authority is not otherwise prohibited by another agreement or instrument to which the authority or property is subject:

(6) Authority granted in a power of attorney is exercisable with respect to property that the principal has when the power of attorney is executed or acquires later, whether or not the property is located in this state and whether or not the authority is exercised or the power of attorney is executed in this state.

(7) An act performed by an agent pursuant to a power of attorney has the same effect and inures to the benefit of and binds the principal and the principal's successors in interest as if the principal had performed the act.

Section 24. Incorporation of authority. (1) An agent has authority described in 72-31-224 through 72-31-236, [sections 23 and 43], and this section if the power of attorney refers to general authority with respect to the descriptive term for the subjects stated in 72-31-224 through 72-31-236 and [section 43] or cites the section in which the authority is described.

If the personal representative knows that a conservator has been appointed or that a proceeding for appointment of a conservator is pending, the personal representative is authorized to distribute only to the conservator.

Unless the instrument states a time of termination, the power is exercisable notwithstanding the lapse of time since the execution of the instrument.~~

(2) If a ~~conservator~~ *guardian* is appointed for the principal, the attorney-in-fact or agent, during the continuance of the appointment, is accountable to the ~~conservator~~ *guardian* as well as the principal. Any action taken, unless otherwise invalid or unenforceable, binds the successors in interest of the principal.~~

~~(2)~~*(1)* The disability or incapacity of a principal who has previously executed a *health care* power of attorney that is not a durable *health care* power does not revoke or terminate the agency as to the attorney-in-fact or other person who, without actual knowledge of the disability or incapacity of the principal, acts in good faith under the power. ~~Any action taken, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.~~

If the exercise of the power requires execution and delivery of any instrument that is recordable, the affidavit when authenticated for record is likewise recordable.

~~(4)~~*(3)* This section does not affect any provision in a *health care* power of attorney for its termination by expiration of time or occurrence of an event other than express revocation or a change in the principal's capacity."

~~(i)~~*(j)* whether the names in question are in fair use, have been abandoned, or are parodies of other names.

(4) The secretary of state shall make a decision for one of the parties within 10 days of the hearing and may order that the contested name be changed in the records of the secretary of state and the relevant documents be amended by the secretary of state in a manner that results in a new name that is not the same as or deceptively similar to another name registered with the office of the secretary of state.

(5) The secretary of state may order that the losing party pay any attorney fees and costs incurred by the prevailing party to contest the name or by the secretary of state to administer the provisions of this section, including any hearings.

~~(5)~~*(6)* A party may appeal the decision of the secretary of state to the district court within 20 days. The district court shall consider the factual and legal issues without reference to the decision of the secretary of state.

WHEREAS, a growing number of states have adopted renewable portfolio standards requiring electricity retailers to acquire a minimum percentage of their power from renewable energy resources, and renewable energy credits are used to meet those acquisition targets; and

WHEREAS, the environmental attributes of a renewable power source reside in an unbundled renewable energy credit and associated electrons are considered generic electricity in power markets and priced accordingly; and

WHEREAS, there are no central clearinghouses and no futures market for renewable energy credits, and contracts for large volumes of renewable energy credits often contain confidentiality clauses that prohibit price disclosure for the term of the contract; and

WHEREAS, unbundled renewable energy credits sent to certain markets could depress the value of the associated electrons that remain in the region, and regional utilities could face higher costs for integrating renewable power constructed to meet certain states' increased demand for renewable energy credits; and

WHEREAS, it is in the public interest to disclose the price of renewable energy credits because it provides credibility and transparency to state-legislated policies such as renewable portfolio standards.

Be it enacted by the Legislature of the State of Montana:

Section 1. Electrical generation facilities renewable energy credit reporting. (1) (a) Except as provided in [section 2], a utility as defined in 69-5-102 operating in Montana, a competitive electricity supplier as defined in 69-3-2003, and any owner of an electrical generation facility operating in Montana that buys or sells renewable energy credits shall annually file a renewable energy credit report in accordance with this section.

(6) (a) The report required in subsection (1) must be filed with the department of revenue in a format determined by the department.

(b) A utility, a competitive electricity supplier, or an owner of an electrical generation facility that is required to file a report pursuant to subsection (1) shall provide a copy of the report to the energy and telecommunications interim committee provided for in 5-5-230. Before September 15 of the year preceding a legislative session, the energy and telecommunications interim committee shall review the reports and, if necessary, submit recommendations regarding the use of renewable energy credits in Montana to the legislature.

Section 2. Exceptions to report contents. (1) If a utility, a competitive electricity supplier, or an owner of an electrical generation facility operating in

Montana required to file the report pursuant to [section 1] buys or sells a renewable energy credit in a market where the price of a renewable energy credit is not publicly disclosed, the utility, competitive electricity supplier, or owner of an electrical generation facility operating in Montana is not required to disclose the price.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) *(a)* For ~~trailers~~ *semitrailers, travel trailers, pole trailers, trailers with a declared weight of 6,000 pounds or more,* and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(b) For motorcycles and quadricycles, plates must be of metal 4 inches wide and 7 inches in length.

(c) The department shall issue plates that are 4 inches wide and 7 inches in length for trailers with a declared weight of less than 6,000 pounds unless a person registering a trailer with a declared weight of less than 6,000 pounds requests plates that are 6 inches wide and 12 inches in length. A person registering a trailer shall pay all applicable fees for the plates chosen.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor

vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

(5) A corporation, an individual, a small business corporation, a partnership, a limited liability partnership, or a limited liability company qualifies for the credit under this section. If the credit is claimed by a small business corporation, a partnership, a limited liability partnership, or a limited liability company, the credit must be attributed to the individual shareholders, partners, members, or managers in the same proportion used to report income or loss for state tax purposes. The allocations in 26 U.S.C. 41(f) do not apply to this section.

(6) For purposes of calculating the credit, the following definitions apply:

(a) "Gross receipts" means:

(i) for a corporation that has income from business activity that is taxable only within the state, all gross sales less returns of the corporation for the tax year; and

(ii) for a corporation that has income from business activity that is taxable both within and outside of the state, only the gross sales less returns of the corporation apportioned to Montana for the tax year.

(7) The department shall adopt rules, prepare forms, maintain records, and perform other duties necessary to implement this section. In adopting rules to implement this section, the department shall conform the rules to regulations prescribed by the secretary of the treasury under 26 U.S.C. 41 except to the extent that the regulations need to be modified to conform to this section."

(ii) employer contributions, penalty, and interest owed to the unemployment trust fund that the department determines are attributable to fraud and that have remained uncollected for not more than 10 years.

(8) If, upon demand of the department, the claimant fails to make the payments provided for in this section, the unpaid benefit overpayment and associated penalty may be treated as a judgment against the claimant at the time the payments become due. The department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the claimant. The department may enforce the judgment at any time within 10 years of creation of the lien.

(9) The department may waive the benefit overpayment if the department finds that:

(a) the claimant did not conceal or misrepresent material facts to obtain the overpaid benefits and that recovery of the benefit overpayment would cause a long-term financial hardship on the claimant; or

(b) the overpayment was the result of department error.

(10) An action for collection of overpaid benefits must be brought within 5 years after the date of the overpayment.

(11) Notwithstanding any other provision of this chapter, the department may recover an overpayment of benefits paid to any individual under the laws of this state or another state or under an unemployment benefit program of the United States."

Section 11. Section 53-20-221, MCA, is amended to read:

A qualified medicaid provider who passes through payment may not be considered an employer by the department for the purposes of workers' compensation, unemployment insurance, or wage and hour requirements.

(2) The department, through administrative rule, waiver of a state or federal program providing payment for respite care, or a pilot program, may not require a qualified medicaid provider to assume employer responsibilities or liabilities if the family chooses to negotiate the respite care agreement and the qualified provider does not:

(b) direct the respite care provided by the person.

(3) (a) The department may provide an option to families to choose self-directed care.

(b) The department shall continue to provide families the choice of negotiating respite care by using a local qualified medicaid provider to provide pass-through payment and benefiting from the exemptions provided under 39-3-406~~(1)(p)~~, 39-51-204~~(1)(y)~~, and 39-71-402~~(2)(u)~~."

[HB 171]

AN ACT REVISING LAWS RELATED TO LICENSE PLATE SIZES; DESIGNATING SMALL LICENSE PLATES AS THE DEFAULT SIZE FOR A TRAILER WITH A DECLARED WEIGHT OF LESS THAN 6,000 POUNDS; ALLOWING A PERSON REGISTERING A TRAILER WITH A DECLARED WEIGHT OF LESS THAN 6,000 POUNDS TO CHOOSE LARGE LICENSE PLATES; AMENDING SECTION 61-3-332, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) Beginning January 1, 2010, and every 5 years after that date, the department shall design standard license plates to replace previously issued standard license plates. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.

(ii) License plates issued on or after January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic speciality license plate if, upon renewal of registration under ~~61-3-332~~ *this section*, the license plates are 5 or more years old or will become older than 5 years during the registration period.

(iii) License plates issued on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate in accordance with the implementation schedule adopted by the department under 61-3-315. Until

January 1, 2015, and upon payment of the fee required in 61-3-321(12)(b), a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) *(a)* ~~For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate.~~ All license plates must be *metal and* treated with a reflectorized background material according to specifications prescribed by the department. *The word "Montana" must be placed on each license plate and the outline of the state of Montana must be used as a distinctive border on each standard license plate.*

(b) Plates for semitrailers, travel trailers, pole trailers, trailers with a declared weight of 6,000 pounds or more, and motor vehicles, other than motorcycles and quadricycles, must be 6 inches wide and 12 inches in length.

(c) Plates for motorcycles and quadricycles must be 4 inches wide and 7 inches in length.

(d) The department shall issue plates that are 4 inches wide and 7 inches in length for trailers with a declared weight of less than 6,000 pounds unless a person registering a trailer with a declared weight of less than 6,000 pounds requests plates that are 6 inches wide and 12 inches in length. A person registering a trailer shall pay all applicable fees for the plates chosen.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the

markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the

The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(b) If the county grants a tax abatement for production from a new or expanding underground mine as provided in 15-23-715, the department shall levy a tax at a rate that would, after providing for payment to the state of the amount attributable to all applicable state mill levies as if the tax rate were 5%, reduce the tax received by county taxing jurisdictions and any school district on the new or expanded production by 50%.

(2) For ~~county classification and~~ all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

(3) (a) Except as provided in subsections (4) and (7) and subject to subsection (3)(b), coal gross proceeds taxes must be allocated to the state, county, and school districts in the same relative proportions as the taxes were distributed in fiscal year 1990.

(b) The county treasurer shall multiply the coal gross proceeds taxes collected in the county under this part by the relative proportions determined for the state, county, and school districts under subsection (3)(a). Those amounts must be distributed as follows:

(i) the state share must be distributed in the relative proportions required by levies for state purposes in the same manner as property taxes were distributed in fiscal year 1990;

(ii) except as provided in subsection (5), the county share must be distributed in the relative proportions required by levies for county purposes, other than an elementary school or high school, in the same manner as property taxes were distributed in the previous fiscal year;

(iii) except as provided in subsection (6), the school districts' share must be distributed in the relative proportions required by levies for school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(4) If there is a distribution of coal gross proceeds from a new or expanding underground mine with a tax abatement as provided under 15-23-715, the county treasurer shall distribute:

(a) the state's share of the coal gross proceeds determined under subsection (1)(b) in the relative proportion required by the appropriate levies for state purposes; and

(b) the county's share and any school district's share of the coal gross proceeds determined under subsection (1)(b) as provided in this section.

(5) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (3)(b)(i), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in the previous fiscal year.

(b) If the allocation in subsection (5)(a) exceeds the total budget of a taxing unit, the commissioners may direct the county treasurer to reallocate the excess to any taxing unit within the county.

(6) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in the previous fiscal year.

(b) If the allocation under subsection (6)(a) exceeds the total budget for a fund, the trustees may reallocate the excess to any budgeted fund of the school district.

(7) Except as provided in subsections (8) and (9), the county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(8) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds under subsection (7) in the same manner as provided in subsection (5).

(9) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county

treasurer under subsection (7) in the same manner as provided in subsection (6)."

Section 26. Section 15-24-3001, MCA, is amended to read:

"15-24-3001. Electrical generation and transmission facility exemption — definitions. (1) (a) Except as provided in subsections (1)(b) and (3), an electrical generation facility and related delivery facilities constructed in the state of Montana after May 5, 2001, and before January 1, 2006, may be exempt from property taxation for a 10-year period beginning on the date that an owner or operator of an electrical generation facility and related delivery facilities commences to construct the facility as defined in 75-20-104(6)(a) and (6)(b). In order to be exempt from property taxation, an owner and operator of an electrical generation facility and related delivery facilities shall offer contracts to sell 50% of that facility's net generating output at a cost-based rate, which includes a rate of return not to exceed 12%, to customers for a 20-year period from the date of the facility's completion.

(b) The property tax exemption allowed under subsection (1)(a) is limited to a 5-year period for generation facilities powered by oil or gas turbines.

(2) To the extent that 50% of the net generating output of the facility is not contracted for delivery to consumers for a contract term extending 5 years to 20 years from the completion of the facility, as determined by the owner, surplus capacity must be offered on a declining contract term basis for the remainder of the contract period at a cost-based rate that includes a rate of return not to exceed 12%. Surplus capacity that is not contracted for in this fashion may be sold at market rates.

(3) (a) Except as provided in subsection (3)(c), if an owner or operator of property exempt from taxation under subsection (1)(a) signs a contract to sell power as required in subsection (1) and then fails to perform the contract during the first 10-year period, the 10-year property tax exemption in subsection (1) is void and the property is subject to a rollback tax as provided in 15-24-3002.

(b) Except as provided in subsection (3)(c), if an owner or operator of property exempt from taxation under subsection (1)(b) signs a contract to sell power as required in subsection (1) and then fails to perform the contract during the first 5-year period, the 5-year property tax exemption in subsection (1) is void and the property is subject to a rollback tax as provided in 15-24-3002.

(c) If an owner or operator fails to perform the contract due to earthquakes or other acts of God, theft, sabotage, acts of war, other social instabilities, or equipment failure, the property tax exemption in subsection (1)(a) or (1)(b) is not void and the owner or operator is not subject to the rollback tax as provided in 15-24-3002.

(4) For the purposes of this section, the following definitions apply:

(a) (i) "Electrical generation facility" means any combination of a physically connected generator or generators, associated prime movers, and other associated property, including appurtenant land and improvements and personal property, that are normally operated together to produce 20 average megawatts or more of electric power. The term is limited to generating facilities that produce electricity from coal-fired steam turbines, oil or gas turbines, or turbine generators that are driven by falling water.

(ii) The term does not include:

(A) electrical generation facilities used for noncommercial purposes or exclusively for agricultural purposes; or

(B) a qualifying small power production facility, as that term is defined in 16 U.S.C. 796(17), that is owned and operated by a person not primarily engaged in the generation or sale of electricity other than electric power from a small power production facility and that is classified under 15-6-134 and 15-6-138.

(b) "Related delivery facilities" means transmission facilities necessary to deliver the energy from the electrical generation facility to the existing network transmission system.

(c) "Surplus capacity" means that portion of the 50% of net generating output not contracted for use.

(5) The department shall appraise exempt electrical generation facilities for each year that the property is exempt and determine the taxable value of the property as if it were subject to property taxation. ~~The taxable value determined by the department must be included as taxable valuation for the purposes of county classification under 7-1-2111.~~"

CHAPTER NO. 131

[HB 298]

AN ACT PROVIDING A DEFINITION OF "STEERING AXLE" FOR THE PURPOSES OF GROSS VEHICLE WEIGHT REQUIREMENTS; AND AMENDING SECTION 61-10-104, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-104, MCA, is amended to read:

"61-10-104. Length — definitions. (1) A single truck, bus, or self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of 55 feet.

(2) (a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28 1/2 feet each in length or 61 feet in combined trailer length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to a combination length limit.

(b) A stinger-steered automobile or boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang, except as provided by 61-10-124. "Stinger-steered automobile or boat transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles or assembled boats or boat hulls.

(c) All other combinations of vehicles may not have a combination length in excess of 75 feet, except as provided by 61-10-124. If the combination consists of more than two units, the rear units of the combination must be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it by the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), and this combination may not have a combination length in excess of 75 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturer's rated capacity" may not tow more than one trailer or semitrailer, and this combination may not have a length in excess of 65 feet.

(5) (a) The length of a vehicle combination consisting of a truck or truck tractor and one pole trailer or semitrailer hauling raw logs may not exceed 75 feet in overall length. As used in this subsection (5)(a), the term "length" means the total length of the vehicle combination beginning at the front of the front bumper of the truck or truck tractor and extending to the most distant end of the logs being hauled. A term permit for an overlength vehicle combination, as provided in 61-10-124(2), does not apply to the vehicle combination described in this subsection (5)(a). A vehicle combination exceeding 75 feet must have a trip permit.

(b) The maximum overhang of any log may not exceed 15 feet, except by special, single-trip permit. Overhang is measured from the center of the rear-most axle to the most distant end of the logs being hauled.

(c) The provisions in subsections (5)(a) and (5)(b) do not apply to a vehicle combination hauling utility poles.

(6) As used in this chapter, the following definitions apply:

(a) "Axle" means a transverse beam that is the common axis of rotation of one or more wheels and that, to receive credit for allowable total gross loading, must be capable of continuously transmitting a proportionate share of the total gross load to the roadway when the axle is in operation.

(b) "Combination length" means the total length of a combination of vehicles, such as a truck tractor-semitrailer-trailer combination, measured from the front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer, including the connection tongues.

(c) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

(d) "Length", except as provided in subsection (5)(a), means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastening devices, and hydraulic lift gates.

(e) "Rocky Mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer.

(f) "Steering axle" means an axle that pivots at the hub to allow the wheel to follow the travel of the vehicle. A steering axle is capable of being steered but need not always be connected to a steering wheel."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-103, MCA, is amended to read:

"77-2-103. Processing of application. (1) Upon the filing of an application and plats, the department shall, whenever it considers it necessary, examine the proposed right-of-way and report its findings to the board. The board shall consider the application and report and take any action it considers proper, including the fixing of compensation and damages to be paid to the state.

The compensation must be the full market value of the estate or interest disposed of through the granting of the right-of-way easement, and the damages must be the actual damages resulting to the remaining land as nearly as they can be ascertained. If the right-of-way is granted according to the plat, the plat is the official plat of the right-of-way and must be retained in the office of the department.

(2) If the state land over or through which a right-of-way is applied for is under certificate of purchase or sales contract, the purchaser or the purchaser's assignee must be made a party to the proceedings and the purchaser's or assignee's consent in writing to the laying out and establishment of the proposed highway, street, or other easement and to the amount of compensation and damages to be paid must be filed with the board before the right-of-way is granted. The board is the judge of how much compensation and damages must be paid to the state and applied on the certificate of purchase or sales contract and of how much, if any, must be paid to the purchaser, as the circumstances in each individual case warrant. This subsection applies to all grants of rights-of-way on state lands.

(3) If the purpose of the right-of-way applied for is a regional water authority provided for in Title 75, chapter 6, part 3, the provisions of 77-2-351 related to public entities apply."

Section 2. Section 77-2-351, MCA, is amended to read:

"77-2-351. Sale to or exchange of property with public entity. Notwithstanding any other section in this chapter, any lands may be sold to or exchanged for other land or for other consideration with another public entity on terms and in a manner that the board, after consultation with the appropriate legislative committee, may determine to be in the state's best interest, subject to The Enabling Act and constitutional restrictions. In the case of land that is not granted to or held by the state in trust for the support of the common schools, for a state institution, or for another specific purpose, the board may accept as partial or total consideration for the transfer of the land a binding commitment by the transferee to use the property to provide a community service or a benefit that fulfills a public purpose. The sale or exchange of the property may not be finally concluded until 60 days' public notice of the terms of the proposed sale or exchange has been given. As used in this section, "public entity" means any county, city, municipal corporation, school district, *regional water authority provided for in Title 75, chapter 6, part 3,* or special improvement or taxing district."

AN ACT REVISING WEIGHT REQUIREMENTS FOR WEIGH STATIONS; AND AMENDING SECTION 61-10-141, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-141, MCA, is amended to read:

"61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — definition. (1) (a) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles, travel trailers, or motor homes, by

means of either portable scales used on an engineered site or stationary scales. The peace officer, officer of the highway patrol, or employee of the department of transportation may require that the vehicle be driven to the nearest stationary scales or engineered site for use of portable scales if those stationary scales or an engineered site is within 2 miles.

(b) If it is determined in the weighing process that the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 have been exceeded, the peace officer, officer of the highway patrol, or employee of the department of transportation may then require the driver to unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require *all trucks and commercial motor* vehicles~~, except passenger cars and pickup trucks under 14,000 pounds GVW and recreational vehicles that are not new or used recreational vehicles traveling into or through Montana for delivery to a distributor or a dealer~~, *of 26,000 pounds GVW or greater* to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews when the portable scales are used on an engineered site.

(4) For the purposes of this section, "engineered site" means:

(a) a turnout designed and constructed by the department of transportation that has indents in the pavement to level portable scales; or

(b) a site where leveling pads can be used in strict accordance with all of the manufacturer's manuals and specifications."

[HB 523]

AN ACT GENERALLY REVISING THE MONTANA PROFESSIONAL TOW TRUCK ACT; REQUIRING A LETTER OF APPOINTMENT TO PARTICIPATE IN THE LAW ENFORCEMENT ROTATION SYSTEM; PROVIDING REQUIREMENTS FOR A TOW TRUCK OPERATOR TO RECEIVE A LETTER OF APPOINTMENT; REVISING EXISTING DEPARTMENT RULEMAKING AUTHORITY; AND AMENDING SECTIONS 61-8-903, 61-8-904, AND 61-8-908, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Letter of appointment — requirements. (1) A commercial tow truck operator may not participate in the law enforcement rotation system provided for in 61-8-908 without a letter of appointment from the department.

(2) The department may assign a letter of appointment to a commercial tow truck operator if the operator meets the following requirements:

(a) Each towing business must be operated independently. One company cannot be dependent on another for any required operation.

(b) If the operator owns more than one towing business, each business must have a different identifiable name, address, and telephone number that is answered at the business location during normal business hours. An after-hours central dispatch center may receive calls for multiple businesses if the dispatch center is capable of acknowledging each individual call by the applicable company name.

(c) The operator shall provide adequate staffing for each business with personnel who are present at the business location to answer all incoming calls and who are able to release impounded vehicles from 8 a.m. to 5 p.m., Monday through Friday, except for state-recognized holidays. In addition, each business location must be staffed by a sufficient number of drivers for a 24-hour a day operation.

(d) There must be adequate equipment for each company to operate independently. Tow trucks may only be used for the company for which they are registered and within the rotation area for which they are approved by the department unless otherwise specifically provided for by the department.

(e) The operator must have a business location with its own outside entrance, or if a building has one main entrance, the location must have doors clearly marking and separating each business with a sign at the front door and a sign plainly visible from the street indicating the company's name, telephone number, and office hours. Separate businesses in the same rotation area may be housed in one building, but there must be a solid wall from floor to ceiling to separate each business.

(f) Each company shall maintain its own set of required records and books, including but not limited to a vehicle transaction file and billing invoices at its business location. If there is a corporate accountant or bookkeeper for more than one company, all records and files for each company that are required to be maintained at the business location must be maintained separately.

(g) The operator must have impound and storage areas at the business location and in the operator's assigned rotation area that meet the requirements of 61-8-906(3).

(h) The operator shall maintain at least one truck meeting the minimum classification standards set out in 61-8-905.

(3) A qualified tow truck operator may have only one letter of appointment for a business location in a single rotation area. A request for an additional letter of appointment must be for a complete and separate business location that is capable of operating independently within the same or another rotation area and that meets the requirements of subsection (2).

(4) Each letter of appointment must specify the rotation area to which the qualified tow truck operator is assigned.

(5) A commercial tow truck operator may petition the department in writing for a waiver of one or more of the requirements of subsection (2). Except as provided in subsection (6), the department may grant a waiver if it finds that:

(a) the towing service otherwise available within the rotation area is inadequate to meet the needs of the public;

(b) the request has the highway patrol district commander's approval; and

(c) the petition is otherwise reasonable.

(6) In the event a commercial tow truck operator meets all the requirements of this section and receives a letter of appointment in the same rotation area as a qualified tow truck operator that had earlier been granted a waiver pursuant to subsection (5), the department shall rescind the waiver.

(7) A letter of appointment must be issued in the name of the applicant and is not transferable to any other person or business.

(8) A letter of appointment is valid until suspended, superseded, or revoked by the department.

Section 2. Section 61-8-903, MCA, is amended to read:

AN ACT CLARIFYING LAWS RELATED TO THE DISPOSITION OF STATE-OWNED WATER PROJECTS BY THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; DIRECTING THE DEPARTMENT TO ATTEMPT TO DISPOSE OF THE CATARACT DAM PROJECT; AMENDING SECTION 85-1-211, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Cataract Creek Dam water project is a state water project operated by the Department of Natural Resources and Conservation as successor to the project originally constructed by and through the Montana State Water Conservation Board; and

WHEREAS, the State of Montana in the 1990s authorized the Department of Natural Resources and Conservation to transfer and dispose of components of various state water projects throughout Montana to water user associations interested in taking over the components of the projects; and

WHEREAS, the Cataract Creek Dam project was constructed in the 1950s by the State Water Conservation Board to supply water to irrigators below the dam and resulted in the Cataract Water Users Association being formed to contract with the Department to market and distribute the project's water; and

WHEREAS, the project has never been identified in previous disposal efforts as a project that could be disposed of to the users of the system; and

WHEREAS, the Cataract Water Users Association has expressed interest in taking over the project from the Department, if economically feasible, to own and operate the system, to make necessary repairs and improvements to the project so that water from the system could be used for the benefit of the users, and to address shortcomings with the project that have not been addressed by the state over the years during which the project has been owned by the Department or its predecessor.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-1-211, MCA, is amended to read:

"85-1-211. Management of property — water contracts. (1) Subject to this chapter, the department may fix and establish the prices, rates, and charges at which the resources and facilities made available under this chapter may be sold and disposed of and enter into contracts and agreements and do those things that in its judgment are necessary, convenient, or expedient for the accomplishment of the purposes and objects of this chapter, under general rules and upon terms, limitations, and conditions as it prescribes.

(2) The department shall enter into the contracts and fix and establish the prices, rates, and charges to provide at all times funds that are sufficient to pay all costs of operation and maintenance of the works authorized by this chapter, together with necessary repairs to the works, and that will provide at all times sufficient funds to meet and pay the principal and interest of all bonds or loans as they severally become due and payable.

(3) This chapter does not authorize any change, alteration, or revision of the rates, prices, or charges as established by a contract entered into under this chapter except as provided by the contract.

(4) A contract made by the department for the sale of water, use of water, water storage, or other service or for the sale of property or facilities must provide that, in the event of a failure or default in the payment of money specified in the contract to be paid to the department, the department may, upon notice as is prescribed in the contract, terminate the contract and all obligations under the contract. The act of the department in ceasing on default to furnish or deliver water, use of water, water storage, or other service under the contract does not deprive the department of or limit a remedy provided by the contract or by law for the recovery of money due or that may become due under the contract.

(5) *(a)* The department may sell, transfer to water users' associations, abandon, lease or rent, or otherwise dispose of any rights-of-way, easements, properties, or interests or otherwise take and receive the income or profit and revenue from property without regard to other laws providing for the disposition of state property. Except for a water project for which no water management contracts are managed by the department and for which no money is collected by the department, prior to the department's sale, transfer, or other disposition, a determination must be made by the department as to the market value of the rights-of-way, easements, properties, or interests to be sold, transferred, abandoned, or otherwise disposed of. The department's determination of market value must consider all liens, encumbrances, and other limitations on the project properties or interests. In the disposal of a project, the department shall comply with the provisions of 85-6-109 and shall give purchase preference to existing water users' associations operating and maintaining the project proposed for disposal.

(b) Subject to the provisions of subsection (5)(a) the department shall attempt to dispose of the Cataract Creek Dam project by June 30, 2013.

(6) An employee or agent of the department authorized by the director may enter upon any land to carry out the purposes of this section, including but not limited to entry to make an inspection of the project that the department considers necessary, entry to salvage or remove project property, and entry to make physical alterations to project property. The department shall give reasonable notice to the landowner of its intention to enter upon the land. The department is responsible for actual damages done to property."

Section 2. Effective date. [This act] is effective on passage and approval.

Except as provided in subsection (2), a separate operating permit is required for each complex.

(2) (a) A person who engages in the mining of rock products or a landowner who allows another person to engage in the mining of rock products from the landowner's land may obtain an operating permit for multiple sites if each of the multiple sites does not:

(3) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation where the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of.

(4) *(a)* Prior to receiving an operating permit from the department, a person shall pay the basic permit fee of $500. The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The board may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(b) (i) Subject to subsection (4)(b)(ii), a contractor shall, at the request of the applicant, directly submit invoices of contractor expenses to the applicant.

(ii) A contractor's work is assigned, reviewed, accepted, or rejected by the department pursuant to this section.

(f) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the land within the permit area and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the permit area, provided that the department is not required to verify this information;

(g) the names and addresses of the present owners of record and any purchasers under contracts for deed of all minerals in the land within the permit area, provided that the department is not required to verify this information;

(h) the source of the applicant's legal right to mine the mineral on the land affected by the permit, provided that the department is not required to verify this information;

(i) the types of access roads to be built and manner of reclamation of road sites on abandonment;

(j) a plan that will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(o) an assessment of the potential for the postmining use of mine-related facilities for other industrial purposes, including evidence of consultation with the county commission of the county or counties where the mine or mine-related facilities will be located.

(6) Except as provided in subsection (8), the permit provided for in subsection (1) for a large-scale mineral development, as defined in 90-6-302, must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the

hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the department, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(7) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the department with proof that the permittee has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that the permittee has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the department that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the department shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

(8) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(9) A person may not be issued an operating permit if:

(a) that person's failure, or the failure of any firm or business association of which that person was a principal or controlling member, to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in either the receipt of bond proceeds by the department or the completion of reclamation by the person's surety or by the department, unless that person meets the conditions described in 82-4-360;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305; or

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(10) A person may not be issued a permit under this part unless, at the time of submission of a bond, the person provides the current information required in subsection (5)(a) and:

CHAPTER NO. 150

[HB 110]

AN ACT GENERALLY REVISING WORKERS' COMPENSATION STATUTES; REQUIRING WORKERS' COMPENSATION INSURERS AND THEIR AGENTS TO PAY MEDICAL PROVIDERS ON A TIMELY AND APPROPRIATE BASIS AND PROVIDING PENALTIES ON THE INSURER FOR FAILURE TO DO SO; CLARIFYING THE GROUNDS ON WHICH AN INDEPENDENT CONTRACTOR EXEMPTION CERTIFICATE MAY BE REVOKED; CLARIFYING THAT INTEREST ON A SECURITY DEPOSIT ACCRUES TO THE INSURER; AMENDING SECTIONS 39-71-107, 39-71-418, AND 39-71-2215, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-107, MCA, is amended to read:

"39-71-107. Insurers to act promptly on claims — in-state claims examiners — *third-party agents* — *penalties.* (1) Pursuant to the public policy stated in 39-71-105, prompt claims handling practices are necessary to provide appropriate service to injured workers, to employers, and to providers who are the customers of the workers' compensation system.

(2) All workers' compensation and occupational disease claims filed pursuant to the Workers' Compensation Act must be examined by a claims examiner in Montana. For a claim to be considered as examined by a claims examiner in Montana, the claims examiner examining the claim is required to determine the entitlement to benefits, authorize payment of all benefits due, manage the claim, have authority to settle the claim, maintain an office located in Montana, and examine Montana claims from that office. Use of a mailbox or maildrop in Montana does not constitute maintaining an office in Montana.

(3) An insurer shall maintain the documents related to each claim filed with the insurer under the Workers' Compensation Act at the Montana office of the claims examiner examining the claim in Montana until the claim is settled. The documents may be either original documents or duplicates of the original documents and must be maintained in a manner that allows the documents to be retrieved from that office and copied at the request of the claimant or the department. Settled claim files stored outside of the claims examiner's office must be made available within 48 hours of a request for the file. Electronic or optically imaged documents are permitted.

(4) (a) An insurer that uses a third-party agent to provide the insurer with claim examination services shall notify the department in writing of a change of a third-party agent at least 14 days in advance of the change.

(b) The department may assess a penalty not to exceed $200 against an insurer that does not comply with the advance notice provision in subsection (4)(a). The penalty may be assessed for each failure by an insurer to give the required advance notice.

(5) (a) Except for those medical benefits provided by a managed care organization or a preferred provider organization in Title 39, chapter 71, part 11, or paid pursuant to 39-71-704(4), an insurer that uses a third-party agent to review medical bills shall, when first using the agent's services and annually in subsequent years, obtain written certification from the agent that, for each bill the agent reviews, the agent agrees to calculate the payment due based on the Montana workers' compensation medical fee schedules, provided for under 39-71-704, that were in effect on the date the service was provided.

(b) Except for those medical benefits provided by a managed care organization or a preferred provider organization in Title 39, chapter 71, part 11, or paid pursuant to 39-71-704(4), an insurer whose agent neglects or fails to use the proper fee schedule may be assessed a penalty of not less than $200 or more than $1,000 for each bill that its agent reviews under a fee schedule other than the proper Montana fee schedule.

(c) An insurer that without good cause neglects or fails to pay undisputed medical bills on an accepted liability claim within 60 days of receipt of the bill may be assessed a penalty of not less than $200 or more than $1,000 for each bill that is the subject of a delay as provided in this subsection (5)(c).

~~(5)~~*(6)* An insurer shall provide to the claimant:

(a) a written statement of the reasons that a claim is being denied at the time of denial;

(b) whenever benefits are denied to a claimant, a written explanation of how the claimant may appeal an insurer's decision; and

(c) a written explanation of the amount of wage-loss benefits being paid to the claimant, along with an explanation of the calculation used to compute those benefits. The explanation must be sent within 7 days of the initial payment of the benefit.

~~(6)~~*(7)* An insurer shall:

(a) begin making payments that are due on a claim within 14 days of acceptance of the claim, unless the insurer promptly notifies the claimant that the insurer needs additional information in order to begin paying benefits and specifies the information needed; and

(b) pay settlements within 30 days of the date the department issues an order approving the settlement.

(8) An insurer may contest a penalty assessed pursuant to subsection (4) or (5) in a hearing conducted according to department rules. A party may appeal the final agency order to the workers' compensation court. The court shall review the order pursuant to the requirements of 2-4-704.

~~(7)~~*(9)* The department may adopt rules to implement this section.

~~(8)~~*(10)* (a) For *the* purposes of this section, "settled claim" means a department-approved or court-ordered compromise of benefits between a claimant and an insurer or a claim that was paid in full.

(b) The term does not include a claim in which there has been only a lump-sum advance of benefits."

Section 2. Section 39-71-418, MCA, is amended to read:

"39-71-418. Suspension or revocation of independent contractor exemption certificate. (1) The department may suspend an independent contractor exemption certificate for a specific business relationship if the department determines that the employing unit exerts or retains a right of control to a degree that causes a certificate holder to violate the provisions of 39-71-417(4).

(2) The department may revoke an independent contractor exemption certificate after determining that the certificate holder:

(a) ~~provided~~ *made* misrepresentations in the application affidavit or certificate renewal form;

(b) altered or amended the application form, the renewal application form, other supporting documentation required by the department, or the independent contractor exemption certificate; ~~or~~

(c) failed to cooperate with the department in providing information relevant to the continued validity of the holder's certificate*; or*

(d) does not have an independently established business as required by 39-71-417(4).

(3) A decision by the department to suspend or revoke an independent contractor exemption certificate takes effect upon issuance of the decision. Suspension or revocation of the independent contractor exemption certificate does not invalidate the certificate holder's waiver of the rights and benefits of the Workers' Compensation Act for the period prior to notice to the hiring agent by the department of the department's decision to suspend or revoke the independent contractor exemption certificate.

(4) A decision by the department's independent contractor central unit to suspend or revoke an independent contractor exemption certificate may be contested in the same manner as provided in 39-71-415(2)."

Section 3. Section 39-71-2215, MCA, is amended to read:

"39-71-2215. Security deposit to ensure payment of liability of plan No. 2 insurer. (1) Except as provided in subsection (7), a plan No. 2 insurer issuing or renewing a policy on or after January 1, 2008, shall post a security deposit with the department as provided by this section. The purpose of the security deposit is to provide a ready source of funds to pay claims arising under this chapter if the plan No. 2 insurer:

(a) becomes insolvent;

(b) is placed in receivership;

(c) declares bankruptcy;

(d) seeks protection from its creditors; or

(e) is otherwise unwilling or unable to pay its liabilities arising under this chapter.

(2) The amount of the security deposit, which is subject to the discretion of the department, must be in an amount from $25,000 to $250,000. The security deposit must be posted in the form of:

(a) a certificate of deposit;

(b) a United States treasury note; or

(c) an irrevocable letter of credit.

(3) If a plan No. 2 insurer fails to discharge any determined liability within the time set by the department, the department may convert the security deposit to cash and use the proceeds to pay the liability. Upon the conversion, the plan No. 2 insurer shall immediately furnish additional security to the department in an amount determined by the department to provide reasonable assurance that all current and future liabilities incurred by the plan No. 2 insurer as a result of the coverage provided under this chapter can be fully paid.

(4) (a) The security deposit required by this section is the property of the department and is held in trust by the department for the payment of the liabilities of the plan No. 2 insurer incurred under this chapter.

(b) Any earnings made by the security deposit accrue to the ~~security deposit~~ *insurer*.

(c) Upon proof of final payment of all liabilities incurred under this chapter, the unexpended portion of the security deposit must be discharged and any proceeds remaining are payable to the plan No. 2 insurer.

(5) In the event of the insolvency of a plan No. 2 insurer, the department may, in its discretion, release part or all of the security deposit to the Montana insurance guaranty association, provided for in 33-10-103, for payment of the plan No. 2 insurer's Montana workers' compensation claims if:

(a) the plan No. 2 insurer has been determined to be insolvent by a court of competent jurisdiction or is the debtor in a bankruptcy proceeding;

(b) the plan No. 2 insurer is unable to pay its workers' compensation claims; and

(c) the plan No. 2 insurer's Montana workers' compensation liabilities have become the responsibility of the Montana insurance guaranty association.

(6) The department is authorized to share information and coordinate its actions with the Montana insurance commissioner and other appropriate regulatory agencies with respect to actions taken pursuant to this section.

(7) A captive reciprocal insurer specified in 39-71-2201 is not subject to this section."
